## EXECUTIVE SUMMARY

1. The State Government of Maharashtra sought ADB funding to support High Voltage Distribution System (HVDS) in rural areas for agriculture supply. The loan was signed on 19 October 2020 (Loan 3917-IND) and it became effective on 11 December 2020. The Program is financing a portion of distribution planning development for Maharashtra using the results-based lending (RBL) modality of ADB. This monitoring report has been prepared for loan disbursements for project components under Disbursement Link Indicators (DLIs) 4, 5 and 6 for period between 01 July 2022 and 31 December 2022. The summary of project activities and monitoring indicators are given in below Table.

### Summary Project Activities

<b>Project Name</b>									
Executing Agency	Energy Department, Government of Maharashtra, Maharashtra State Electricity Distribution Company Limited								
Implementing Agency	Maharashtra State Electricity Distribution Company Limited								
Safeguards Categorization	Environment- Category "B" Involuntary Resettlement- Category "B" Indigenous Peoples – Category "C"								
Safeguards Documentation	PSSA								
Project Stage Obtained	O&M								
Detailed Design Required Post-Approval	No								
Contract(s) Awarded	Yes								
Bidding Document(s) Include EMP Cleared by ADB	EMP as in ADB Cleared PSSA has been made a part of All existing Contracts of HVDS vide MSEDCLs Circular no. 2180 dated 28.01.2022) Circular Attached as Appendix-1								
Contract(s) Awarded Include EMP Cleared by ADB	EMP as in ADB Cleared PSSA has been made a part of All existing Contracts of HVDS vide MSEDCLs Circular no. 2180 dated 28.01.2022) Circular Attached as Appendix-1								
National Environment, Health and Safety Clearance(s) Obtained	NA								
Contractor(s) Given Access to Site	Yes.								
Construction Progress (%)	<table border="1" style="width: 100%; text-align: center;"> <thead> <tr> <th>DLI</th> <th>Percentage work completed till December 2022</th> </tr> </thead> <tbody> <tr> <td>DLI-4</td> <td>74</td> </tr> <tr> <td>DLI-5</td> <td>55</td> </tr> <tr> <td>DLI-6</td> <td>60</td> </tr> </tbody> </table>	DLI	Percentage work completed till December 2022	DLI-4	74	DLI-5	55	DLI-6	60
DLI	Percentage work completed till December 2022								
DLI-4	74								
DLI-5	55								
DLI-6	60								
Unanticipated Impacts including Change of Scope or Design	No								
Number of Site Inspections and Audits Undertaken by Environment Safeguards Staff in Reporting Period	17 substations, HT lines and agricultural DTR								
Corrective Action Required from Previous Reporting Period	Yes								

Outstanding Corrective Action this Reporting Period	No
Non-Compliances Recorded this Reporting Period	No
Corrective Action Required	No
Number of Health and Safety Incidents	Nil
GRM Functional	Yes MSEDCL has a grievance redressal mechanism in place for all grievances related to consumers. A dedicated Internal grievance redressal Cell (IGRC) is formed at every Circle office situated at district level and a dedicated Central grievance redressal forum (CGRF) formed at every Zone office. The IGRF is headed by Executive Engineer (Administration) of respective circle and other members. Whereas the Chairperson of CGRF is appointed by the Electricity Regulatory authority of the state (i.e MERC in case of Maharashtra).
Number of Unresolved Grievances from Prior Reporting Period	No grievances received during prior reporting period.
Number of Grievances Received in Reporting Period	No grievance has been received related to the HVDS project.
Number of Grievances Resolved this Reporting Period	No grievance has been received related to the HVDS project.
Number of Grievances Still Outstanding	No grievance has been received related to the HVDS project.
Number of Grievances referred to Court of Law	No grievance has been received related to the HVDS project
Number of Grievances referred to the Accountability Mechanism	No grievance has been received related to the HVDS project

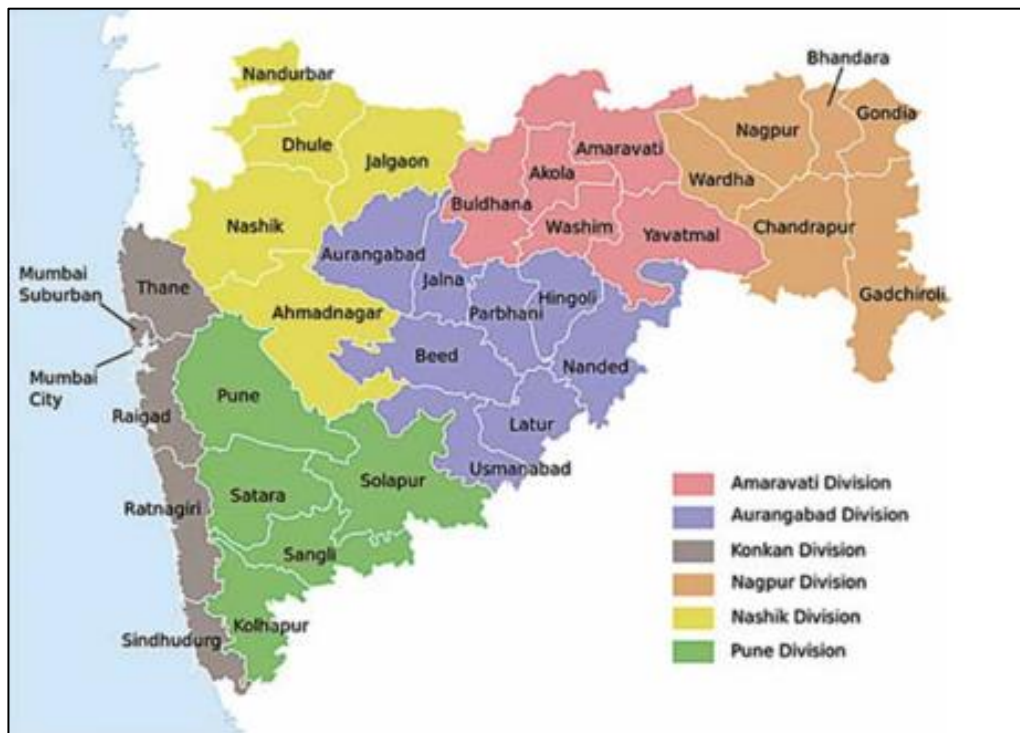

## I. INTRODUCTION

### A. Brief Project Description

1. The State Government of Maharashtra sought ADB funding to support High Voltage Distribution System (HVDS) in rural areas for agriculture supply. Adoption of HVDS is an alternative approach that extends the distribution system at higher distribution voltages (11 kV) to the consumer doorstep coupled with lower capacity distribution transformers that can be used for 1- 2 connections. The Program is financing a portion of distribution planning development for Maharashtra state using the results-based lending (RBL) modality of ADB.

2. The ADB loan of \$346 million is supporting HVDS related investments in rural areas of the state of Maharashtra for supply to agriculture consumers. The final outcome will be access to reliable, efficient and sustainable power supply for agriculture usage in rural Maharashtra improved. The Program aims to connect about 156,000 new agriculture consumers on HVDS between 2019-2021 and requires about (i) 132,600 new distribution transformers; (ii) 46,800 km. of HT connections to distribution transformers; and (iii) establishment of 121 new 33/11 kV distribution sub-stations and related 11 kV feeders for upstream strengthening. These interventions are across the state in the regions of Vidharbha, Marathwada, Konkan, western Maharashtra and northern Maharashtra.

**Figure 1: District map of Maharashtra**

Source: Government of Maharashtra

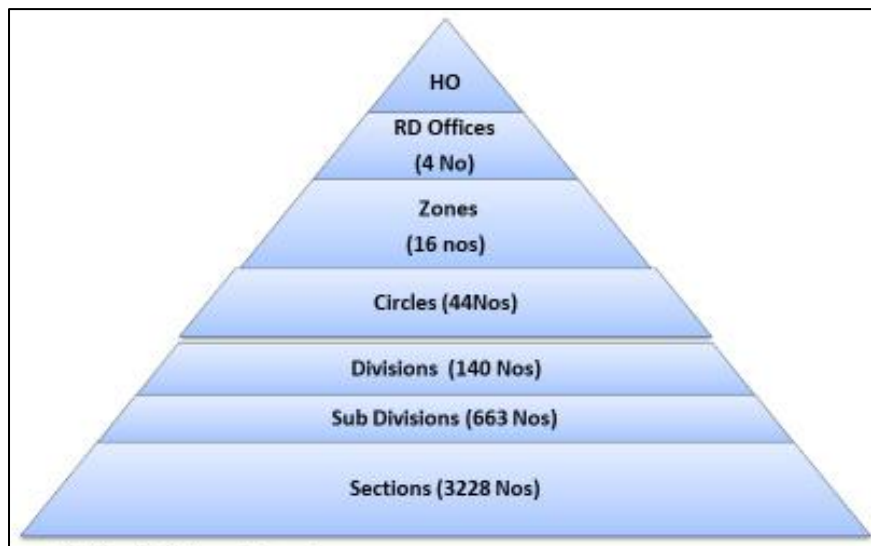

3. The program is extending power supply to the agriculture consumers. All connections are voluntary as investment cost (approximately U\$3,800/household) is born by MSEDCL without any contribution from farmers, and electricity bill is also subsidized (approximately Rs. 4/kWh) by the government. Also, the system is not provided to each household in the region but only households who have the need for better reliable electricity connection for irrigation voluntarily apply for the program. The program will bring following benefits to the farmers.

- (i) dedicated distribution transformer facility to the consumer;
- (ii) reliable and stable power with proper voltage;
- (iii) sense of ownership to take responsibility of distribution transformer (DT) among consumers; and
- (iv) reduction in failure of farmer's electrical pumps.

4. **Project Categorisation.** As per the Program Safeguards System Assessment (PSSA), the implementation of the project does not involve activities that are having significant irreversible, diverse, or unprecedented adverse environmental and social impacts and hence, as per the ADB's SPS 2009, the environmental classification for the project is 'Category B'. the involuntary resettlement category is "B" and Indigenous Peoples Category is "C".

5. **Project Implementation Arrangement.** The executing agencies of the program is the Energy Department of Maharashtra; and MSEDCL. MSEDCL has multi layered institutional arrangements with a huge network of operation all over Maharashtra. The MSEDCL organizational structure has 4 regional divisions, 16 zonal offices, 44 circles, 140 divisions, 663 sub-divisions, and 3228 section offices. Overall planning and execution of projects is being done by the corporate office in Mumbai and at regional level, it is undertaken by the regional director offices. The zonal offices are responsible for the construction and operation of substations and distribution lines. Each zonal office contains circle offices that oversee constructing distribution lines and operating substations, and distribution lines. Each circle contains divisions and subdivisions that oversee customer services, including the maintenance of distribution lines within districts. Section offices oversee maintenance of distribution lines at village levels. The overall institutional set of MSEDCL is depicted in the figure-2 below.

**Figure 2: MSEDCL Structure**

6. As a decentralized operation, MSEDCL has two staff at its headquarters (HQ) and two staff in its division offices dedicated with added safeguards (environment and land acquisition) responsibilities. At HQ, the civil department oversees the resettlement and the training and safety department oversees the environment in MSEDCL. Staffs of civil department (headed by the chief engineer) at HQ are responsible for policy matters, while divisional office staffs are responsible for implementation. At MSEDCL HQ, the training and safety department (headed by chief general manager and supported other full-time staff) handle environmental, health and safety issues all over the state. Each division office has

two staff members who oversee the implementation of health, safety, and environmental policies and can handle the safeguards screening and activity selection in terms of safeguards. Some divisions have one to three safety officers who monitor health and safety aspects. The HQ staff are qualified engineers with environmental, health and safety trainings.

7. Since 2005, MSEDCL has implemented many distribution line projects funded by multilateral agencies. While MSEDCL headquarters has accumulated knowledge of and experience in handling environmental and social safeguards issues, the implementation of environmental and social safeguards measures remains low at the circle level and division levels. To enhance capacity, MSEDCL staff attends training sessions (including training on safeguards) provided by the Training and Safety Department of the MSEDCL Corporate Office. The Training and Safety Department has also formulated safety guidelines and a manual for its operation. All staff are entitled to select and attend training sessions every year. In addition, several MSEDCL staff have been enhancing their understanding of social and environmental safeguards by participating in external training conducted by donor agencies. ADB TA consultants had conducted dedicated training on Environmental and Social Safeguards requirements for ADB Projects for this RBL project in March 2020. This training sessions were attended by ADB INRM officials and MSEDCL officials from all levels.

**B. Project Progress Status and Implementation Schedule**

8. The loan was signed on 19 October 2020 (Loan 3917-IND) and it became effective on 11 December 2020. The Program is financing a portion of distribution planning development for Maharashtra using the results-based lending (RBL) modality of ADB.

9. This monitoring report has been prepared for loan disbursements for project components under Disbursement Link Indicators (DLIs) 4, 5 and 6 for disbursement requests made between 01 July 2022 and 31 December 2022. The details of the prior results and DLIs included in this disbursement are presented in Table 1 and details of each component is presented in subsequent sections. The components under each disbursement are consistent with the Independent Verification Agent (IVA) Report prepared by independent agency for the MSEDCL.

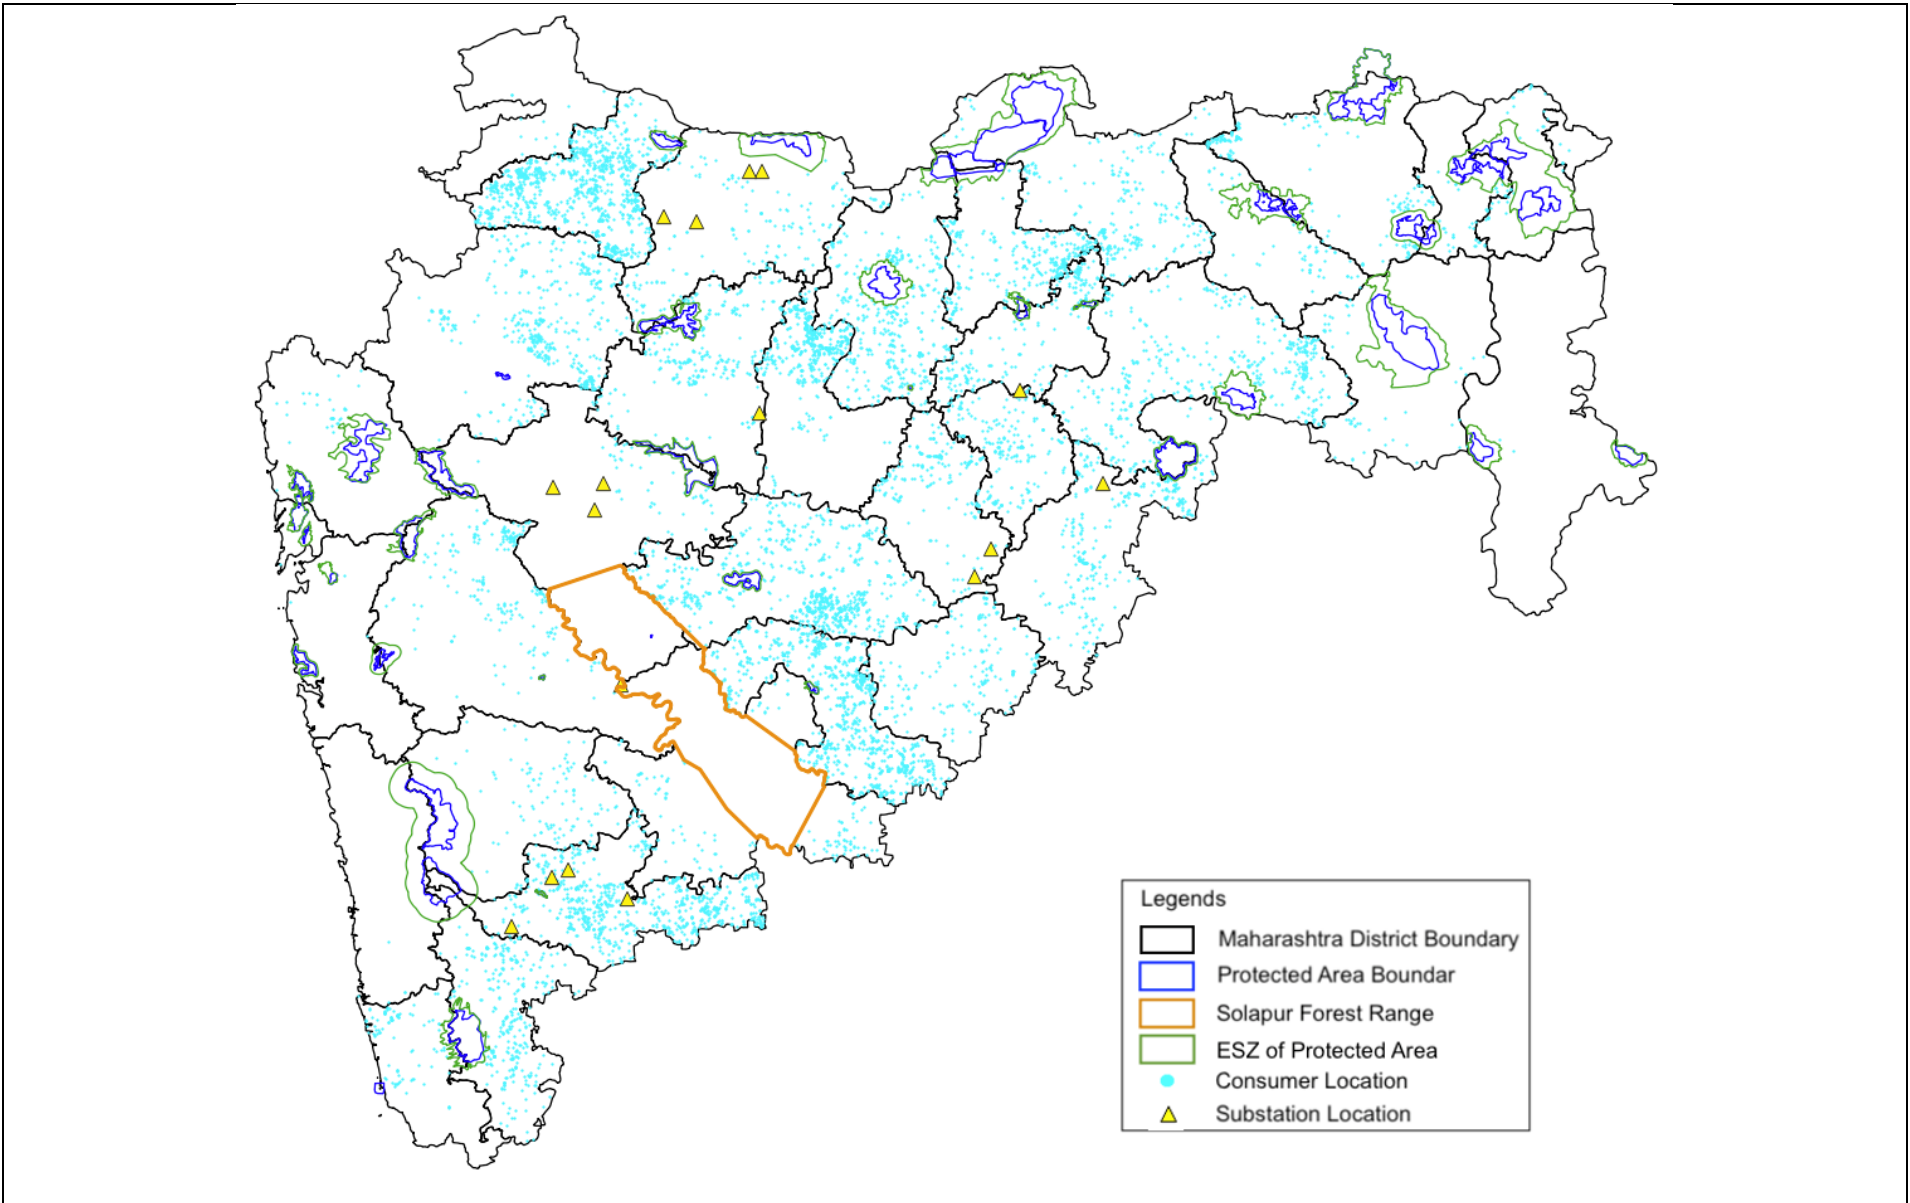

**Table 1: Details of Prior Results and DLIs covered under this monitoring period**

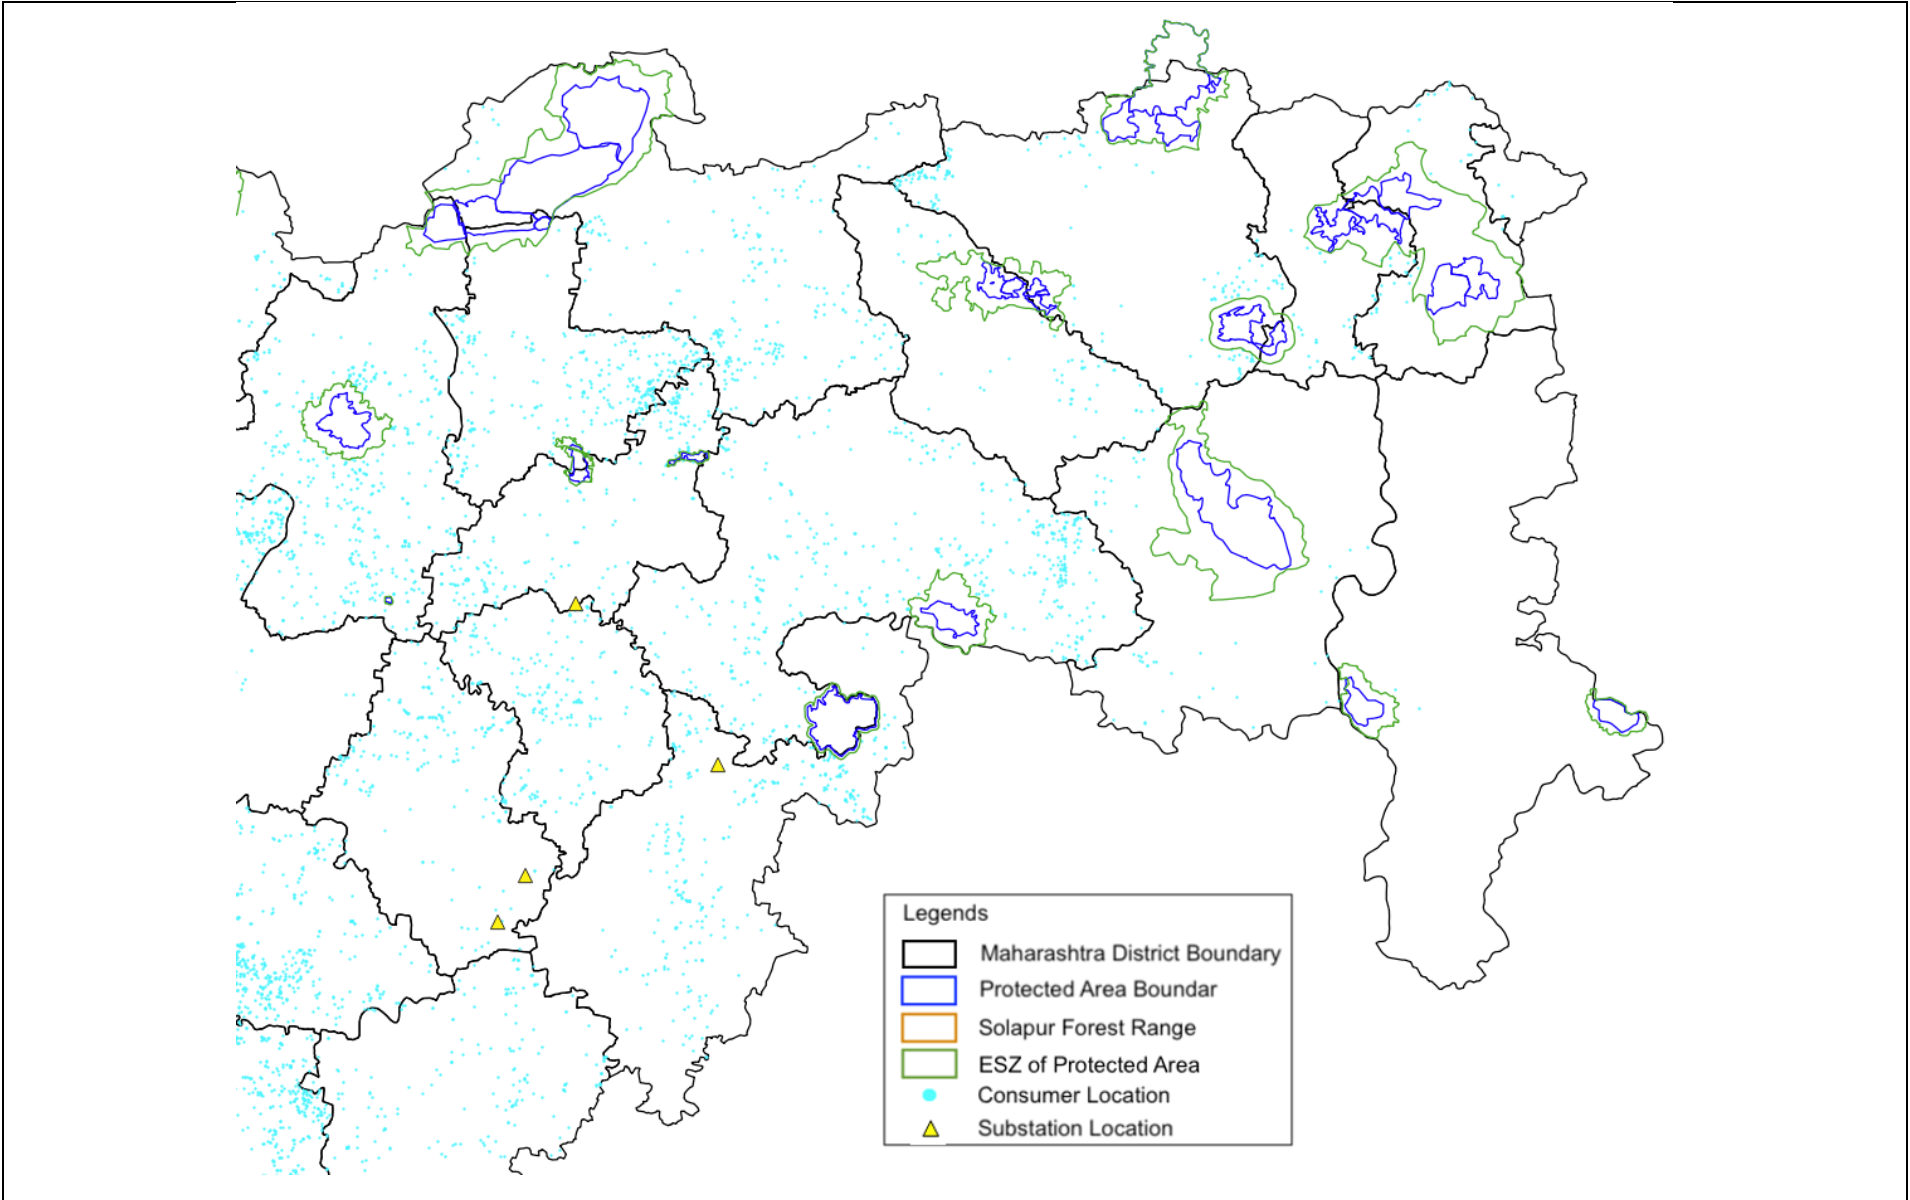

Project Components Covered	Percent Completed	Remarks
DLI-4: New AG Consumers - 8943 Nos. DLI-5: HT Line - 4205.65 km DLI-6: New/Additional Power Transformers - 17 Nos.	100%	Project components/ activities are verified by independent verification agency and documented in IVR report for each loan disbursement

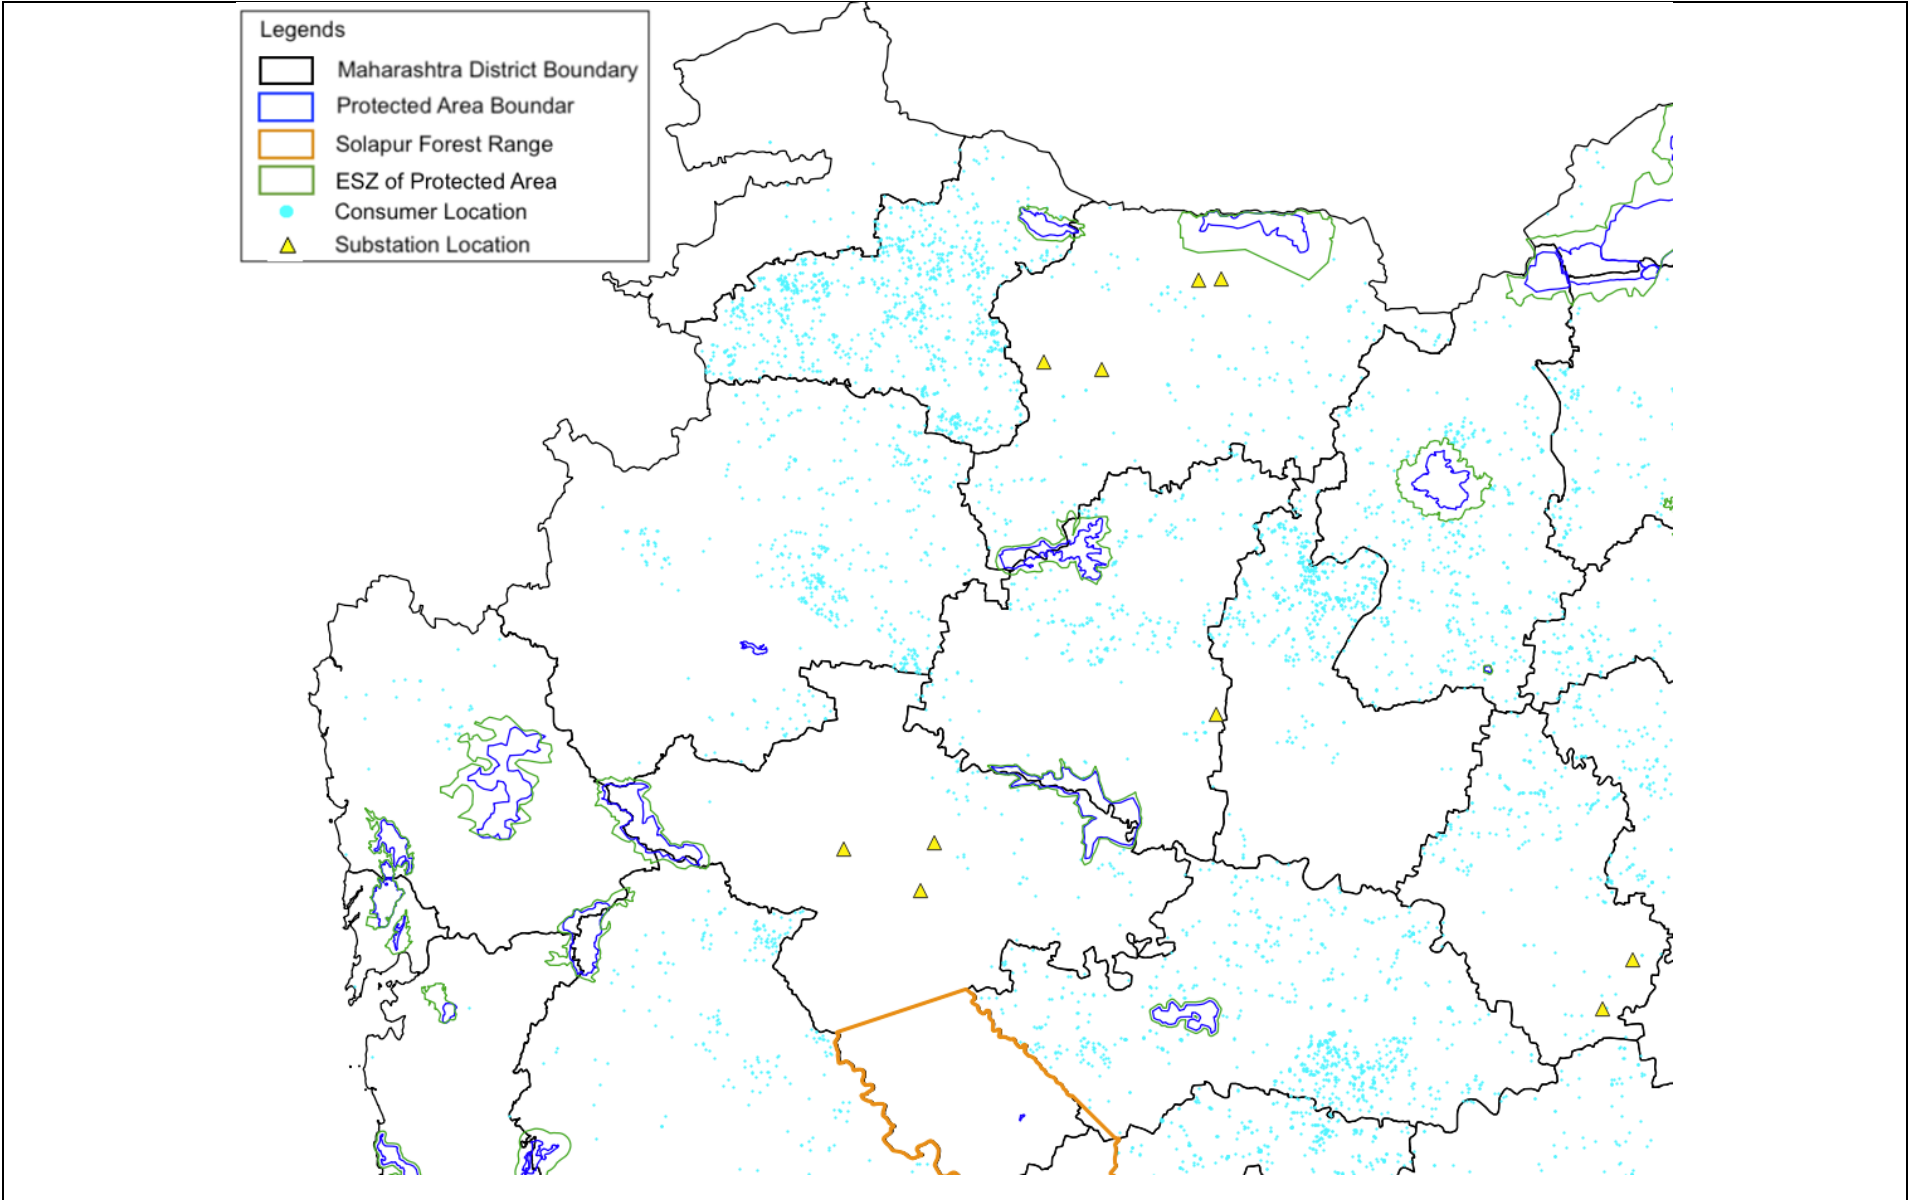

Source: MSEDCL

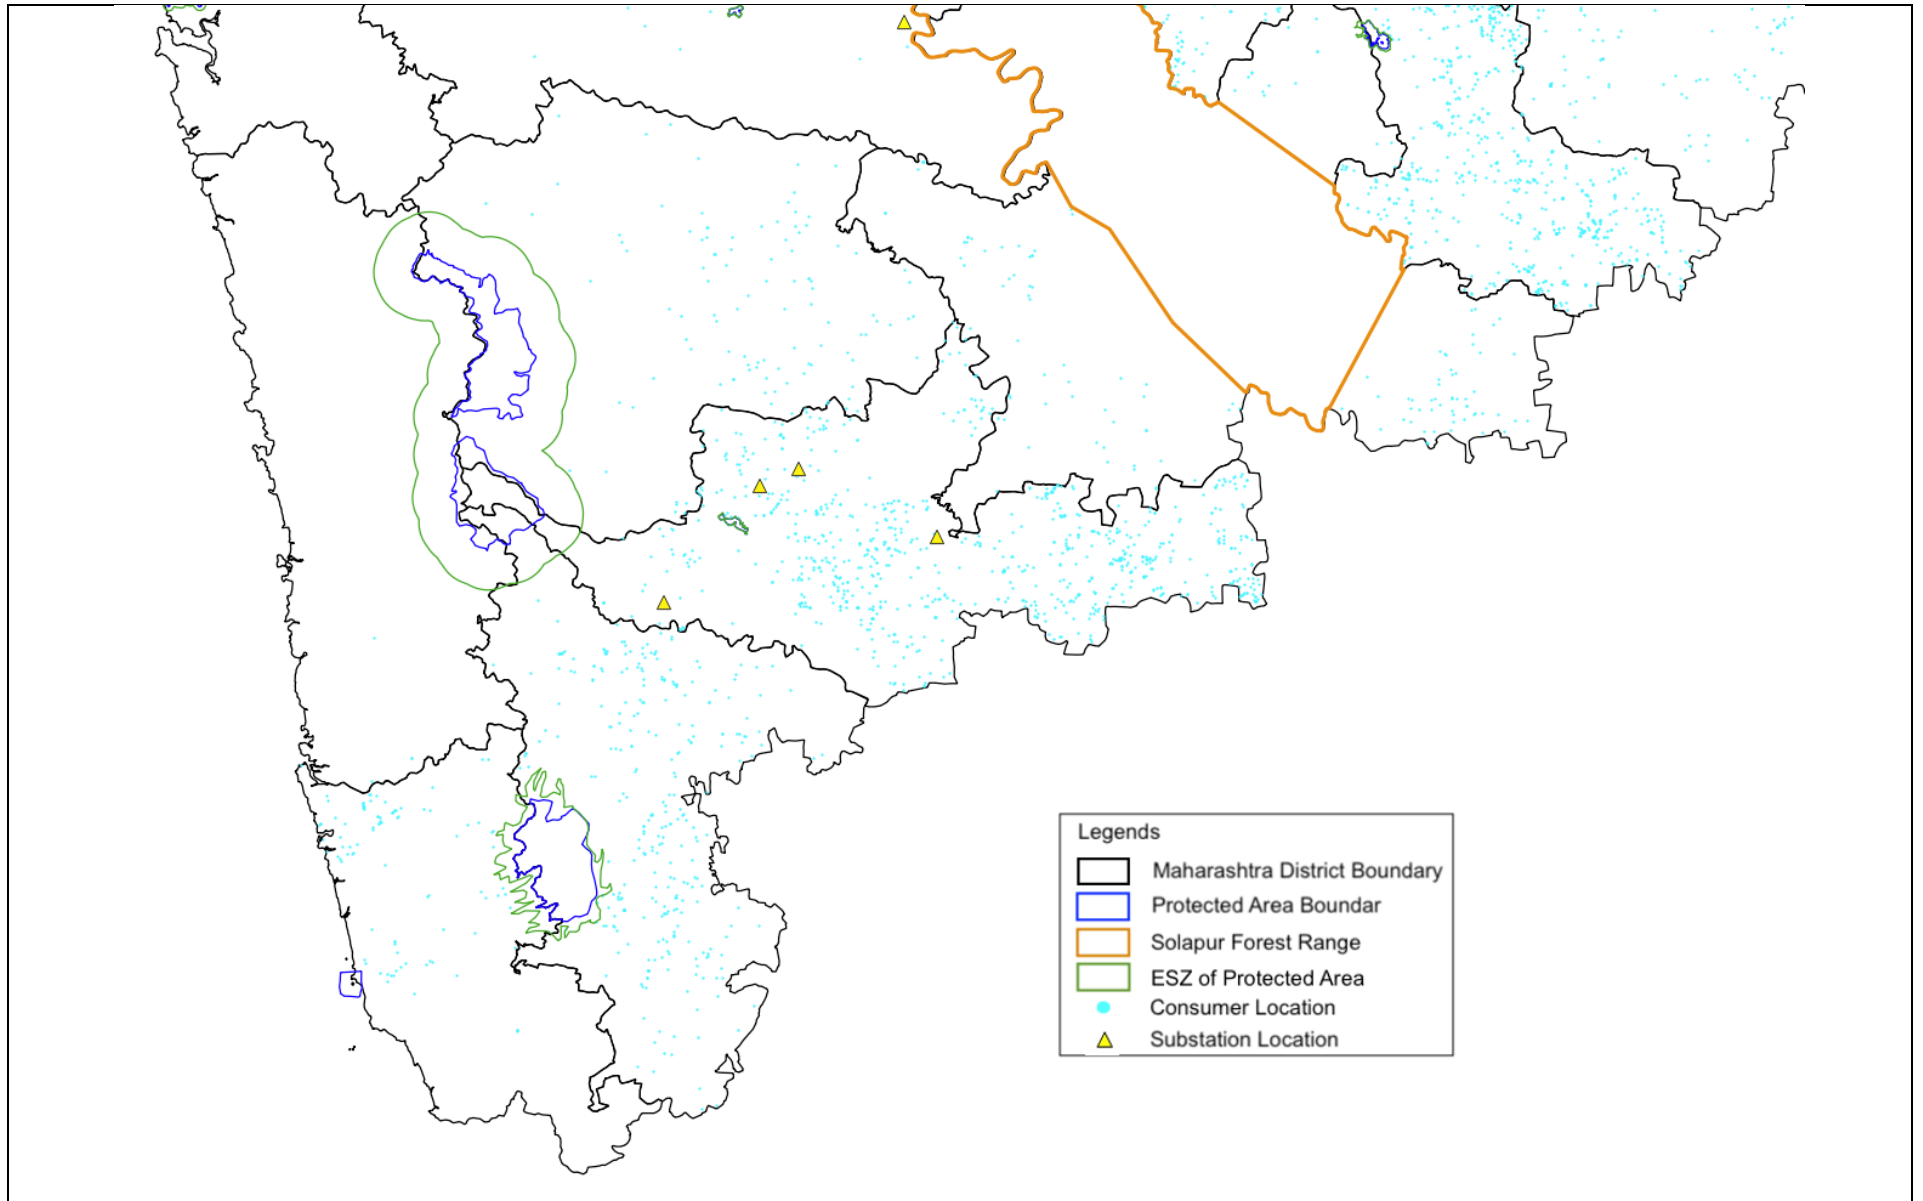

**Figure 1: Project Component locations details of Prior Results covered in this Disbursement**

## II. COMPLIANCE STATUS

### A. Compliance to Safeguards of Program Action Plan

10. Details on the compliance status of safeguards per program action plan is provided in Table 2.

**Table 2: Safeguards Compliance**

Sl. No.	Safeguards Requirement	Compliance Status	Remarks
1	Safeguard focal points recruited to work with assigned division engineers to implement environment and social management system and the safeguard program action plan.	Complied	Safeguard focal point has been appointed at Head Office to guide implementation of ESMS of program.
2	Ensure safeguard screenings are completed and selected sub-projects assessed prior to finalization of sites.	Complied	Safeguards screening of sub-projects is followed as part of site selection.
3	Ensure due diligence for sub-projects with impacts and risks and ensure environment management plans are part of the bidding documents and contracts.	Complied	Complied (PSSA cleared EMP has been made a part of all existing contracts of HVDS vide MSEDCL's Circular no. 2180 dated 28.01.2022). Circular Attached as Appendix-1.
4	Prepare and implement adequate pollution control measures and a waste management plan for 33/11 kV sub-stations.	Complied	Site selection away from sensitive receptors and implementation of measures to control environment pollution.
5	Enhance plans for management of occupational health and safety risks during construction and community health and safety risks during operation.	Complied	OHS and CHS plans have been prepared and adopted.
6	Follow the guidelines for voluntary donation and direct purchase in the event private land acquisition is required; ensure meaningful consultations are conducted with the affected people and stakeholders, which ensures participation of women and vulnerable groups.	Complied	Land acquisition is done following guidelines for voluntary donation or negotiated rate with landowner for private land. Public consultation held for sub-stations location identification and selection.
7	Apply the existing MSEDCL Grievance Redress Mechanism for the program in consideration of environmental and resettlement aspects.	Complied	Existing Grievance Redress Mechanism of MSEDCL is followed for the program.
8	Periodically evaluate and ensure the adequacy of the budget for program safeguard implementation.	Complied	The budget for safeguards implementation is included in project cost.

Sl. No.	Safeguards Requirement	Compliance Status	Remarks
9	Prepare and submit semi-annual safeguards monitoring reports to ADB.	Complied	This is 4th Semi-annual safeguards monitoring report.
10	If non-compliance with the proposed mitigation measures is identified, propose corrective actions and submit these to ADB for review and implementation.	Complied	Corrective actions for identified non-compliances are complied.
11	Hold periodic training exercises to build awareness and capacity of MSDECL staff to assess and respond to potential safeguards impacts.	Complied	

## B. Compliance to Statutory Requirements of State and Central Government

11. Details on the statutory requirements per national and state regulations is provided in Table 3.

**Table 3: State and National Statutory Requirements**

Sl. No.	Statutory Requirement	Applicability/Compliance Status	Remarks
1	Environment Clearance	Not required	EC is applicable as per EIA notification 2006 and its subsequent notifications.
2	Forest Clearance	Not required	Project Components are not located in any forest areas.
3	Wildlife Clearance	Not required	The project components are not located in any of the protected areas. No project activities are located in ESZ of GIB sanctuary. No critically endangered wildlife or bird species has been observed during the field visits neither it has been reported during consultations in the field.
4	Tree Cutting Permission	Not required	Tree cutting was avoided as much as possible for all project components. Alternative routes/sites were selected where avoidance was not possible. Trimming was carried out for DLI 4 and DLI 5 components. No tree cutting for DLI 6. Wherever required, all cutting/trimming of trees were carried out after obtaining requisite permissions.

Sl. No.	Statutory Requirement	Applicability/Compliance Status	Remarks
5	Consent from Landowners	Obtained	Land purchase/ leased/ transfer documents are available for all new substations.
6	License to electrical Contractor <sup>1</sup>	Obtained	Contracts were awarded to licensed contractors only. Sample electrical licenses are provided in Appendix 2
7	Labor Insurance/License	Obtained	Labor Insurance/Licenses were obtained and are provided in Appendix 2
8	Permission for Ground Water Withdrawal	Obtained	Permission from central ground water authority obtained for extracting ground water for commercial purposes. Sample attached in Appendix 16.

### C. Compliance to Environmental and Social Covenants from the ADB Loan Agreement

12. Details on the compliance per loan agreement is provided in Table 4.

**Table 4: Compliance to Loan Agreement**

Sl. No.	Loan Agreement Reference	Environmental Compliance Requirements	Compliance Status	Remarks
<b>Environmental Safeguards</b>				
1	Schedule 4. under Environmental and Social Safeguards (para 10)	The Borrower shall ensure or cause the EA to ensure that all Program Actions in the area of environmental and social safeguards are implemented in a timely and efficient manner	Yes	All Program Actions in the area of environmental and social safeguards will be implemented in a timely and efficient manner for all future works.
2	Schedule 4. under Safeguards Environment (para 11)	The Borrower shall ensure, or cause the EA to ensure, that no construction or rehabilitation works under the Program involve environmental impacts that may be classified as category A under the SPS. Prior to commencing any construction or rehabilitation works under	Yes	For all project activities, screening and due diligence was carried out as per PSSA requirements. None of the project activities categorized as category A as per ADB's SPS 2009 are considered under this HVDS result based lending program in

<sup>1</sup> Electrical contractor license is an acceptance to work at certain level of voltage (voltages equal to or higher than 11KV)

Sl. No.	Loan Agreement Reference	Environmental Compliance Requirements	Compliance Status	Remarks
		the Program, the Borrower shall conduct, or cause the EA to conduct, a screening to ensure that any works that may be classified as category A for environment impacts within the meaning of SPS are excluded from the Program.		Maharashtra state of India.
3	Schedule 4. under Safeguards Environment (para 11)	The Borrower shall ensure, or cause the EA to ensure, that the preparation, design, construction, implementation, operation and decommissioning of all activities under the Program comply with (i) all applicable laws, regulations and guidelines of the Borrower and the State relating to environment, health and safety; (ii) the Environmental Safeguards; and (iii) all measures and requirements, including monitoring requirements set forth in the Program Action Plan.	Yes	All project activities have been carried out as per all applicable laws, regulations and guidelines.  EMP and health and safety plans prepared.  All measures and requirements, including monitoring requirements set forth in the Program Action Plan was practised.
<b>Social Safeguards</b>				
4	Schedule 4. under Safeguards Social (para 12)	The Borrower shall ensure, or cause the EA to ensure, that the preparation, design, construction, implementation, operation and decommissioning of all activities under the Program comply with (a) all applicable laws and regulations of the Borrower and the State relating to resettlement; (b) Involuntary Resettlement Safeguards; and (c) all measures and requirements, including monitoring requirements set forth in the Program Action Plan.	Yes	All project activities have been carried out as per all applicable national and state laws, regulations and guidelines and also the best practice of MSEDCL related to land purchase for substations and HT line construction. There is no involuntary resettlement in the project components as covered in this monitoring period. All the requirements in the program action plan has been followed.

Sl. No.	Loan Agreement Reference	Environmental Compliance Requirements	Compliance Status	Remarks
5	Schedule 4. under Safeguards Social (para 13)	The Borrower shall ensure or cause the EA to ensure that the Program does not involve any indigenous people risks or impacts within the meaning of the SPS. If due to unforeseen circumstances, the Program involves any such impacts, the Borrower shall ensure or cause the EA to ensure that the Program complies with (a) all applicable laws and regulations of the Borrower and State relating to indigenous peoples; (b) Indigenous Peoples Safeguards; and (c) all measures and requirements, including monitoring requirements set forth in the Program Action Plan.	Yes	The program and activities covered under the monitoring period, does not involve any risk or impacts within the meaning of the SPS. All the activities were voluntary in nature. Even though, there were some scheduled tribe consumers, however, they were voluntary and became the beneficiaries by their own demand. all measures and requirements, including monitoring requirements set forth in the Program Action Plan has been followed.
<b>Gender and Social Equality</b>				
6	Schedule 4. under Gender and Social Equality (para 14)	The Borrower shall ensure, or cause the EA to ensure, that all Program Actions in the area of gender equality and social inclusion are implemented in a timely and efficient manner.	Yes	The program activities does not affect any women. Consultations were carried out with participation of women. The training provided to MSEDCL engineers included substantial women participation.

**D. Compliance to Safeguards Program Action Plan and Corrective action for Identified Gaps**

13. Details on the compliance per program action and corrective action is provided in Table 5.

**Table 5: Compliance to Program Action Plan**

Item	Proposed Actions	Indicators	Compliance	Corrective Actions in case of Partial or Non-Compliance
<b>Environmental Actions</b>				
1.	Ensure implementation of ESMS <sup>2</sup> with a secured budget	1. Activities are screened and selected as per the selection criteria	Yes; All project components/ activities are screened and categorized as per Screening and Categorization forms and checklists provided in PSSA. Screening and Categorization report is submitted prior to each loan disbursement.	
		2. For activities with impacts and risks, due diligence undertaken using the template in the PSSA and the results submitted to ADB through SSMR.	Yes; For all project components/ activities, due diligence was undertaken using template given in PSSA and report submitted prior to each loan disbursement.	
		3. An EMP is included in the bidding document and contracts, is adequate to mitigate relevant risks, and is implemented as planned.	Yes; EMP included in bidding document for contractors	
		4. Implementation of the ESMS and mitigation measures monitored and reported to ADB through the SSMR.	Yes; Semi-annual monitoring report prepared and submitted as per latest template shared by ADB.	
		5. If noncompliance is identified, corrective actions shall be proposed to ADB for review, and implemented	No; Corrective actions proposed and are in place.	
		6. Adequate budget included in the project cost.	Yes;	

<sup>2</sup> The screening checklist, due diligence template, generic EMP and monitoring template are developed as an environmental management system for this RBL Program.

Item	Proposed Actions	Indicators	Compliance	Corrective Actions in case of Partial or Non-Compliance
			EMP included in all contracts with EMP budget and made part of project cost.	
2.	Improve the environmental management	1. EMP implemented.	Yes; (PSSA cleared EMP has been made a part of all existing contracts of HVDS vide MSEDCL's Circular no. 2180 dated 28.01.2022). Circular Attached as Appendix-1.	
		2. Drainage system developed with impervious surface and drains; impermeable surfaces are 110% bunded for catching spills or leaks of fuel, oil, chemicals, and liquid wastes.	Complied All the transformers used in HVDS are sealed type 5 MVA capacity transformers with bucholz arrangement hence bunding is not a requirement in this project.	
		3. Dust managed by sprinkling water.	Yes; Very less dust generated during construction and emission controlled by sprinkling water on roads	
		4. Noise managed by limiting working hours in daytime.	Yes; Working hours were limited to daytime only i.e. 09:00 AM to 06:00 PM	
		5. Waste managed by qualified collector.	Yes; All waste generated was taken to storage facility of MSEDCL/contractor	
		6. Transformer oil treated and disposed of at licensed hazardous waste disposal facilities, and the process fully recorded.	Yes; Transformer oil and other hazardous waste was managed through approved licensed vendor	
		7. Vegetation recovering and replanting measure prepared and implemented.	Yes; All sites were restored to original after completion of work. No disturbance to ecology.	

Item	Proposed Actions	Indicators	Compliance	Corrective Actions in case of Partial or Non-Compliance
<b>Social Actions</b>				
1	Ensure implementation of environmental and social management system (ESMS) with secured budget Screen the Project to identify the potential impact on involuntary resettlement and indigenous peoples and to avoid the sensitive and category 'A' projects	1. Program activities are screened and selected in accordance with selection criteria specified in the ESMS	Yes: All program activities are screened periodically prior to each disbursement and all the selection criteria as mentioned in the PSSA were met.	
		2. For program activities with resettlement impacts, due diligence undertaken using checklist and the result submitted to ADB	Yes: There is no such involuntary resettlement involved in the program activities covered in this monitoring period. However, there were some private land which was procured through direct purchase and donation through negotiation for which due-diligence has been prepared for each of such category.	
		3. Implementation of ESMS and mitigation measures monitored and reported to ADB through the quarterly progress report (QPR). Safeguards monitoring template is provided in (Appendix-5).	Yes: This is the first monitoring report and the same is submitted to ADB.	
		4. if non-compliance with the proposed mitigation measures is identified, corrective actions shall be proposed to ADB for review and implemented.	Yes: No such non-compliance found except some record keeping activities of the consultations	
		5. Adequate budget secured in the project cost	Yes: MSEDCL allotted budget and human resource for land purchase other activities	
2	Procure land for substations and lines through donation and/or negotiated	1. In case of lines and transformers installation land donation, a written agreement is obtained through the forms for consent has been developed (Appendix-9) to be used by MSEDCL.	Yes: Land donation has been reported in one of the substations land for which sale deed has been made and annexed to the monitoring report.	

Item	Proposed Actions	Indicators	Compliance	Corrective Actions in case of Partial or Non-Compliance
	settlement with proper compensation	<p>2. In case of direct purchase through negotiated settlement, MSEDCL will adopt the following:</p> <ul style="list-style-type: none"> <li>• Consent on owner's willingness to sell the land given after meaning consultation</li> <li>• Transparent negotiation undertaken to decide the rate for land based on the fair market rate</li> <li>• Transactions verified by a third party (i.e. Revenue office)</li> <li>• Compensation provided before any physical and economical displacement</li> <li>• Failure of negotiation shall not lead to expropriation All the above to be recorded and reported to ADB</li> </ul> <p>3. Compensation on tree and crop losses due to installation of lines paid simultaneously during construction in a phased manner.</p>	<p>Land purchase has been reported in one substations land for which sale deed has been made and annexed to the monitoring report.</p> <p>As such, there is no record of third-party verification, however, the monitoring consultants conducted consultations with participation from the land owners and recorded the satisfaction of landowners regarding the rate as negotiated.</p> <p>All the compensation was paid prior to taking the possession of land.</p> <p>There was no failure of negotiation and hence, expropriation does not arise.</p> <p>There is no record of loss of crops or trees for which compensation was to be paid because there was no need as such</p>	
<b>General Actions</b>				
1.	Meaningful consultation with affected people	<p>1. Meaningful consultations carried out with the affected people and community that ensure participation of women and vulnerable groups.</p> <p>2. Consultation planned and recorded at subdivision level.</p>	<p>Yes; Meaningful consultations were carried out periodically with participation from women and vulnerable groups</p> <p>Yes Consultations were carried out mostly at new substations and associated HT lines area</p>	
2.	Strengthen the capacity of the MSEDCL's program	1. Safeguard orientation provided to MSEDCL's program staff.	Yes Safeguard orientation was provided on 06 <sup>th</sup> to 09 <sup>th</sup> of Dec 2022.	

Item	Proposed Actions	Indicators	Compliance	Corrective Actions in case of Partial or Non-Compliance
	staff in terms of safeguards		the training was conducted at MSEDCL's Regional Training Centre, Aurangabad. On 13th March, field training was conducted for participants regarding screening, due diligence and EMP implementation practices.	
		2. A social specialist and an environmental specialist engaged.	Yes; Social and Environment Specialist is engaged.	
		3. Qualified and experienced safeguards focal persons join the program management unit at headquarters and engineers at division level are assigned to implement the ESMS and SPAP.	Yes Qualified and experienced safeguards focal persons appointed at Headquarter and division level and field levels to implement the ESMS and SPAP	
3.	Monitor and ensure the implementation of the safeguard program action plan	Implementation of the safeguard program action plan monitored, documented, and reported to ADB regularly through SSMR	Yes; Safeguard program action plan monitored, documented, and reported to ADB regularly through SSMR	
4.	Implement GRM	Complaints properly recorded with responses made in a timely manner.	Yes; Although no complaints were received, there are complaints register mechanism set up at each substation level.	

**E. Compliance to Environmental Management Plan**

14. Details on the compliance per environment management plan is provided in Table 6.

**Table 6: Compliance to the Environment management Plan**

Environmental Impact	Mitigating Measures	Compliance attained (Yes, No, Partial)	Comment/ Reasons for Partial or Non-Compliance	Corrective Actions in case of Partial or Non-Compliance
<b>A. DESIGN AND PRE-CONSTRUCTION PHASE</b>				
Release of toxic pollutants, chemicals and gases in receptors (air, water, land) from transformers and equipment	<ul style="list-style-type: none"> <li>PCBs will not be used in transformers and other project facilities or equipment.</li> <li>Processes, equipment and systems not to use chlorofluorocarbons (CFCs), including halon, and their use, if any, in exiting processes and systems should be phased out and to be disposed of in a manner consistent with the requirements of Government of India.</li> </ul>	<p>Yes</p> <p>All transformers are PCB free and do not use CFCs.</p>	Not Applicable	None
Interference with other utilities and traffic due to Design and Layout of equipment	<ul style="list-style-type: none"> <li>Obtain necessary clearances from other utilities that could be affected by the project</li> </ul>	<p>Yes</p> <p>Necessary clearances were obtained Ground water exploration permissions taken No interference with utilities were encountered.</p>	Not Applicable	None
Land Acquisition and resettlement/Loss of agricultural productivity	<ul style="list-style-type: none"> <li>Alignment designed to be within road reserves, and as much as possible will avoid the need to remove trees</li> <li>Loss of fruit-bearing trees that have economic values shall be compensated in accordance with national requirements</li> </ul>	<p>Yes</p> <p>Maximum length of the lines lies within ROW of existing roads Tree cutting was not carried out. No fruit bearing trees encountered along the</p>	Not Applicable	None

Environmental Impact	Mitigating Measures	Compliance attained (Yes, No, Partial)	Comment/ Reasons for Partial or Non-Compliance	Corrective Actions in case of Partial or Non-Compliance
		alignments		
Loss of agricultural land, temporary disruption of farming activities, damage to crops, bunds, canals and drains.	<ul style="list-style-type: none"> <li>Carefully select the line route to minimize impacts on property and to avoid structures such as bunds, canals and drainage.</li> <li>Schedule the installation of the poles during the dry season.</li> </ul>	Yes Routes were selected to avoid impacts on structures. Water structures were avoided. All installations were carried out at times when there were no crops in the fields.	Not Applicable	None
Cutting of trees and other vegetation	<ul style="list-style-type: none"> <li>Consult with the owner of the affected trees and vegetation.</li> <li>Provide a justified compensation rate for affected trees and vegetation with economic value according to national norms.</li> </ul>	Yes Tree cutting was avoided and wherever required, it was done after necessary permission from the owner. Tree trimming was carried out after permission/consent wherever necessary	Not Applicable	None
Encroachment into ecologically sensitive areas	<ul style="list-style-type: none"> <li>Power lines will be routed primarily along existing road reserves and as much as possible avoid the need to remove trees.</li> <li>Consult with relevant stakeholders and authorities responsible for managing the areas and implement any special design requirements imposed by those responsible authorities</li> </ul>	Yes The project components are not located in any of the ecologically sensitive areas. The project component locations are given in figure 3 above. Maximum length of the lines and associated poles lies within ROW of existing roads and	Not Applicable	None

Environmental Impact	Mitigating Measures	Compliance attained (Yes, No, Partial)	Comment/ Reasons for Partial or Non-Compliance	Corrective Actions in case of Partial or Non-Compliance
		stakeholders were consulted prior to finalization of route alignment.		
Impact on aesthetics / Loss of original landscape beauty	<ul style="list-style-type: none"> <li>• Poles to be sited to minimize visual impacts wherever possible.</li> <li>• Siting of poles near areas of high cultural and historical significance requires consultation with responsible authorities.</li> </ul>	Yes No impact on aesthetics or loss of original landscape happened. Excavations carried out for pole erections were used for site levelling. Poles are sited away from areas of high cultural and historical significance	Not Applicable	None
<b>B. CONSTRUCTION PHASE</b>				
Planning for construction environmental management - EMP not effectively implemented	<ul style="list-style-type: none"> <li>• Prior to mobilization the Contractor required to prepare and submit a construction environmental management plan (CEMP) to MSEDCL for approval.</li> <li>• CEMP to provide details on how contractor plan to implement the construction mitigation measures specified in the EMP.</li> </ul>	Yes, as ADB cleared EMP given in PSSA has been made a part of all existing Contracts of HVDS vide MSEDCLs Circular no. 2180 dated 28.01.2022). Site specific CEMPs were developed by contractor. Sample CEMP is shared separately with ADB for reference.	Not Applicable	None
Impacts on valuable property including land and structures. Loss of agricultural land	<ul style="list-style-type: none"> <li>• Consult and inform APs prior to starting any construction works.</li> <li>• Immediately cover and stabilize excavation</li> </ul>	Yes No impact on valuable property and land structures is found.	Not Applicable	None

Environmental Impact	Mitigating Measures	Compliance attained (Yes, No, Partial)	Comment/ Reasons for Partial or Non-Compliance	Corrective Actions in case of Partial or Non-Compliance
that cause temporary disruption of farming activities, damage to crops, bunds, canals and drains.	<p>and disturbed ground after pole erection</p> <ul style="list-style-type: none"> <li>• If paddy bunds and drain or canal embankments are affected, the contractor will be required to rehabilitate the area/structures. This shall form part of the contract documents.</li> <li>• Where road reserves are being informally used for agriculture, compensation shall be paid for lost productivity in accordance with the RP.</li> <li>• Implement careful construction practices to avoid damage to existing structures.</li> </ul>	<p>There is no loss of agricultural land as all poles are sited at bunds between two different agricultural lands belonging to different owners. Land owners were consulted prior to construction works Site restored after pole erection</p>		
Location of contractor facilities and materials storage areas could adversely affect residential areas and sensitive receptors (schools, hospitals/clinics)	<ul style="list-style-type: none"> <li>• Local communities and local officials shall be consulted when selecting sites for project facilities including construction camps, if any, and materials storage sites.</li> </ul>	<p>Yes</p> <p>Local communities were consulted through village headmen. Local public utility officials were consulted before selecting sites for project facilities. All these facilities were sited away from sensitive receptors. Material was generally stored at construction site with proper bunding and strict supervision.</p>	Not Applicable	None
Cutting or trimming of trees	<ul style="list-style-type: none"> <li>• Position the concrete poles within the road reserve and avoid to the maximum extent possible areas with high concentration of trees.</li> <li>• Where cutting or trimming of trees is necessary, the activity will be done in</li> </ul>	<p>Yes</p> <p>Tree cutting was avoided and no indigenous trees species are affected in</p>	Not Applicable	None

Environmental Impact	Mitigating Measures	Compliance attained (Yes, No, Partial)	Comment/ Reasons for Partial or Non-Compliance	Corrective Actions in case of Partial or Non-Compliance
	<p>accordance with safety clearance requirements.</p> <ul style="list-style-type: none"> <li>Identify offset option with local authorities for loss of indigenous tree species, if any.</li> </ul>	<p>the project area. Where ever unavoidable, it was practised with necessary permissions.</p> <p>Trimming was carried out wherever necessary after permission/ consent</p> <p>Poles are sited within ROW of road and away from dense tree canopy.</p>		
Interference with traffic and accessways	<ul style="list-style-type: none"> <li>Properly plan and execute a traffic management plan that is supported by good site supervision.</li> <li>Stockpiling of concrete poles, spoils and cable reels shall only be done in designated areas where no access will be blocked</li> <li>Install highly visible guides, signage and/or marker to direct vehicular traffic, and warning signs to inform the public of temporary blockage of one lane of the road during poles installation works.</li> <li>Closely coordinate with the local communities.</li> </ul>	<p>Yes</p> <p>No traffic issues were envisaged as traffic management plan was in place by the contractor.</p> <p>Stockpiling of concrete poles, spoils and cable reels were done away from the roads and in the designated areas only.</p> <p>Traffic sign boards and danger sign boards were in place to guide public of electrical installation works.</p> <p>Communities were informed in advance about electrical installations works</p>	Not Applicable	None

Environmental Impact	Mitigating Measures	Compliance attained (Yes, No, Partial)	Comment/ Reasons for Partial or Non-Compliance	Corrective Actions in case of Partial or Non-Compliance
		though village headmen. Careful site supervision was performed, and it was ensured that there is no interference with traffic and accessways		
Soil erosion during auguring/ excavation of pole foundation.	<ul style="list-style-type: none"> <li>• Auguring will limit the area to be disturbed for pole foundation.</li> <li>• Contractor will be required to rehabilitate any disturbed areas to its original conditions.</li> <li>• Schedule the construction activities during the dry season to minimize exposed area subject to erosion.</li> </ul>	<p>Yes</p> <p>All excavated sites were restored after work completion</p> <p>All excavation activities are carried out during dry site conditions.</p>	Not Applicable	None
Risks of soil erosion, damages to sub-surface utilities and chance find of objects of cultural and historical value during construction of underground cable.	<ul style="list-style-type: none"> <li>• Excavation will be limited within road reserve</li> <li>• Contractor will be required to check with local authority whether there are pipe or telecommunication, or other utilities lines exist underground prior to excavation</li> <li>• Contractor will be required to restore disturbed areas to its original conditions.</li> <li>• A chance find procedure will be put in place if cultural or historical objects are found during excavation works. MSEDCL who will make sure the Contractor strictly follows the following Procedure: <ul style="list-style-type: none"> <li>- If physical cultural objects are encountered during excavation, all works at the find site should be immediately halted.</li> <li>- The find should be assessed by a</li> </ul> </li> </ul>	<p>Yes</p> <p>All excavation works were carried out within ROW of road.</p> <p>Local utility departments were consulted before commencement of work.</p> <p>All sites were restored to original by the contractor.</p> <p>A chance find procedure was in place during implementation stage. Contractors informed about Chance find procedures.</p>	Not Applicable	None

Environmental Impact	Mitigating Measures	Compliance attained (Yes, No, Partial)	Comment/ Reasons for Partial or Non-Compliance	Corrective Actions in case of Partial or Non-Compliance
	<p>competent local District Office of Culture and Fine Arts official, and procedures to avoid, minimize or mitigate impacts to such physical cultural objects should be developed.</p> <ul style="list-style-type: none"> <li>- Work should not begin until the procedures to avoid, minimize or mitigate impacts to the physical cultural objects have been implemented.</li> <li>- Where avoidance is not feasible, no alternatives to removal exist, and the Project benefits outweigh the anticipated cultural heritage loss from removal, the physical cultural objects should be removed and preserved according to the best available technique.</li> <li>- Any removal should be conducted in accordance with relevant provisions of national heritage protection decrees and laws.</li> <li>- Records should be maintained of all finds, including chain of custody instructions for movable finds.</li> <li>- All Project workers and staff should be made aware of the chance-find procedure.</li> </ul>			
Dust and noise	<ul style="list-style-type: none"> <li>• Implement good construction practices such as water sprinkling of areas prone to dust generation.</li> <li>• Limit the construction and installation works only at daytime to avoid noise nuisance.</li> <li>• Impose speed limits on construction vehicles to minimize dust emission along</li> </ul>	Yes Water sprinkling was practised for construction of roads within substation premises and wherever dust generation was envisaged during	Not Applicable	None

Environmental Impact	Mitigating Measures	Compliance attained (Yes, No, Partial)	Comment/ Reasons for Partial or Non-Compliance	Corrective Actions in case of Partial or Non-Compliance
	<p>areas where sensitive receptors are located (houses, schools, hospitals, temples, etc.)</p>	<p>construction stage. All the construction and installation works carried out during daytime between 10:00 AM to 06:00 PM. Construction vehicles were restricted to speed of 30kmph and no honking was instructed near the sensitive receptors.</p>		
<p>Air pollution and dust emission from movement and operation of construction vehicles and equipment</p>	<ul style="list-style-type: none"> <li>• Limit engine idling to maximum 5 minutes</li> <li>• Dry and windy conditions, watering shall be done at least twice a day on dusty and exposed areas at project areas, where necessary.</li> <li>• Impose speed limits on construction vehicles.</li> <li>• Burning of wastes generated by project-related activities shall be strictly prohibited.</li> <li>• Position any stationary emission sources (e.g. diesel generators, compressors, etc.) as far as practical from sensitive receptors (houses, schools, clinics, temples)</li> <li>• Regular use of water spray systems will be introduced at the construction site to minimize dust.</li> <li>• All sand piles will always be covered . All trucks carrying sediments will also be covered (additional sand will most certainly be required from the sand yard across the highway from the current sub-station).</li> </ul>	<p>Yes Vehicles return to their bases after delivery and pickup of material from site. Idling of vehicles/ engines was restricted.</p> <p>Water sprinkling was done regularly during windy conditions to suppress dust. Construction vehicles were restricted to speed of 30kmph and no honking was instructed near the sensitive receptors. No Waste burning was practiced as all waste generated was collected in separate bins and handed over to municipal waste</p>	<p>Not Applicable</p>	<p>None</p>

Environmental Impact	Mitigating Measures	Compliance attained (Yes, No, Partial)	Comment/ Reasons for Partial or Non-Compliance	Corrective Actions in case of Partial or Non-Compliance
	<ul style="list-style-type: none"> <li>Exhaust emissions from vehicles, machinery equipment will comply with Gol and IFC air quality emission standards.</li> </ul>	collectors. Vehicles and machinery were not halted near the sensitive receptors and were kept away from these receptors. All trucks carrying sediments were covered. PUC certificates of vehicles were checked intermittently.		
Noise from construction activities	<ul style="list-style-type: none"> <li>Noisy construction-related activities will be minimized during religious or cultural events near the sites</li> <li>Truck drivers and equipment operators shall avoid as much as possible the use of horns in areas with sensitive receptors such as schools, pagodas, and clinics.</li> <li>Avoid noisy construction activities in the vicinity of sensitive receptors during night time or other sensitive periods such as during school hours and prayer time.</li> </ul>	Yes All the construction and installation works carried out during daytime between 10:00 AM to 06:00 PM. Construction vehicles were restricted to speed of 30kmph and no honking was instructed near the sensitive receptors.	Not Applicable	None
Generation of wastes	<ul style="list-style-type: none"> <li>Segregate and regularly collect construction wastes.</li> <li>Prohibit disposal of solid wastes into canals, rivers, watercourses, and agricultural field. Solid wastes shall only be disposed to sites approved by commune/district authorities.</li> <li>Prohibit burning of construction and domestic wastes.</li> <li>Recover recyclable wastes that could be</li> </ul>	Yes All waste at construction site was collected and segregated to separate bins. Later it was handed over to municipal waste collector. No waste was allowed to be thrown or discarded into the water	Not Applicable	None

Environmental Impact	Mitigating Measures	Compliance attained (Yes, No, Partial)	Comment/ Reasons for Partial or Non-Compliance	Corrective Actions in case of Partial or Non-Compliance
	<p>reused or sold to recyclers. Ensure that residual wastes are not haphazardly disposed in the environment.</p> <ul style="list-style-type: none"> <li>• Sewage to be discharged only in accordance with the conditions of necessary consents.</li> <li>• Waste management plan to be collated and implemented throughout the contract in accordance with all legal requirements and best practice.</li> </ul>	<p>body or burned. All sewage generated was discarded into soak pits only. Contractor's waste management plan was in place. All other waste generated was disposed as per waste management.</p>		
Occupational health and safety	<ul style="list-style-type: none"> <li>• Installation contractor will be required to implement an Occupational Health and Safety plan that includes provision of all appropriate personal protection equipment PPEs such as hard hats and safety gloves.</li> <li>• Contractor will be required to provide readily available first-aid kit and medicines for workers.</li> <li>• Arrange with nearest Health Centers and/or Hospitals for emergency cares of workers</li> <li>• Health/accident insurance for workers will be provided for the duration of their contracts.</li> <li>• An accident reporting system will also be put in place.</li> <li>• Special consideration will be given to risks associated with working at height and with electrical components (workers will be suitably trained for these tasks and fitted with safety equipment).</li> </ul>	<p>Yes OHS plan prepared by contractor is in place. Sample of contractor safety plan will be shared separately. Workers use PPEs during construction and installation works. First-aid kit and medicines available to all workers. All workers and contractor staff aware of nearest health care centres. Vehicles (cars and motor bikes) are kept at sites for emergency purposes. Health insurances are provided to workers. Samples attached in appendix 2. Risks assessments</p>	Not Applicable	None

Environmental Impact	Mitigating Measures	Compliance attained (Yes, No, Partial)	Comment/ Reasons for Partial or Non-Compliance	Corrective Actions in case of Partial or Non-Compliance
		<p>were carried out prior to starting work at heights. Workers are provided with safety ladders/ other supports for working at height with other PPEs. Accident reporting system in place.</p>		
<p>Community health and safety such as toppling of concrete poles, traffic and accidents, emergency spill of materials, and access of villagers to dangerous working areas.</p>	<ul style="list-style-type: none"> <li>The whole project work site will be fenced off and signs regarding potential hazards posted in conspicuous locations.</li> <li>Contractor will be required to develop a community health and safety plan that incorporates best practices and recognized standards.</li> <li>Local communities will continue to be informed about project construction activities, schedules, and possible health and safety risks.</li> <li>Implement an emergency response and preparedness procedures with communication systems and protocols to report an emergency</li> <li>Coordinate with commune and provincial emergency and health authorities.</li> </ul>	<p>Yes Contractors safety plans are in place to ensure community health and safety. Sample of contractor safety plan will be shared separately. The work site is barricaded and sign boards are installed before starting the work. Emergency response and preparedness procedures as a part of contractor safety plan.</p>	<p>Not Applicable</p>	<p>None</p>
<b>C. OPERATIONAL AND MAINTENANCE PHASE</b>				
<p>Oil spill</p>	<ul style="list-style-type: none"> <li>Licensed company to collect the transformers.</li> <li>All oil storage drums to be located on impermeable bases with an impervious bund capable of retaining at least 110% of drum volume.</li> </ul>	<p>Yes Also, all the transformers used in HVDS are sealed type 5 MVA capacity transformers with</p>	<p>Not Applicable</p>	<p>None</p>

Environmental Impact	Mitigating Measures	Compliance attained (Yes, No, Partial)	Comment/ Reasons for Partial or Non-Compliance	Corrective Actions in case of Partial or Non-Compliance
	<ul style="list-style-type: none"> <li>• Tank couplings to be located within bund.</li> <li>• All drums to be stored safely in site compounds and protected from vehicle impact.</li> <li>• Adequate oil absorbent and containment materials to be held in areas on all parts of the site and staff briefed on how to use this effectively.</li> <li>• Oil contaminated water from banded areas and drip trays to be removed by means of a manually controlled positive lift pump, or other measures (such as oil-absorbent pads, for drip trays) to be agreed in advance with the relevant local authority.</li> <li>• Contaminated water/materials to be disposed off site to appropriate disposal site with necessary paperwork in place in accordance with the Site Waste Management Plan.</li> <li>• Mobile fuel and lubricant servicing units to have quality delivery hoses with trigger-type delivery nozzles.</li> <li>• All staff to be aware of necessary emergency procedures in case of spill.</li> </ul>	<p>bucholz arrangement hence bunding is not a requirement in this project.</p> <p>All transformers are PCB free and do not use CFCs</p> <p>Approved Technical specification of Transformers,</p> <p>Staff aware of necessary procedures in case of oil spills</p>		
<p>Impacts on occupational health and safety due to exposure to live power lines, working in heights, and risks of accidents (electrocution, lightning, fires and explosion)</p>	<ul style="list-style-type: none"> <li>• Allow only trained and qualified workers to have access to work on electrical equipment</li> <li>• MSEDCL shall ensure adherence to electrical safety standards</li> <li>• Ensure proper grounding and deactivation of live power distribution lines during maintenance work or if working near the</li> </ul>	<p>Yes</p> <p>Operators have been provided with electrical safety trainings.</p> <p>PPE provided to workers at substations.</p> <p>Workers aware of</p>	<p>Not Applicable</p>	<p>None</p>

Environmental Impact	Mitigating Measures	Compliance attained (Yes, No, Partial)	Comment/ Reasons for Partial or Non-Compliance	Corrective Actions in case of Partial or Non-Compliance
	<p>lines</p> <ul style="list-style-type: none"> <li>• Provide PPE for workers, safety guidelines and other precautions</li> <li>• Require workers to observe the minimum approach distances for excavations, tools, vehicles, pruning, and other activities when working around power lines.</li> </ul>	<p>emergency response procedures. All live power distribution lines are switched off with warning display board before starting the maintenance work.</p>		
<p>Worker accidents when working on heights.</p>	<ul style="list-style-type: none"> <li>• Require workers to test the structural integrity of the pole prior to proceeding with the work</li> <li>• Use fall protection measures, i.e. all workers are required to wear body harness when working on poles.</li> </ul>	<p>Yes</p> <p>Fall protection measures in place. Tool box talks along with fall protection devices such as safety belts are provide to workers for working at heights. Site risk assessments are carried out prior to work start and necessary measures are taken.</p>	<p>Not Applicable</p>	<p>None</p>
<p>Impacts to community health and safety such as electrocution and lightning strikes, explosion and fire, and exposure to magnetic field.</p>	<ul style="list-style-type: none"> <li>• MSEDCL and contractor to provide public information / awareness campaign on risks and hazards related to live electric lines</li> <li>• Conduct regular inspections on the line to ensure that the minimum vertical clearance and protection is maintained, and that missing or corroded part are immediately identified and replaced</li> <li>• Provide lightning arresters along the line</li> <li>• Ensure security of cable to avoid vandalism</li> <li>• Conduct training of workers on emergency</li> </ul>	<p>Yes</p> <p>Public information / awareness campaign on risks and hazards related to live electric lines were carried out along with public consultations at 17 locations. Regular inspections are carried out by MSEDCL officials.</p>	<p>Not Applicable</p>	<p>None</p>

Environmental Impact	Mitigating Measures	Compliance attained (Yes, No, Partial)	Comment/ Reasons for Partial or Non-Compliance	Corrective Actions in case of Partial or Non-Compliance
	<p>preparedness and response procedures including guidelines on safety and emergency</p> <ul style="list-style-type: none"> <li>• Provide warning signages to the public about safety distances from the power lines.</li> </ul>	<p>Lighting arresters are provided along the line Brief of emergency preparedness and response procedures given to workers during trainings. Warning/ danger signs are in places at poles.</p>		
<p>Disturbance to local people due to trimming of trees during maintenance.</p>	<ul style="list-style-type: none"> <li>• Provide advance information to locals through the village heads about the schedule of maintenance works</li> <li>• Avoid encroachment into rice or cropland of villagers during vegetation trimming or pruning activities</li> <li>• MSEDCL will not allow the use of herbicides and pesticides to control vegetation growth, including burning.</li> </ul>	<p>Yes Schedule of maintenance works is shared with locals in advance through village heads Movement and works within croplands are avoided during crop season Herbicides and pesticides were not used for vegetation clearing.</p>	<p>Not Applicable</p>	<p>None</p>

### III. ENVIRONMENTAL SUPERVISION AND MONITORING RESULTS

#### A. Environmental Supervision and Environment Training

15. Details on the training conducted is provided in Table 7 and details on budget allocation is provided in Table 8 and site visits details are provided in Table 9.

**Table 7: Training Details on Environment**

Trainings	Number and Position of Participant/s	Location/s and Date/s	Remarks
1	60 Over 60 officers including 18 female participants and 42 male participants from the MSEDCL attended the training program.	MSEDCL's Regional Training Centre, Eklahare, Nashik 12/03/2020 13/03/2020	On 12 <sup>th</sup> March the training was conducted at MSEDCL's Regional Training Centre, Eklahare, Nashik. On 13 <sup>th</sup> March, field training was conducted for participants regarding screening, due diligence and EMP implementation practices.

**Table 8: Details on Budget Allocation**

Activity	Allocated Budget	% Spend	Remarks
Site clearing for proposed substation under contract	Part of project cost	-	Vegetation clearing and reuse of excavated material for site level and back filling
Tree cutting/trimming for line alignment and substation area	Cost of NPV of tree to cut submitted to forest department	-	Plantation on the boundary of substation following space available.
Construction camp for construction labour	Part of project cost	-	Construction of temporary toilets and drinking water facility, providing gas cylinder for cooking
Site restoration	Part of project cost	-	Beautification of site at substation and removal of excess debris from substation area
TOTAL	-	-	-

**Table 9: Site visit Details**

Date	Type and Purpose of Visit	Location/s Visited	EA, IA, Consultant Staff Participating	Remarks
During construction period	Site progress and routine inspection at each site by concerned assistant engineer	Project site of substation and line installation	MSEDCL	Substation Site levelling Building and Road construction Electrical installation works
Gholatgaon		26/03/22	MSEDCL, E& S Consultant	OHS briefing by MSEDCL to contractor. Complains register maintained.
Kanadkheda		07/02/23	MSEDCL, E& S Consultant	Overhead electrical installation and gardening works at substation. GRM in place.
Chatori		02/02/23	MSEDCL, E& S Consultant	Construction of substation buildings. Fire extinguishers in place.
Bhadarpur		08/02/23	MSEDCL, E& S Consultant	First aid available at substation. Rain water harvesting pits installed at substations.
Khambe		06/04/2022	MSEDCL, E& S Consultant	Safety devices available at substations. Workers aware of H&S protocols and emergency response procedures.

## B. Quantitative Environmental Monitoring

16. The site selection for substations considered under this program are following the criteria of PSSA. The selected sites are away from residential areas and sensitive receptors in the immediate vicinity of proposed substation. Following this monitoring of physical, chemical and biological environmental parameters is not suggested in PSSA or any other project related document. So environmental monitoring was not carried out.

## C. Pollution Control Monitoring

17. Details on the pollution control is provided in Table 10 and type of material waste and waste management is provided in Table 11 and 12.

**Table 10: Pollution Control**

<b>Trainings/Drills/ Inspections</b>	<b>Number and Position of Participant/s</b>	<b>Location/s and Date/s</b>	<b>Remarks</b>
Induction trainings to newly recruited operators on SOP and emergency response	3 operator from each newly installed substation	Concerned Sub-Division office, During 01 July 2022 and 31 December 2022	Participants standard operating procedure, emergency response during operation of substation.

**Table 11: Waste Material**

<b>Type of Materials/Waste</b>	<b>Approximate Volume (units)</b>	<b>Source or Destination</b>	<b>Remarks</b>
Sanitary Wastewater	1.1 KLD per substation (generation @108 litre per day by 10 construction workers) by use of toilet	Septic Tanks attached to toilets at substation	
Spoil from Earthworks	100 cu.m. spoil/construction debris per substation building construction	Cut and black fill in low laying area within proposed site	Mostly reused at site
Municipal solid waste	5 kg per day	Handed over to municipal waste collectors daily	

**Table 12: Waste Management<sup>3</sup> Monitoring Summary**

<b>Type of Subproject</b>	<b>Location of Subproject</b>	<b>Construction Waste</b>			
		<b>Storage Location</b>		<b>Disposed By</b>	
Substation and line Installation site	Construction Camp and project site	Construction waster handed over to municipal waste management facility. Electrical waste taken to approved e-waste storage yards		Contractor	
<b>Type of Subproject</b>	<b>Location of Subproject</b>	<b>Number of Transformers</b>			
		<b>Failed</b>	<b>Stored</b>	<b>Sent to Repairing</b>	<b>Repaired/ Replaced</b>
Substations	All new substations	Nil	Nil	Nil	Nil

<sup>3</sup> During construction phase, will be mainly the construction waste; during operation phase, will be mainly replaced equipment.

**D. Transformer Oil Management Monitoring Summary**

18. Transformer oil management monitoring is provided in Table 13

**Table 13: Transformer Oil Management Monitoring Summary**

Type of Subproject	Location of Subproject	Transformers Oil (kg)			
		Oil Collected and Stored	Oil sent to Testing	Oil Reused	Oil Disposed
Substations	All new substations	Nil	Nil	Nil	Nil

**E. EHS Management Monitoring Summary**

19. EHS management monitoring is provided in Table 14.

**Table 14: EHS Management Monitoring Summary**

Type of Subproject	Location of Subproject	Occupational EHS Incidences				
		Trainings Taken	Nature of Incidence	Mitigation Taken	Residual Impacts	Level of Loss
Substation and line Installation site	Construction Camp and project site	Average 30 laborers @ per substation and line installation site. Tool Box Talks, Work at height during conductor installation and Fire drills	Nil	NA	NA	NA
Type of Subproject	Location of Subproject	Community EHS Incidences				
		Notice to Community	Nature of Incidence	Mitigation Taken	Residual Impacts	Level of Loss
Substation and line Installation site	Construction Camp and project site	Verbally to village headmen	Nil	NA	NA	NA

**F. Occupational and Community Health and Safety Monitoring**

20. Occupational and community health safety details are provided in Table 15 and fatality details are provided in Table 16.

**Table 15: Occupational and Community Health Monitoring**

<b>Trainings/Drills/Inspections</b>	<b>Number and Position of Participant/s</b>	<b>Location/s and Date/s</b>	<b>Remarks</b>
Tool Box Talk	Average 30 laborers @ per substation and line installation site	Construction Camp and project site	Project executed timely with zero incidents/accident.
Work at height during conductor installation		At project site	
Fire drill		At Construction camp	

**Table 16: Fatality Details**

	<b>Number and Position of Person/s Involved</b>	<b>Location/s and Date/s of Incident</b>	<b>Detailed Description of Incident</b>	<b>Time-bound Corrective Action</b>
Fatality	<i>NIL</i>			
Non-fatal Injury (Lost Time)	<i>NIL</i>			
Non-fatal Injury (Minor)	<i>NIL</i>			
Near-miss	<i>NIL</i>			
Illness	<i>NIL</i>			
Other Incidents	<i>NIL</i>			

## IV. SOCIAL SAFEGUARD MONITORING RESULTS

### A. Social Safeguards Training

21. Details on the social safeguards training is provided in Table 17

**Table 17: Social Safeguards Training Details**

Trainings	Number and Position of Participant/s	Location/s and Date/s	Remarks
1	60 Over 60 officers including 18 female participants and 42 male participants from the MSEDCL attended the training program.	MSEDCL's Regional Training Centre, Eklahare, Nashik 12/03/2020 13/03/2020	On 12 <sup>th</sup> March the training was conducted at MSEDCL's Regional Training Centre, Eklahare, Nashik. On 13 <sup>th</sup> March, field training was conducted for participants regarding social safeguards screening, due diligence and program action plan implementation practices.

### B. Findings on Land Acquisition and Involuntary Resettlement

22. Findings of the social monitoring on land acquisition and involuntary resettlement has been broadly categorized in to two parts such as (i) new agricultural connections and new HT lines covered under DLI 4 and 5 and (ii) New/ Augmentation/ Upgrading 33/11kV Substations under DLI-6. Monitoring results cover ADB's SPS requirement 2 on Involuntary Resettlement.

#### B.1 New Agriculture Connections & New HT Line (DLI-4 and DLI-5)

23. This component comprises of distribution transformers and very short distanced HT line (11 kV mostly with some 33 kV line) to connect to the transformers. Individual HT distribution line is very small in length. Distribution transformers will be installed in two poles which does not require land acquisition. 1HT distribution lines will be installed along existing roads or un-used lands between agricultural plots or could be in agricultural plots which may not affect the plot or its use. The consumers are end users and the length of each HT lines for the end user customer varies on an average distance of between 10 meters to 20 meters and at a maximum of 200 meters. No right of way is required for the end user distribution lines. No permanent loss of crops, assets has been reported. Temporary impacts like crop damages during construction stage have been avoided. Construction of small number of poles and stringing the 11 kV lines are done manually without using any machines or tractors and usually done during off-season where there is no loss of agricultural produce or crops. As such, there was no such cutting of trees except some trimming of trees at some places which did not require any compensation.

## **B-2 New/ Augmentation/ Upgrading 33/11kV Substations (DLI-6)**

24. DLI-6 consists of a total of 17 new substations which includes 4 new sub-stations and the rest 13 are additional power transformers which will be installed in existing substations of MSEDCL. The total area of the existing substations of MSEDCL where new transformers of HVDS will be installed is 23.3 acres. The proposed new substations require additional land of 4.5 acres. All the 4 new substations will be on government owned land. The total land required for the new substations is 4.5 acres which belongs to revenue department. There is no private land used for the construction of the sub-station during the reporting period. There will be no land acquisition from any indigenous peoples or scheduled tribe people. Findings on the social monitoring of all substations are provided in Table 18 and the summary of land details of new sub-stations are provided in table 19. The details of the land possession and sale deed paper is provided in Appendix-8.

**Table 18: Monitoring Findings on Substations**

Sr. No	Circle	Name of Location	New Sub-station / Add PT.	Land Acquisition	Ownership	Physical Displacement	Loss of Trees/Crops/ Livelihood	Impact on Indigenous People	Remarks
1	Aurangabad	Gholatgaon	33/11 KV, 5 MVA, New Substation	Not Required because of government owned land	Gram Panchayat E class land	Nil	Nil	Nil	There are total of 17 substations. Out of the 17 proposed new substations, 13 are additional power transformers which will be installed in existing sub-stations of MSEDCL. In the other 4 new substation, all the substation sites are proposed in government owned land which shall be transferred to MSEDCL. Hence, this will not require compulsory land acquisition. Therefore, there will be no compulsory land acquisition, economic displacement, physical displacement and involuntary resettlement. There will be no impact on indigenous people because there will no acquisition of land from any indigenous or scheduled tribe people. The impacts on indigenous peoples are none.
2	Hingoli	Kanadkheda	33/11 KV, 5 MVA, New Substation	Not Required because of government owned land	Revenue Department Barren Land.	Nil	Nil	Nil	
3	Parbhani	Chatori	33/11 KV, 5 MVA, New Substation	Not Required because of government owned land	Revenue Department Barren Land	Nil	Nil	Nil

Sakali, 33/11 KV, 5 MVA, Additional Power Transformer	1.5	MSEDCL own land since 1999	Nil	Nil	Nil	NA	NA / MSEDCL own land
Dambhurni, 33/11 KV, 5 MVA, Additional Power Transformer	1	MSEDCL own land since 2010	Nil	Nil	Nil	NA	NA / MSEDCL own land
Bhadarpur, 33/11 KV, 5 MVA, Additional Power Transformer	2	MSEDCL own land since 2011	Nil	Nil	Nil	NA	NA / MSEDCL own land
Babhulgaon, 33/11 KV, 5 MVA, Additional Power Transformer	1.5	MSEDCL own land since 2010	Nil	Nil	Nil	NA	NA / MSEDCL own land
Aradgaon, 33/11 KV, 5 to 10 MVA, Aug Power Transformer	1.5	MSEDCL own land	Nil	Nil	Nil	NA	NA / MSEDCL own land
Khambe, 33/11 KV, 5 MVA, New Substation	1	Gram Panchayat barren land	Nil	Nil	Nil	NA	Departmental transfer to MSEDCL.

### C. Findings on Indigenous Peoples

25. Government of India, under Article 342 of the Constitution, considers various characteristics to define indigenous peoples [Scheduled Tribes (ST) such as (i) tribes' primitive traits; (ii) distinctive culture; (iii) shyness with the public at large; (iv) geographical isolation; and (v) social and economic backwardness before notifying them as a Scheduled Tribe. Essentially, indigenous people have a social and cultural identity distinct from the 'mainstream' society that makes them vulnerable to being overlooked or marginalized in the development processes. STs, who have no modern means of subsistence, with distinctive culture and are characterized by socio-economic backwardness, could be identified as Indigenous Peoples. Indigenous people are also characterized by cultural continuity. Maharashtra has 12% of its total population is categorized as scheduled tribe population. There are various Scheduled Areas<sup>4</sup> in Maharashtra. Details on the scheduled areas are provided in following Table 20.

**Table 20: Scheduled Area of Maharashtra**

#	District	Full Scheduled Area	Partly Scheduled Area
1	Thane	1.Shahapur	1.Bhivandi 2.Murbad
2	Palghar	1.Dahanu 2.Talasari 3.Mokhada 4.Jawhar 5.Wada 6.Vikaramgad	1.Palghar 2.Vasai
3	Nashik	1.Peth 2.Surgana 3.Kalwan	1.Dindori 2.Egatpuri 3.Nashik 4.Baglan 5.Trimbakeshwar 6.Devala
4	Dhule		1.Saktri 2.Shirpur
5	Nandurbar	1.Navapur 2.Taloda 3.Akkalkuwa 4.Akrani	1.Nandurbar 2.Shahda
6	Jalgaon		1.Chopda 2.Yaval 3.Raver
7	Ahmednagar		1.Akole
8	Pune		1.Ambegaon 2.Junnar
9	Nanded		1.Kinwat 2.Mahur
10	Yavatmal		1.Maregaon 2.Ralegaon 3.Kelapur 4.Ghatanji 5.Zari-jamani 6. Aarni
11	Amravati	1.Chikhaldara 2.Dharni	
12	Gadchiroli	1.Etapalli 2.Sironcha	1.Gadchiroli

<sup>4</sup> The scheduled areas mentioned in the Table-4 does not necessarily cover the consumers from that particular area. However, some scheduled tribe consumers are the beneficiaries.

#	District	Full Scheduled Area	Partly Scheduled Area
		3.Aheri 4.Dhanora 5.Kurkheda 6.Bhamragad 7.Korchi	
13	Chandrapur		1.Rajura 2.Korpana 3.Jivti

26. The Program's activities covered some notified tribal areas considering the vast program area across Maharashtra State. However, the program is a customer driven activity which is voluntary and will not have impact on indigenous peoples or scheduled tribe consumers.

27. DLI 4 and DLI 5 have 111 scheduled tribe consumers out of the total 8943 consumers which is about 1.24 % of the total consumers. The ST consumers are mainstreamed. The project is a customer driven activity which is voluntary. MSEDCL provides HVDS connections for the agricultural feeders only to households who wish to have the connections and the sub-projects will be undertaken which are requested by the owners and communities willingly. It is also pertinent here that, being agriculture feeders, the customers including the IP customers possess land and they are not vulnerable. In addition, there is no large-scale construction activities involved under the program and there is no involuntary land acquisition and physical displacement in the Program affecting indigenous communities. The project does not have any adverse impacts on indigenous peoples, their cultural identity, survival, cultural resources or livelihood systems. Although they speak their own dialect, however, they speak and understand local language and the national language. The project aims to improve power supply for the agricultural consumers in Maharashtra and will not target commercial development in customary lands. It is anticipated that there would not be targeted or tailored positive impacts on IPs in those areas. There is no impact on indigenous peoples/scheduled tribes.

#### **D. Findings on Gender Equality**

28. The program activities do not impact women negatively. Women are also involved in agricultural activities. The HVDS program will enhance the agricultural productivity through reliable electric supply to agricultural pumps which will indirectly benefit the women. At the corporate level, MSEDCL has substantial number of women representatives. The program is gender neutral.

#### **E. Overall Findings of Social Benefits of the HVDS program**

29. The impact of the project has already been seen in some of parts where the substations has already started supplying power and agriculture pumps are functional. In some areas where the work is already completed, the distribution was not started but planned to start at the earliest

30. The villagers across all the sites covered are happy as they the issues related to their electricity is solved now. The project is necessary as it will solve the problem of electricity which will increase in the productivity and bring economic prosperity mainly to the farmers. This is voiced by all the participants across all the 5 sub project areas. In Khambe the farmers feel that the project will be beneficial and will help in increasing the productivity of agriculture. With the availability of HVDS more farmers will cultivate sugarcane. Currently 5 % of the farmers are cultivating sugarcane and this will increase to 25 % with the availability of HVDS. Further, People will also introduce pomegranate as a new crop in their area.

31. All the participants across all the sites stated that with the establishment of the new substations under the HVDS scheme, the agricultural out-put will increase. The pumps will function efficiently and their will be low maintenance cost due to the HVDS.

32. The project is necessary as it will solve the problem of electricity which will increase in the productivity and bring economic prosperity mainly to the farmers. This is voiced by all the participants across all the 5 sub project areas.

33. In Khambe the farmers cultivate onion, sugarcane, bajra, wheat, and vegetables like brinjal and tomato. The output of onion is 100 quintals per acre, sugarcane 40 tons per acre and bajra 15 quintals per acre. The farmers get about 8 quintals of tomatoes and 6 to 7 quintals of brinjal per acre in this village. With HVDS the farmers are positive that their out put will increase by 20 %.

34. In Gholatgaon cotton, tur, soyabean, bajra and wheat are major crops. Farmers also cultivates pomegranate, mausambi, grapes, banana and papaya. They also grow vegetables like chilly, methi, tomato, ladyfinger, capsicum and cauliflowers. The output of cotton is 6-7 quintals per acre and the farmers feels that with HVDS this will increase to 10 to 12 quintals. Similarly, the output of tuar will increase from 4 quintals to 8 quintals, soyabean from 4 quintals to 7 quintals and bajra from 7 quintals to 10 quintals per acre. The farmers get rupees 3-4 lakhs for pomegranate per acre, with HVDS this will increase to rupees 4-5 lakhs. Similarly, the output of mausambi (sweet lemon) will increase from rupees 2-3 lakhs to 2-4 lakhs. The farmers get rupees 2 lakhs for cultivating banana and papaya per acre and the output of these fruits will increase to rupees 3 lakh. Vegetables like chilly, methi, tomato, ladyfinger, capsicum and cauliflowers and the output of these will increase by 50 % as perceive by the farmers.

35. In Chatori the out put of cotton will increase from 15 quintals to 20 quintals, tura from 5 quintals to 7 quintals with the availability of HVDS. The farmers gets around 7-8 quintals of Channa per acre and they perceive that the output of channa will increase by 20 %. They also cultivate Jwar and Soyabena and there will be no change on these outputs as these are kharif crops.

36. In Kanadkheda, channa, tuar, wheat and soyabean are cultivated by the farmers. The out put of channa will increase from 4 to 6 quintals, tuar from 2 to 4 quintals, wheat from 10 to 15 quintals. The per acre yield of aoyabean is 5-6 quintals and HVDS will not impact in increasing its out put.

37. In Bhadarpur cotton is the major crop cultivated by 75 % of the households. other crops like maize, jwar, bajra, wheat, channa and sunflower are also cultivated in this area. The output of cotton is 5-6 quintals per acre, maize 15 quintals, jwar 10 quintals, bajra 6-7 quintals, wheat 10 quintals, channa 4-5 quintals and sunflower 4 quintals. The farmers perceived that the output of these crops will increase by 20 to 30 percent with the establishment of HVDS

38. The project components are not located in any environmentally sensitive areas. The selection of the sites where done with due considerations to environmental aspects including avoiding environmentally sensitive areas such as national parks, sanctuaries, reserve forests etc. During consultations most of the local people informed that they have not faced any problem during implementation of the project components.

## V. MEANINGFUL CONSULTATIONS AND GRIEVANCE REDRESS MECHANISM

### A. Consultations

39. Consultations were undertaken near the new substations' locations and associated lines. Public Consultations were carried out along the villages in the project area by the safeguards team between March 2022 and February 2023. Consultations were conducted to understand the local people knowledge about the project, the socio-demographic profile of the area where the project activities will be undertaken, the perceived impact of HVDS, the support of the local people and to ascertain key challenges and concern involve in the project and the suggestion that they want to offer. The participants of the consultation were the local people who lives in the villages near to the sub-station. As an integral part of the safeguards planning process, key stakeholders were consulted including local people, leaders and farmers. Methods used for the consultations are primarily participatory in nature in terms of informal consultation through focused group discussions. These activities were conducted at 5 villages through informal public meetings having a total 44 participants. summary details are provided in the following Table 21 and the record of consultation are given in Appendix-4.

**Table 21: Summary Details of Consultations**

Date	Format/Venue	Participants (Occupation, M/F)	Main Issues Raised
26/03/22	Gholatgaon	11 male farmers	<ul style="list-style-type: none"> <li>- Awareness about the project</li> <li>- Support of the local people to the project</li> <li>- Willingness to sell the land through negotiation</li> <li>- Project Benefits</li> <li>- Any perceived losses'</li> <li>- Any grievance related to projects</li> <li>- Poor voltage and breakdown of power supply</li> <li>- Separation of agriculture and village electricity supply</li> <li>- Suggestions and recommendations</li> </ul>
07/02/23	Kanadkheda	7 male farmers	
02/02/23	Chatori	8 male farmers	
08/02/23	Bhadarpur	9 male farmers	
06/04/22	Khambe	9 male farmers	

40. Public consultation was conducted at the 5 sites where new/ additional power transformer substations were established /constructed. The consultation was conducted to understand the local people knowledge about the project, the socio-demographic profile of the area where the project activities will be undertaken, the perceived impact of HVDS, the support of the local people and to ascertain key challenges and concern involve in the project and the suggestion that they want to offer. As an integral part of the safeguards planning process, key stakeholders were consulted including local people, leaders and farmers. Methods used for the consultations are primarily participatory in nature in terms of informal consultation through focused group discussions. Following section describes findings of the public consultations conducted at the 5 sites where new/ additional power transformer sub-stations are constructed. Summary findings on social and environment of the consultations are provided in Table 22 and Table 23 respectively.

**Table 22: Findings of Consultations on Social Issues**

<b>Issues Discussed</b>	<b>People's Views and Perception</b>
<b>Information about the project</b>	There was a demand for a new substation in all the localities as the villagers especially the farmers were facing problems of low voltage, frequent tripping and less availability of electricity to run their motor pumps. The people in the project area came to know about the project from the MSEDCL staff and from the local MLAs.
<b>Opinion about the project</b>	Local people always demanded a sub-station for the problems related to frequent disruption of power and issue of low voltage. They feel that the project will be very beneficial for the farmers of their locality.
<b>Support to the Project</b>	There is 100 % support to the proposed project stated by all the participants across all the sites. In Khambe, the villagers provided the Gram Panchayat land to MSEDCL for the construction of the sub-station. In Gholatgaon, the villagers provided laborers and through the gram panchayat pipeline provided water during construction. In Chatori the Gram Panchayat identified the land and villagers provided laborers and water for the construction at the site. In Kanadkheda the Gram Panchayat identified the land and villagers provided land, labourer and supported in joint measurement. In Bhadarpur all RoW issues were resolved by the villagers.
<b>Critical issue and concern by the local people for the project</b>	There was no public concern reported from any of the sub-project area. The RoW issues which emerged at some the sights are all sorted out by the villagers among themselves.
<b>Population and Social Composition</b>	<p>A total of 800 households lives in Khambe village. The total population of the village is about 6000. There are no general caste people in the village, majority about 90 % are OBCs, 3 % are SCs and 5 - 7 % are STs.</p> <p>In Gholatgaon there are 850 households and the total population of the village is about 10,000. About 35 % of the people are from general caste people in the village, 50 % are OBCs and 15 % are SCs. There are only 2 families belonging to scheduled tribes from bhil tribes.</p> <p>A total of 750 households lives in In Chatori with a total population of 10,000. About 60 % of the people are from general caste, 30 % are OBCs and 10 % are SCs. There are no scheduled tribes in the village.</p> <p>In Kanadkheda a total of 600 households lives and total population of the village is about 3500. About 40 % of the people are from general caste, 20 % are OBCs and 25 % are SCs. There are about 10 % scheduled tribes in the village.</p> <p>A total of 1500 households lives in Bhadarpur village. The total population of the village is about 10000. There are 40 % general caste people, about 20-25 % are OBCs, 20 % are SCs and 20 % are STs.</p>
<b>Possession of Agricultural land</b>	The possession of agricultural land varies for different sites covered under the consultation. In Khambe all the 800 households are having agricultural land. Similarly, 90 % out of 1500 households in Bhadarpur, 80 % out of 750 households in Chatori, 70 % out of 600 households in Kanadkheda and 65 % out of 850 households in Gholatgaon are having agricultural land.
<b>Major occupation</b>	Agriculture is the major occupation of the population living in the sub project area. Besides farming most of the household members are also engaged as daily wage agricultural workers.

Issues Discussed	People's Views and Perception
	<p>Some of the household members are also engaged in live stock management and running small business like running a shop. Women in all the villages are engaged in farming as farmers and as daily wage workers.</p> <p>In Gholatgaon a total of 40 to 50 people from this village are engaged in Maharastra Industrial Development Corporation (MIDC) as skilled and unskilled workers. About 5 % of the households are engaged in small business.</p>
<b>Availability of Electricity</b>	<p>All the households in the sub-project area are electrified and are getting regular supply for 24 hours for domestic consumption. Earlier at Chatori there was load shedding, low voltage, incidence of transformer explosion, and incidence of motor not working reported in this village. With HVDS now the problem is solved.</p> <p>For agriculture earlier there was problem of low voltage and frequent tripping. With the HVDS all the problems are solved and now are able to get continuous electricity for 8 hours.</p>
<b>Possession of Motor Pumps</b>	<p>Among the sites covered maximum motor pumps are there in Gholatgaon and Khambe. In Gholatgaon among the 550 households those have agricultural land there are about 800-900 motor pumps and in Khambe among the 800 households those of agricultural land there are about 500 motor pumps. In Bhadarpur there are about 500 pumps, and in other sites like Chatori there are about 220 pumps and Kanadkheda there are about 200 pumps.</p>
<b>Energy used for running the Motor pumps</b>	<p>All the water pumps in all the sites covered are run by electricity. In Kanadkheda earlier there were few (10-12) diesel pumps but with HVDS all the diesel pumps are replaced with electric pumps.</p>
<b>Power of the Motor pumps</b>	<p>A 3 HP and a 5 HP motor pumps are commonly used at all the sites. In Khambe a 3 HP and 5 HP pumps are used in equal proportion. In Gholatgaon, Chatori and Kanadkheda majority of the farmers uses a 5 HP motor pump. In Bhadarpur 60 % uses a 3 HP pump and the rest uses a 5 HP pump.</p>
<b>Irrigation capacity of the Motor pumps in different areas</b>	<p>The irrigation capacity of the motor pumps varies for different regions. It all depends on the available of the ground water and the number of pumps operating in each area.</p> <p>In Khambe a 3 HP pump irrigates about 3 acres in 7 days and a 5 HP pump irrigates about 5 acres in 7 days. In Gholatgaon a 3 HP irrigates about 7 acres and a 7.5 HP motor irrigates about 10-12 acres in 7 days. Here the ground water is available at 50-60 feet. In Chatori there is scarcity of water as a result a 3 HP irrigates about ½ acre and a 5 HP irrigates about 1-2 acres in 7 days. In Kanadkheda a 3 HP irrigates about 2 acres, a 5 HP irrigates about 4-5 acres and a 7.7 HP irrigates about 7-10 acres in 7 days. In Bhadarpur a 3 HP irrigates 3.5 acres and a 5 HP irrigates 5 acres in 7 days.</p>
<b>Benefit of Electric Pumps</b>	<p>All the participants across all the sites stated that with the establishment of the new substations under the HVDS scheme, the agricultural out-put will increase. The pumps will function efficiently and their will be low maintenance cost due to the HVDS.</p> <p>In Khambe the farmers stated that with the availability of HVDS more farmers will cultivate sugarcane. Currently 5 % of the farmers are cultivating sugarcane and this will increase to 25 % with the availability of HVDS. People will also introduce</p>

Issues Discussed	People's Views and Perception
	pomegranate as a new crop in their area. In Bhadarpur the farmers will start cultivating sugarcane and banana.
<b>Problems related to electricity supply</b>	For domestic use electricity is not an issue in the sub-project area. In the case of agriculture, the local people always demanded a sub-station for the problems related to frequent disruption of power and issue of low voltage across all the sites covered during the public consultation. Earlier for agriculture there was problem of low voltage, frequent disruption and load shedding. But now the problem is solved with the establishment of the new-substation through HVDS.
<b>Significance of the Project</b>	The project is necessary as it will solve the problem of electricity which will increase in the productivity and bring economic prosperity mainly to the farmers. This is voiced by all the participants across all the 5 sub project areas. In Khambe the farmers feel that the project will be beneficial and will help in increasing the productivity of agriculture. With the availability of HVDS more farmers will cultivate sugarcane. Currently 5 % of the farmers are cultivating sugarcane and this will increase to 25 % with the availability of HVDS. Further, People will also introduce pomegranate as a new crop in their area.
<b>Major Crops</b>	Channa and cotton are some of the common crops grown in most of the areas covered under the public consultation. In Gholatgaon mausambi, grapes, banana and pomegranate are cultivated along with other crops.
<b>Concern and Challenges</b>	<p>There was no public concern reported from any of the sub-project. The RoW issues which emerged at some the sights are all sorted out by the villagers among themselves.</p> <p>There are no issues related to community health and safety, land, cultural heritage or displacement.</p>
<b>Incidence of Crop Loss</b>	There was no incidence of crop loss in any of the sites. All the government lands where new substations are built are barren e-class land and the rest of the lands are existing with MSEDCL where since years where new transformers are installed.
<b>Donation of Land</b>	For the quarter 6 (reporting period) DLI-6 consists of a total of 17 new substations which includes 4 new sub-stations and the rest 13 are additional power transformers which will be installed in existing sub-stations of MSEDCL. The total area of the existing substations of MSEDCL where new transformers of HVDS will be installed is 23.3 acres. The proposed new substations require additional land of 4.5 acres. All the 4 new substations will be on government owned land, two belongs to the gram panchayat and two belongs to the revenue department. In Gholatgaon and Khambe the villagers identified the gram panchayat land and transferred it to MSEDCL through the revenue department.
<b>Compensation rate for the Private Land</b>	There is no private land used for the construction of the substations.
<b>Socio-economic Impact</b>	<p>In Khambe the farmers cultivate onion, sugarcane, bajra, wheat, and vegetables like brinjal and tomato. The output of onion is 100 quintals per acre, sugarcane 40 tons per acre and bajra 15 quintals per acre. The farmers get about 8 quintals of tomatoes and 6 to 7 quintals of brinjal per acre in this village. With HVDS the farmers are positive that their out put will increase by 20 percent.</p> <p>In Gholatgaon cotton, tur, soyabean, bajra and wheat are major crops. Farmers also cultivates pomegranate, mausambi, grapes, banana and papaya. They also grow vegetables like chilly, methi,</p>

Issues Discussed	People's Views and Perception
	<p>tomato, ladyfinger, capsicum and cauliflowers. The output of cotton is 6-7 quintals per acre and the farmers feels that with HVDS this will increase to 10 to 12 quintals. Similarly, the output of tuar will increase from 4 quintals to 8 quintals, soyabean from 4 quintals to 7 quintals and bajra from 7 quintals to 10 quintals per acre. The farmers get rupees 3-4 lakhs for pomegranate per acre, with HVDS this will increase to rupees 4-5 lakhs. Similarly, the output of mausambi (sweet lemon) will increase from rupees 2-3 lakhs to 2-4 lakhs. The farmers get rupees 2 lakhs for cultivating banana and papaya per acre and the output of these fruits will increase to rupees 3 lakh. Vegetables like chilly, methi, tomato, ladyfinger, capsicum and cauliflowers and the output of these will increase by 50 % as perceive by the farmers.</p> <p>In Chatori the out put of cotton will increase from 15 quintals to 20 quintals, tura from 5 quintals to 7 quintals with the availability of HVDS. The farmers gets around 7-8 quintals of Channa per acre and they perceive that the output of channa will increase by 20 %. They also cultivate Jwar and Soyabena and there will be no change on these outputs as these are kharif crops.</p> <p>In Kanadkheda, channa, tuar, wheat and soyabean are cultivated by the farmers. The out put of channa will increase from 4 to 6 quintals, tuar from 2 to 4 quintals, wheat from 10 to 15 quintals. The per acre yield of aoyabean is 5-6 quintals and HVDS will not impact in increasing its out put.</p> <p>In Bhadarpur cotton is the major crop cultivated by 75 % of the households. other crops like maize, jwar, bajra, wheat, channa and sunflower are also cultivated in this area. The output of cotton is 5-6 quintals per acre, maize 15 quintals, jwar 10 quintals, bajra 6-7 quintals, wheat 10 quintals, channa 4-5 quintals and sunflower 4 quintals. The farmers perceived that the output of these crops will increase by 20 to 30 percent with the establishment of HVDS.</p>
<b>Criteria to be considered during the state land registration project</b>	Everyone across all the sub project area consensus showed confidence on MSEDCL.
<b>Compensation expected in case of land acquisition</b>	NA
<b>Presence of Indigenous People</b>	There is presence of indigenous people in 4 of the sites out of the 5 sites covered for public consultation. In Khambe 5-7 % of the population are scheduled tribes belonging to Thakar, Bhil and Koli tribes. In Ghatgaon There are only 2 families belonging to Bhil tribes. Similarly, in Kanadkheda 10 % of the population are from Andh tribes. In Bhadarpur 20 % of the population are from scheduled tribes belonging to Bhil and Pardi tribes.
<b>Perceived loss</b>	No Loss.
<b>Usefulness of consultation</b>	All the villagers admitted that the consultations are very useful and helpful as they got a clear understanding of the project and got an opportunity to share their views and concerns about the proposed project.
<b>Involvement of people in implementation</b>	All the villagers during the consultation mentioned that they will participate during the implementation of the project. In Khambe, the villagers provided the Gram Panchayat land to MSEDCL for the construction of the sub-station. There is 100 % support from the villagers. In Gholatgaon, the villagers provided laborers and

Issues Discussed	People's Views and Perception
	<p>through the gram panchayat pipeline provided water during construction. In Chatori the Gram Panchayat identified the land and villagers provided laborers and water for the construction at the site. In Kanadkheda the Gram Panchayat identified the land and villagers provided land, labourer and supported in joint measurement. In Bhadarpur all RoW issues were resolved by the villagers.</p>

**Table 23: Details and Findings on Public Consultation on Environmental Issues**

#	Consultation Details	Participants	Key Issues Discussed	Response
1	Substation Name: Golatgaon Circle: Aurangabad Consultation Date:26/03/22	Total: 11 Male: 11 Female: 0	a. Protected areas (national park, protected forest, religiously sensitive sites, historical or archaeological sites), if any	a. The substations are not located within core/buffer zone of any protected area. b. The substations are not located in any forest areas.
2	Substation Name: Kanadkheda Circle: Hingoli Consultation Date: 07/02/23	Total: 7 Male: 7 Female: 0	b. Access to the forest land and the use of the forest land (if any)	c. The environmental conditions of the sub-project areas are good. There is no incidence of any environmental concerns like air, dust, or adverse noise conditions in any form in the sub-project area during construction and operation.
3	Substation Name: Chatori Circle: Parbhani Consultation Date: 02/02/23	Total: 8 Male: 8 Female: 0	c. Current environmental conditions in the area – air, dust, noise conditions in the area.	d. There is no evidence of any adverse impact on water or soil in any part of the sub-project area due to the project.
4	Substation Name: Bhadarpur Circle: Jalgaon Consultation Date: 08/02/23	Total: 9 Male: 9 Female: 0	d. Will the project siting adversely impacts the water or soil resource in the locality	e. Trees observed in the project area includes Neem, Babool, Mango, Nilgiri, Teak, Banyan.
5	Substation Name: Khambe Circle: Ahmednagar Consultation Date: 06/04/2022	Total: 9 Male: 9 Female: 0	e. Type of trees in the area: Fruit/non fruit/forest/ rare/endangered species etc. f. Wild, endemic, endangered animals in the area. g. Shortage of water for human consumption, irrigation, and how extensive are they? h. What is the general ground water level in this area and does the ground water used for drinking water purpose? Do you think agriculture pumps will have negative	f. There is no presence of wild, endemic or endangered animals in the sub-project. g. Sufficient good quality availability of water for human consumption however there is shortage of water for irrigation purposes. h. Water level in the project area varies between 100-500 feet. i. Piped water supply is available at most of the villages. Other sources include tube wells, open wells. j. No conflicts and social impacts on water use rights.

#	Consultation Details	Participants	Key Issues Discussed	Response
			<p>impact on ground water being used for drinking water?</p> <p>i. What is your prime source of drinking water? And what are the other sources of drinking water?</p> <p>j. Any conflicts on water use rights and social impacts?</p> <p>k. Health status, Availability of Hospitals and over all environmental condition. Is there any chronic disease prevalent in this area and are you aware about HIV/AIDS and STP?</p> <p>l. Is the consultation useful?</p> <p>m. Would you support and participate during the implementation of Project?</p> <p>n. Any other Suggestions, if any.</p>	<p>k. There are no major health issues affecting the people in the sub-project area.</p> <p>l. All the participants of all the regions admitted that the consultation was very useful for them.</p> <p>m. All participants supported the project.</p>

## **B. Grievance Redress Mechanism**

### **B-1 GRM Structure**

41. MSEDCL have an overall grievance redress system which is well functional, effective, transparent and accessible to the people. MSEDCL has large network and the layer of operation goes up to the ground level which is at village level. MSEDCL has both electronic and manual mode of accepting grievances. Officials at sections level are directly linked to the consumers and any complaints raised by the people are recorded and action taken as per the existing GRM. In the current scenario, all the consumers and beneficiaries are listed in the MSEDCL' s data base from the section level up to the head quarter level and the beneficiaries are aware about their concerned dealing officer. Therefore, they have easy accessibility to the existing GRM. Necessary efforts will be given to make the beneficiaries aware about the current GRM

42. As provided under MERC (Consumer Grievance Redressal Forum & Electricity Ombudsman) Regulations, 2006 MSEDCL has established Consumer Grievance Redressal Forums at all Zonal level. Such Forums shall follow the principles of natural justice, inter-alia which includes the following: (i) protect the interest of consumers and (ii) facilitate and expedite the redressal of grievances referring to OHS/CHS. Grievances falling within the purview of any of the following provisions of the Act are excluded from the jurisdiction of the Forums;

- Unauthorized use of electricity as provided under section 126 of the Act i.e. I.E. 2003.
- Offences and penalties as provided under section 135 to 139 of the Act.
- Accidents beyond the MSEDCL distribution network i.e. at electricity user end as provided under section 161 of the Act
- Recovery of arrears where the bill amount is not disputed

43. With regards to procedural aspects, the set mechanism is having three-tier system, which is provided as follows:

44. **Internal Grievances Redressal Cell (IGRC):** The Applicant may approach to the appropriate office of the Distribution Licensee or IGRC and file the grievance as per the prescribed Format 'Form X' which is available on website & 35 IGRC. Illiterate persons can directly approach to section offices of MSEDCL to register their complaints. The IGRC shall not admit any grievance unless it is filed within two (2) years from the date on which the cause of action has arisen. Where such grievance cannot be made in writing, the IGRC shall render all reasonable assistance to the person making the grievance orally to reduce the same in writing. The office of the IGRC shall issue acknowledgement of the receipt of the grievance to the consumer within five (5) working days from the date of receipt of a grievance. Where the grievance has been submitted in person, the acknowledgement shall be provided at the time of submission. The address & contact nos. of IGRC are available on following link of website;

[https://www.mahadiscom.in/wp-content/uploads/2018/06/IGRC-Adresses\\_-Annexure-A.xls](https://www.mahadiscom.in/wp-content/uploads/2018/06/IGRC-Adresses_-Annexure-A.xls)

45. **Consumer Grievances Redressal Forum (CGRF):** Having redressed or not and even if consumer is not satisfied with the decision of IGRC, he can approach to CGRF under the prescribed format in schedule "A" of the MERC (CGRF & Electricity Ombudsman) Regulations, 2006 in duplicate along with all the particulars, documentary evidences within 60 days from date of decision of IGRC. Upon receipt of the prescribed format A, the CGRF provides the acknowledgement of receipt of grievance to the consumer within 5 working days from the date of receipt of grievance by post and if submitted in person the acknowledgement is to be provided at the time of submission. A copy of the grievance shall be forwarded forthwith by the CGRF to the nodal officer designated by the distribution licensee for redressal or to file its reply to the grievance. Within 15 days of intimation from the CGRF or within such other time as it may be directed, the distribution licensee shall furnish to CGRF with a copy to the consumer, its issue-wise comments/ reply on the grievance, failing which the forum shall proceed on the basis of the material record available. The CGRF shall notify the distribution licensee and the applicant who has submitted the grievance, the date of hearing of the grievance in writing, giving enough advance notice. The consumer is supposed to argue the case, or he may depute his representative other than an advocate to present the case and to do all or carry of the acts for the purposes. The distribution licensee may depute either nodal officer or such other executives to represent the case. Upon personal hearing, if required, CGRF may grant further such period for the submission or compliances. CGRF needs to decide the grievance within a period of 2 months from the date of receipt of the grievance. The address & contact nos. of CGRFs are available on following link of website;

[https://www.mahadiscom.in/wp-content/uploads/2018/02/CGRF\\_web-aboutus.pdf](https://www.mahadiscom.in/wp-content/uploads/2018/02/CGRF_web-aboutus.pdf)

46. **Electricity Ombudsman:** Aggrieved by the order of CGRF, consumer can prefer appeal to the Electrical Ombudsman, Mumbai or Nagpur within a period of 60 days from the date of order.

## B-2 Functionality of the GRM and Applicability to HVDS Program

47. MSEDCL has its own grievance redress mechanism as mentioned above is functional. Any grievance related to the ADB funded HVDS project under the RBL will be / are being addressed through the existing GRM setup at MSEDCL. Following are the website link to the grievance registration

<https://www.mahadiscom.in/consumer/en/consumer-grievances-redressal-forum/>  
<https://www.mahadiscom.in/consumer/en/home/#>

48. It is also to further certify that no such grievance has been received related to the HVDS project. The IGRF is headed by Executive Engineer (Administration) of respective circle and other members. Whereas the Chairperson of CGRF is appointed by the Electricity Regulatory authority of the state (i.e MERC in case of Maharashtra). No grievance has been received related to the HVDS project in the monitoring reporting period. However, a sample copy of other grievance (not related to HVDS) using the existing GRM forum in MSEDCL redressed is attached in Appendix- 12.

Complainant/s or Affected Persons	Location/s and Date/s of Complaint	Description of Grievance/Complaint	Timeline*	Time-bound Corrective Action
NIL	n/a	n/a	n/a	n/a
NIL	n/a	n/a	n/a	n/a
NIL	n/a	n/a	n/a	n/a

## **VI. CONCLUSIONS AND RECOMMENDATIONS**

49. No non-compliances are observed for this reporting period. All activities are being carried out as per ADB approved PSSA document. Corrective action as required based on the first and second monitoring report, has been implemented. MSEDCL will continue to record the implementation status and submit periodic monitoring on timely manner.

Subject: Environment and Social Compliance: HT Lines for Agricultural Connections  
and Substation works executed under Maharashtra Rural High Voltage  
Distribution System Expansion Program.

Reference: Loan of \$346 Mn approved by ADB under loan ID 3917.

Dear Sir,

MSEDCL has already submitted claim for prior results, results achieved for first as well as second quarter under Maharashtra Rural High Voltage Distribution System Expansion Program for which the Loan under reference has been availed.

Further, semiannual environmental and safeguard monitoring report for these results achieved is under preparation. In view of above, MSEDCL hereby certifies the following for the compliance:

1. This is to certify that project activities of HT Lines for agricultural connections and Substation works under the claimed disbursements are not located in any key biodiversity area or national protected areas-including wildlife sanctuaries or reserves, forests, and cultural heritage sites.

2. As part of the institutional and staffing requirement, MSEDCL has designated the following personnel as focal person for environmental and social safeguards issues that includes screening, due diligence, implementation and monitoring issues.

Name of the Staff: Mr. Shantaram Bangar  
Designation: Executive Engineer (HVDS section)  
Contact No: 9920836880

3. This is to certify that MSEDCL has its own grievance redress mechanism as mentioned in the Program Safeguard System Assessment (PSSA) and same is functional. Any grievance related to the ADB funded HVDS project under the RBL will be / are being addressed through the existing GRM setup at MSEDCL. It is also to further certify that no such grievance has been received related to the HVDS project.

4. Screening and due diligence of all the activities covered under the submitted claim for prior results for ADB HVDS program are being followed and carried out as per the eligibility criteria and screening requirements as set out in the PSSA.

5. This is to certify that the HVDS project does not involve any compulsory land acquisition and Involuntary Resettlement. Most of the substations proposed/built are on the government owned land few are privately owned which have been procured through direct purchase or donation through negotiated settlement. This is also to certify that the project does not impact any indigenous peoples.

Submitted for further needful please.

Chief Engineer (HVDS)

Date:- 28/01/2022

**CIRCULAR**

**Sub : Addendum for inclusion of Generic Environmental Management Plan (EMP) to all the Contracts under HVDS scheme.**

**Ref : ADB Cleared Program Safeguard System Assessment document.**

The Government of Maharashtra vide G.R. dated 05.05.2018 has approved Ag HVDS scheme of Rs 5048.13 Crs. towards providing power supply to the Agriculture paid pending applicants as on 31<sup>st</sup> March 2018 & for establishments of new Sub-Stations.

The Government of Maharashtra has borrowed loan from Asian Development bank and provided partial financial support in terms of Grant to MSEDCL and rest of the project funding is arranged by MSEDCL in terms of loan from financial institutions for implementation of HVDS scheme.

AG HVDS scheme is being implemented on Full Turnkey as well as Partial turnkey basis. 14 Nos of LOA under Full Turnkey tenders and 634 Nos of LOA under Partial turnkey tenders are issued for energization of Ag Pumps. 31 Nos of LoA under Full Turnkey tenders have been issued for Substation works under HVDS. Thus, total 679 Nos of LOA are issued across the state.

Further, as this HVDS project is partly funded by ADB, a dedicated Social & Environmental Safeguard team assesses the works carried out under this project periodically for Environmental & Social impacts. During such ongoing assessment the overall environmental performance of the project has been assessed and is found to be inadequate and hence, a close attention is required for strengthening of the same.

In view of above, Generic EMP cleared by ADBs PSSA is attached herewith which shall form part of all ongoing contracts in addition to the environment & safety clauses already present in the Tender Document of HVDS. All agencies & MSEDCL officials shall follow the responsibilities as per the schedule of this document for eradicating the adverse Environmental & Social impacts under this project.

Enclosure:

- Generic EMP as per PSSA.

  
Chief Engineer (HVDS)

Subject: Regarding inclusion of Generic EMP to all the Contracts under HVDS scheme and its acknowledgement by all agencies.

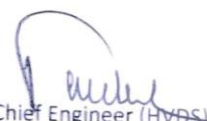

Dear Sir,

In connection to above subject, it is to inform that as per corrective action plan (CAP) proposed by ADB the EMP cleared by ADB's PSSA has been made a part of the ongoing contracts under HVDS scheme vide Addendum Circular dated 28.01.2022.

Further, AG HVDS scheme is being implemented on Full Turnkey as well as Partial turnkey basis. 14 Nos of LoA under Full Turnkey tenders and 634 Nos of LOA under Partial turnkey tenders are issued for energization of Ag Pumps throughout Maharashtra. 31 Nos of LoA under Full Turnkey tenders have been issued for Substation works under HVDS throughout Maharashtra. Thus, total 679 Nos of LOA are issued across the state.

Accordingly, it is to inform that all the above agencies have agreed upon to make this generic EMP, CEMP part of ongoing contracts under HVDS scheme and its implementation for ongoing contracts.

Enclosed: Sample copies of Acknowledgement from Contractors.

  
Chief Engineer (HVDS)  
MSEDCL, Prakashgad, Mumbai.

Signature of Licensing Officer.  
Under Contract Labour (R & A) Act,1970

Date :26/04/2022

**Renewal (Rule 29)**

Date of Renewal	Fee Paid for Renewal	Date of Expiry
26/04/2022	5,023.60	31/12/2022

## ANNEXURE

The licence is subject to the following conditions :-

- i) The licence shall be non-transferable.
- ii) The number of workmen employed as contract labour in the establishment shall not, on any day, exceed 90.00 NINETY
- iii) Except as provided in the rules, the fees paid for the grant, or as the case may be, for renewal of the licence shall be non-refundable.
- iv) a) The rates of wages payable to the workmen by the contractor shall not be less than the minimum rates of wages fixed under the Minimum Wages Act, where that Act applies, where the rates have been fixed by agreement, settlement or award, shall not be less than the rates so fixed and where rates have been fixed under the Minimum Wages Act and under any agreement, settlement or award the rates shall not be less than the higher of the two rates.  
b) Where the workmen employed by the contractor perform the same kind of work as the workmen or a class of workmen directly employed by the principal employer, the rates of wages payable to the workmen by the contractor shall be the rates payable to the workmen directly employed by the principal employer doing the same kind of work.  
c) In any other case, the rates of wages shall be such as may be specified in this behalf by the Commissioner of Labour.
- (v) a) The hours of work and other conditions of service of the workmen of the contractor shall be in accordance with the provisions of the Minimum Wages Act, where that Act applies and where any agreement, settlement or award is in force, in accordance with the provisions of the said agreement, settlement or award; and where in any employment the Minimum Wages Act applies and there is also in force any agreement, settlement or award, the conditions of service shall be governed by provisions which are more beneficial to the workmen.  
b) In other cases where the workmen employed by the contractor perform the same kind of work as the workmen directly employed by the principal employer of the establishment, the hours of work and other conditions of service of the workmen of the contractor shall be the same as applicable to the workmen directly employed by the principal employer of the establishment.  
c) In case not falling under sub-clause (a) or (b) the hours of work and other conditions of service of the workmen of the contractor shall be such as may be specified by the Commissioner of Labour.  
Explanation - While determining the wages, hours of work and other conditions of service under sub-clause (c) of clause (iv) and sub-clause (c) of clause (v), the Commissioner of Labour shall have due regard to the wages, hours of work and other condition of service obtained in similar employments.
- (vi) a) In every establishment, where twenty or more women are ordinarily employed as contract labour there shall be provided and maintained by the contractor a room or rooms for the use of children under the age of six years as may be required by the Commissioner of Labour and the standard of construction, scale of accommodation and the facilities shall be such as may be specified by the Commissioner of Labour:  
Provided that, where the principal employer is required under the Factories Act and the Rules thereunder to provide and maintain a creche or other alternative arrangements for the use of children of women employees directly employed by him any arrangements made by the contractor with the principal employers for the use of the creche (or other alternative arrangements in lieu of creche) by the children under the age of six years of the female workmen employed by the contractor, shall be considered as the compliance of the provisions of this clause:  
Provided further that, such arrangements are according to the standard prescribed in the Factories Act and the Rules framed thereunder.  
b) In other cases, there shall be provided and maintained a room or rooms for the use of children under the age of six years, as may be specified by the Commissioner of Labour.
- vii) The contractor shall provide other essential amenities for contract labour employed in accordance with the Maharashtra Contract Labour (Regulation and Abolition) Rules, 1971.
- viii) The licensee shall notify any change in the number of workmen or the conditions of work to the licensing officer.

Transcript of Proposal for Employee Compensation Insurance

Dear VOLTASLIMITED AND ITS SUBSIDIARIES

We, Bajaj Allianz General Insurance Company Ltd 'Company' or 'Insurer', wish to inform you that your contract of insurance (Policy) will be based on the information and declaration given by you through telephonic conversation / email / web-inputs/ TAB or other means which would be considered as the final proposal, the transcript of which is as follows:

You are requested to yourself reconfirm the same at your end. In case of any disagreement or objection or any changes with respect to information mentioned below, We request you to please revert back within a period of 15 days from the date of your receipt of this document [but in case of short term Policy, your revert shall reach us before the inception date of Policy/ activities/ risks covered by Policy/ ies are started]. In case of our non-receipt of your disagreement or objection or any changes [as mentioned hereinabove] with respect to information mentioned below, it shall be deemed that you have positively confirmed to us the correctness of the below mentioned information and declaration. In case you disagree to any of the information/ contents of this transcript, standard Terms and conditions, you have the option to return the original Policy stating the reasons for your objection, and upon our receipt of original Policy together with your request to cancel the Policy, you shall be entitled to a refund of the premium paid, subject only to there being no claim made under the Policy and also subject to a deduction of the expenses incurred by us and the stamp duty charges. Kindly note that as the information/ contents and declarations/ confirmations provided by you as contained in this transcript is the basis on which we have issued the Policy to you, we advise you to please ensure that you have provided/ disclosed and or not withheld any material facts/ information and declarations, as Policy becomes Void ab-initio if material facts/ declarations are not provided/ disclosed and or withheld and in such case no claim, if any, will be considered by us apart from forfeiture of the premium.

## **Appendix 4: Records of Public Consultations**

## Consultation 1

### FORMAT FOR PUBLIC /COMMUNITY/STAKEHOLDERS' CONSULTATIONS (SOCIAL)

---

1. Name of the Feeder: 33 KV Taharabad
2. Name of the Substation: 33/11 KV Khambe
3. Site/Location: Khambe
4. Village: Khambe
5. Tehasil/Block Sangamner
6. District Ahmednagar
7. Region Kokan
8. Existing Feeder or Proposed Feeder: Existing
9. Existing Substation or Proposed Substation: New
10. Type of Area (Urban/Rural/Highly Congested Urban: **Rural**)

Date of Consultation: 6<sup>th</sup> April 2022

#	ISSUES	PARTICIPANTS' OPINION, COMMENTS AND SUGGESTIONS
1	Have you heard about the Project or Do you have any information about the project	The village is located at the tail end from the feeder substation. There was frequent disruption and problem of low voltage faced by the villagers. Since last four years the villagers were demanding for a new substation. They approached the local MLA several times for a new substation. The local MLA who is also the state revenue minister informed the villagers of constructing a new substation. Subsequently they got confirmation from the MSEDCL staff.
2	What is your opinion about this Project	Local people always demanded a sub-station for the problems related to frequent disruption of power and issue of low voltage. They feel that the project will be very beneficial for the farmers of their locality.
3	Do you support this Project	100 % support from the villagers. The villagers provided the Gram Panchayat land to MSEDCL for the construction of the sub-station.
4	Total households in the village and how many approximately have agriculture land and what is the average landholding size?	<p>A total of 800 households lives in Khambe village. The total population of the village is about 6000. There are no general caste people in the village, majority about 90 % are OBCs, 3 % are SCs and 5 - 7 % are STs. The STs belong to Thakar, Bhil and Koli tribes.</p> <p>Almost all the households are having agricultural land. In this village about 10 % are small farmers having land size of less than 2.5 acres, majority about 80 % are medium farmers having land in the range of 2.5 to 5 acres and the rest 10 % are having more than 5 acres of agricultural land.</p>

#	ISSUES	PARTICIPANTS' OPINION, COMMENTS AND SUGGESTIONS																	
		All the households (100 %) in this village are engaged in agriculture. Further about 20 % are working as daily wage workers. Similarly, 100 % of the women are engaged agriculture, as farmers and daily wage workers. About 60 % of the households are also having live stocks and a family on an average possess 3 to 5 buffaloes or cows, sheep or poultry. Almost half of the households have milk business.																	
5	Are all houses electrified and if yes then what is average hours of electricity do you get?	All the households are having electricity. The average availability of electricity is about 20 to 22 hours per day.																	
6	Are there separate agriculture connections in the village and if yes then what is the percentage of farmers who have existing agriculture connections	There is 100 % separate agricultural connections for the farmers.																	
7	How many agricultural pumps do you have in your village	500 out of the 800 households those who have agriculture land are having pumps.																	
8	Out of the total agricultural pumps how many are electrified and how many are run on diesel?	All the pumps are run by electricity.																	
9	What is the average horsepower of the pumps?	3 HP and 5 HP pumps are widely used in this village in equal proportion.  The ground water availability is at 300 feet.																	
10	How many farmers depend on one pump and how they manage. Who is responsible for getting the pump installed and maintenance including the payment of electricity bill	There is no sharing of pumps among the farmers.																	
11	How many hours of electricity you get for your pump and how much you pay monthly?	On an average they get 5 to 6 hours of electricity to run their pumps. The quarterly fee for a 3 HP pump is Rs. 2500 and for 5 HP it is Rs 3600.																	
12	How much land can be irrigated with an average size of horsepower pump	A 3 HP pump irrigates about 3 acres in 7 days A 5 HP pump irrigates about 5 acres in 7 days.  The ground water availability is at 300 feet.																	
13	How much expenditure does it take for a diesel-based pump to run for one hour and how many hours on an average, it is run	NA																	
13	Do you think electrified pump will be beneficial and if yes then please share how?	<p>The crops that are cultivate by the villagers and the outputs per <b>acre</b> are as follows</p> <table border="1"> <tr> <td>Majority about 70-80 % of the households cultivate onions in this village.</td> <td></td> </tr> <tr> <td style="text-align: center;"><b>Before HVDS</b></td> <td style="text-align: center;"><b>After HVDS</b></td> </tr> <tr> <td>Onion - 100 quintals</td> <td>Onion - 120 quintals</td> </tr> <tr> <td>Sugarcane – 40 tons</td> <td>The output of the rest of the crops will increase by 20 %.</td> </tr> <tr> <td>Bajra– 15 quintals</td> <td></td> </tr> <tr> <td>Wheat – 20 quintals</td> <td></td> </tr> <tr> <td>Tomato – 8 quintals</td> <td></td> </tr> <tr> <td>Brinjal – 6-7 quintals</td> <td></td> </tr> </table>		Majority about 70-80 % of the households cultivate onions in this village.		<b>Before HVDS</b>	<b>After HVDS</b>	Onion - 100 quintals	Onion - 120 quintals	Sugarcane – 40 tons	The output of the rest of the crops will increase by 20 %.	Bajra– 15 quintals		Wheat – 20 quintals		Tomato – 8 quintals		Brinjal – 6-7 quintals	
Majority about 70-80 % of the households cultivate onions in this village.																			
<b>Before HVDS</b>	<b>After HVDS</b>																		
Onion - 100 quintals	Onion - 120 quintals																		
Sugarcane – 40 tons	The output of the rest of the crops will increase by 20 %.																		
Bajra– 15 quintals																			
Wheat – 20 quintals																			
Tomato – 8 quintals																			
Brinjal – 6-7 quintals																			

#	ISSUES	PARTICIPANTS' OPINION, COMMENTS AND SUGGESTIONS
14	Do you think electrified pump will be beneficial and if yes then please share how?	Yes it will be beneficial and will help in increasing the productivity of agriculture. With the availability of HVDS more farmers will cultivate sugarcane. Currently 5 % of the farmers are cultivating sugarcane and this will increase to 25 % with the availability of HVDS. People will also introduce pomegranate as a new crop in their area.
15	What are the major crops and how many crops you cultivate in a year.	The villagers cultivate onion, bajra, wheat, tomato, brinjal and sugarcane.  The villagers cultivate 2 crops annually.
16	Do you face any problem regarding current electric supply as far as home connection and agriculture connections are concerned?	For household there is no problem,  For agriculture the villagers get only 5 to 6 hours of supply with good voltage.
17	Do you think that the Project is necessary	The project is necessary and besides resolving the electricity supply and voltage issues, it will help in increase in output of agriculture.
18	What are your main concerns/issues about the project	No issues.
19	Can you suggest how best to address your concerns/issues	NA
20	The Project is about new agricultural connection through new feeders and new substations. There might be loss of crops and trees during construction. Would you volunteer to cooperate with the MSEDCL during construction?	There is no loss of crops or trees.
21	Also, the proposed new land which may be government or privately owned the proposed new land which may be government or privately owned. Would you volunteer to donate or sell the land for the Project?	GP provided the land to MSEDCL
22	Do you expect any kind of compensation if there is loss to land or crops or trees (which is negligible) during construction? MSEDCL wants your cooperation in this regard for no compensation. What is your thought on this since the project will be for your development?	NA
23	If you need compensation, what kind of compensation will you be expecting (cash or kind) in case of land acquisition	NA
24	Specifically, what concerns/issues do you have on the implementation of the project with respect to the following: <ul style="list-style-type: none"> <li>• Community health and safety</li> <li>• Land</li> <li>• Agricultural production</li> <li>• Cultural heritage</li> <li>• Displacement</li> <li>• Loss of income and business</li> </ul>	No concerns

#	ISSUES	PARTICIPANTS' OPINION, COMMENTS AND SUGGESTIONS
	<ul style="list-style-type: none"> <li>Others (Specify)</li> </ul>	
25	What positive impacts and/or benefits do you think the project will have	This will benefit the farmers. New crops like pomegranate will be introduced and the land under sugarcane cultivation will increase.
26	What negative impacts do you think the project will have	No negative impact.
27	How safe do you think or consider the distribution feeder?	Very safe
28	Any criteria you would like to be considered for project design, construction and operation stage?	
29	How long have you been living in this area	Since birth
30	Are there any indigenous people/ tribal people or ethnic minority living in this area? If yes, how far and what is the name of tribe group and what is their number of households etc.	About 7 % are tribals living in village. The STs belong to Thakar, Bhil and Koli tribes.
31	Health status, Availability of Hospitals and over all environmental condition. Is there any chronic disease prevalent in this area and are you aware about HIV/AIDS and STP?	No incidence of chronic health issues among the villagers.
32	<p><b><u>In case of already constructed substation</u></b></p> <ul style="list-style-type: none"> <li>Did you face any problems?</li> <li>Do have any issues or concern or problems</li> <li>Have you been consulted prior to construction?</li> <li>Are you satisfied with the construction activities?</li> <li>Are you satisfied with the government's initiative</li> </ul>	No problem.
33	<p><b><u>In case of already constructed HT line</u></b></p> <ul style="list-style-type: none"> <li>Did you face any problem due to construction of HT lines?</li> <li>Did you lose any trees or crops during the line construction? If yes, was there any compensation for the same</li> <li>Did you have any complaints which you raised to MSEDCL or contractor</li> <li>Was your problem resolved</li> <li>Are you satisfied with the line construction?</li> </ul>	No issue.

#	ISSUES	PARTICIPANTS' OPINION, COMMENTS AND SUGGESTIONS
34	Did you ever use the MSEDCL customer care number for raising the complaints? What is the kind of complaints in general	
35	Is the consultation useful	Very useful.
36	Would you support and participate during the implementation of Project	Villagers provided all support whenever required.
37	Any other Suggestions if any	Fencing of the substation should be completed soon.

Date of Consultation: 26<sup>th</sup> March 2022

#	ISSUES	PARTICIPANTS' OPINION, COMMENTS AND SUGGESTIONS
1	Have you heard about the Project or Do you have any information about the project	For last 5 years the villagers were demanding a new substation. They came to know about the project when MSEDCL looked for land in their village.
2	What is your opinion about this Project	The villagers will benefit. 80 % of the problem of electricity will be solved.
3	Do you support this Project	There is 100 % support from the villagers. The villagers providing laborer. Through gram panchayat pipeline supplies water
4	Total households in the village and how many approximately have agriculture land and what is the average landholding size?	<p>A total of 850 households lives in this village. The total population of the village is about 10,000. About 35 % of the people are from general caste people in the village, 50 % are OBCs and 15 % are SCs. There are only 2 families belonging to scheduled tribes from bhil tribes.</p> <p>About 65 % (550) of the households are having agricultural land in this village. In this village about 10 % are small farmers having land size of less than 2.5 acres, 20 % are medium farmers having land in the range of 2.5 to 5 acres and 70 % are having more than 5 acres of agricultural land.</p> <p>About 65 % of the households' members are engaged in farming about 70-80 % are working as daily wage workers. A total of 40 to 50 people from this village are engaged in MIDC as skilled and unskilled workers. Few of the households about 5 % are engaged in small</p>

#	ISSUES	PARTICIPANTS' OPINION, COMMENTS AND SUGGESTIONS	
		business. Similarly, majority of the women about 70 % are engaged agriculture, as farmers and as daily wage workers. About 60 % of the households are also having live stocks and possess cows and buffaloes.	
5	Are all houses electrified and if yes then what is average hours of electricity do you get?	All the households are having electricity. The average availability of electricity is about 24 hours per day.	
6	Are there separate agriculture connections in the village and if yes then what is the percentage of farmers who have existing agriculture connections	Yes separate feeder	
7	How many agricultural pumps do you have in your village	800-900 pumps	
8	Out of the total agricultural pumps how many are electrified and how many are run on diesel?	No	
9	What is the average horsepower of the pumps?	3 HP pumps are used by 30%. A 5 HP pump is used by 70 %.  The ground water availability is at 50-60 feet.	
10	How many farmers depend on one pump and how they manage. Who is responsible for getting the pump installed and maintenance including the payment of electricity bill	Rarely	
11	How many hours of electricity you get for your pump and how much you pay monthly?	For 3 HP the villagers used to pay Rs. 2500 and for 5 HP Rs. 3000  For pump they used to get 4 to 5 hours of supply.	
12	How much land can be irrigated with an average size of horsepower pump	A 3 HP pump irrigates about 7 acres in 7 days. A 7.5 HP pump irrigates about 10-12 acres in 7 days.	
13	How much expenditure does it take for a diesel-based pump to run for one hour and how many hours on an average, it is run	NA	
13	Do you think electrified pump will be beneficial and if yes then please share how?	The crops that are cultivate by the villagers and the outputs per <b>acre</b> are as follows	
		<p><b>Before HVDS</b></p> <p>Cotton – 6-7 quintals Tur– 4-5 quintals Soyabean– 4-5 quintals Bajra – 7-8 quintals Wheat– 15-17 quintals Pomegranate – Rs. 3-4 lakhs Mausambi – Rs. 2-3 lakhs Grapes – Rs. 3.5 lakhs Banana – Rs 2 Lakhs Papaya – Rs 2Lakhs</p> <p>Vegetables like Chilly, Methi, Tomato, Bhendi,</p>	<p><b>After HVDS</b></p> <p>Cotton – 10-12 quintals Tur– 7-8 quintals Soyabean – 6-7 quintals Bajra – 10-11 quintals Wheat– 20-22 quintals Pomegranate – Rs. 4-5 lakhs Mausambi – Rs. 3-4 lakhs Grapes – Rs. 4 to 4.5 lakhs Banana – Rs 3 Lakhs Papaya – Rs 3 Lakhs</p>

#	ISSUES	PARTICIPANTS' OPINION, COMMENTS AND SUGGESTIONS	
		Capsicum and cauliflowers.	Vegetables will increase by 50 %.
14	Do you think electrified pump will be beneficial and if yes then please share how?	Yes it will be beneficial and will help in increasing the productivity of agriculture.	
15	What are the major crops and how many crops you cultivate in a year?	The villagers cultivate cotton, soyabeans, bajra, wheat, pomegranate, masumbi. grapes, banana, papaya and vegetables.  The farmers cultivate 2 crops annually and very few cultivates 3 crops.	
16	Do you face any problem regarding current electric supply as far as home connection and agriculture connections are concerned?	For household there is no problem,  Now with HVDS no problem	
17	Do you think that the Project is necessary	The project is necessary and besides resolving the electricity supply and voltage issues, it will help in increase in output of agriculture.	
18	What are your main concerns/issues about the project	No issues.	
19	Can you suggest how best to address your concerns/issues	NA	
20	The Project is about new agricultural connection through new feeders and new substations. There might be loss of crops and trees during construction. Would you volunteer to cooperate with the MSEDCL during construction?	There will be no loss of crops or trees. 100 % support from villagers.	
21	Also, the proposed new land which may be government or privately owned the proposed new land which may be government or privately owned. Would you volunteer to donate or sell the land for the Project?	GP provided the land	
22	Do you expect any kind of compensation if there is loss to land or crops or trees (which is negligible) during construction? MSEDCL wants your cooperation in this regard for no compensation. What is your thought on this since the project will be for your development?	NA	
23	If you need compensation, what kind of compensation will you be expecting (cash or kind) in case of land acquisition	NA	
24	Specifically, what concerns/issues do you have on the implementation of the project with respect to the following: <ul style="list-style-type: none"> <li>• Community health and safety</li> <li>• Land</li> <li>• Agricultural production</li> <li>• Cultural heritage</li> <li>• Displacement</li> </ul>	No concerns	

#	ISSUES	PARTICIPANTS' OPINION, COMMENTS AND SUGGESTIONS
	<ul style="list-style-type: none"> <li>Loss of income and business</li> <li>Others (Specify)</li> </ul>	
25	What positive impacts and/or benefits do you think the project will have	Besides increase agriculture, business and other commercial activities will benefit.
26	What negative impacts do you think the project will have	No negative impact.
27	How safe do you think or consider the distribution feeder?	Very safe WIP.
28	Any criteria you would like to be considered for project design, construction and operation stage?	Not yet
29	How long have you been living in this area	Since birth
30	Are there any indigenous people/ tribal people or ethnic minority living in this area? If yes, how far and what is the name of tribe group and what is their number of households etc.	2 families belonging to Bhil tribe.
31	Health status, Availability of Hospitals and over all environmental condition. Is there any chronic disease prevalent in this area and are you aware about HIV/AIDS and STP?	No incidence of chronic health issues among the villagers.
32	<p><b><u>In case of already constructed substation</u></b></p> <ul style="list-style-type: none"> <li>Did you face any problems?</li> <li>Do have any issues or concern or problems</li> <li>Have you been consulted prior to construction?</li> <li>Are you satisfied with the construction activities?</li> <li>Are you satisfied with the government's initiative</li> </ul>	no problem.
33	<p><b><u>In case of already constructed HT line</u></b></p> <ul style="list-style-type: none"> <li>Did you face any problem due to construction of HT lines?</li> <li>Did you lose any trees or crops during the line construction? If yes, was there any compensation for the same</li> <li>Did you have any complaints which you raised to MSEDCL or contractor</li> <li>Was your problem resolved</li> <li>Are you satisfied with the line construction?</li> </ul>	no problem.

#	ISSUES	PARTICIPANTS' OPINION, COMMENTS AND SUGGESTIONS
34	Did you ever use the MSEDCL customer care number for raising the complaints? What is the kind of complaints in general	
35	Is the consultation useful	Very useful.
36	Would you support and participate during the implementation of Project	Villagers provided all support whenever required.
37	Any other Suggestions if any	The work should start and completed soon. The farmers should get 10 hours of supply.

### Consultation 3

#### FORMAT FOR PUBLIC /COMMUNITY/STAKEHOLDERS' CONSULTATIONS (SOCIAL)

1. Name of the Feeder: 33 KV Palam
2. Name of the Substation: Chatori
3. Site/Location: Chatori
4. Village: Chatori
5. Tehasil/Block: Prabhani
6. District: Aurangabad
7. Region: Aurangabad
8. Existing Feeder or Proposed Feeder: Existing
9. Existing Substation or Proposed Substation: New
10. Type of Area (Urban/Rural/Highly Congested Urban): **Rural**

Date of Consultation: 2<sup>nd</sup> February 2023

#	ISSUES	PARTICIPANTS' OPINION, COMMENTS AND SUGGESTIONS
1	Have you heard about the Project or Do you have any information about the project	There was problem of low voltage, frequent tripping and load shedding in the area. there was long demand for a new substation by the villagers. The people in the locality came to know about the project from the Gram Panchayat and from the local MLA.
2	What is your opinion about this Project	Very happy and positive about the project.
3	Do you support this Project	There is 100 % support from the villagers. The Gram Panchayat identified the land and villagers provided laborers and water for the construction at the site.
4	Total households in the village and how many approximately have agriculture land and what is the average landholding size?	<p>A total of 750 households lives in this village. The total population of the village is about 10,000. About 60 % of the people are from general caste, 30 % are OBCs and 10 % are SCs. There are no scheduled tribes in the village.</p> <p>About 80 % of the households are having agricultural land in this village. In this village about 60 % are small farmers having land size of less than 2.5 acres, 20 % are medium farmers having land in the range of 2.5 to 5 acres and 20 % are having more than 5 acres of agricultural land.</p> <p>100 % of the families are engaged in agriculture. Besides 80 % farmers, about 40 % are working as daily wage workers both in agriculture and non-agriculture sector. In this village about 20 % of the households</p>

#	ISSUES	PARTICIPANTS' OPINION, COMMENTS AND SUGGESTIONS	
		migrate for sugar cutting to other districts for 4 months. Majority of the women are also engaged in agriculture mostly in cotton cultivation.	
5	Are all houses electrified and if yes then what is average hours of electricity do you get?	All the households are having electricity. The average availability of electricity is about 24 hours per day. Earlier there was load shedding, low voltage, incidence of transformer explosion, and incidence of motor not working reported in this village. With HVDS now the problem is solved.	
6	Are there separate agriculture connections in the village and if yes then what is the percentage of farmers who have existing agriculture connections	Yes separate feeder	
7	How many agricultural pumps do you have in your village	220 pumps	
8	Out of the total agricultural pumps how many are electrified and how many are run on diesel?	No	
9	What is the average horsepower of the pumps?	3 HP pumps are used by 40%. A 5 HP pump is used by 60 %.  The ground water availability is at 300 feet, rocky area.	
10	How many farmers depend on one pump and how they manage. Who is responsible for getting the pump installed and maintenance including the payment of electricity bill	No sharing	
11	How many hours of electricity you get for your pump and how much you pay monthly?	Rs 5000 to 10000 annually.	
12	How much land can be irrigated with an average size of horsepower pump	A 3 HP pump irrigates about ½ acres in 7 days. A 5 HP pump irrigates about 1-2 acres in 7 days. There is scarcity of water in this area.	
13	How much expenditure does it take for a diesel-based pump to run for one hour and how many hours on an average, it is run	NA	
13	Do you think electrified pump will be beneficial and if yes then please share how?	The crops that are cultivate by the villagers and the outputs per <b>acre</b> are as follows	
		<p style="text-align: center;"><b>Before HVDS</b></p> Cotton –15 quintals Soyabean– 10 quintals Tur– 5-6 quintals Channa – 7-8 quintals Jawar – 7-8 quintals	<p style="text-align: center;"><b>After HVDS</b></p> Cotton –20 quintals Soyabean – No impact Tur– 7-8 quintals Channa – increase by 20 % Jawar – same
14	Do you think electrified pump will be beneficial and if yes then please share how?	Yes it will be beneficial and will help in increasing the productivity of agriculture.	

#	ISSUES	PARTICIPANTS' OPINION, COMMENTS AND SUGGESTIONS
15	What are the major crops and how many crops you cultivate in a year?	The villagers cultivate cotton, soyabean, tur, channa and jawar.  The farmers cultivate 1 crop annually due to scarcity of water.
16	Do you face any problem regarding current electric supply as far as home connection and agriculture connections are concerned?	For household there is no problem, For agriculture there was problem but now with HVDS no problem.
17	Do you think that the Project is necessary	The project is necessary as besides benefit to agriculture they will get sufficient and full electricity for domestic use.
18	What are your main concerns/issues about the project	No issues.
19	Can you suggest how best to address your concerns/issues	NA
20	The Project is about new agricultural connection through new feeders and new substations. There might be loss of crops and trees during construction. Would you volunteer to cooperate with the MSEDCL during construction?	There will be no loss of crops or trees. 100 % support from villagers.
21	Also, the proposed new land which may be government or privately owned the proposed new land which may be government or privately owned. Would you volunteer to donate or sell the land for the Project?	GP identified the land and helped in transferring the land to MSEDCL.
22	Do you expect any kind of compensation if there is loss to land or crops or trees (which is negligible) during construction? MSEDCL wants your cooperation in this regard for no compensation. What is your thought on this since the project will be for your development?	NA
23	If you need compensation, what kind of compensation will you be expecting (cash or kind) in case of land acquisition	NA
24	Specifically, what concerns/issues do you have on the implementation of the project with respect to the following: <ul style="list-style-type: none"> <li>• Community health and safety</li> <li>• Land</li> <li>• Agricultural production</li> <li>• Cultural heritage</li> <li>• Displacement</li> <li>• Loss of income and business</li> <li>• Others (Specify)</li> </ul>	No concerns
25	What positive impacts and/or benefits do you think the project will have	

#	ISSUES	PARTICIPANTS' OPINION, COMMENTS AND SUGGESTIONS
26	What negative impacts do you think the project will have	No negative impact.
27	How safe do you think or consider the distribution feeder?	Very safe
28	Any criteria you would like to be considered for project design, construction and operation stage?	Not yet
29	How long have you been living in this area	Since birth
30	Are there any indigenous people/ tribal people or ethnic minority living in this area? If yes, how far and what is the name of tribe group and what is their number of households etc.	No tribals.
31	Health status, Availability of Hospitals and over all environmental condition. Is there any chronic disease prevalent in this area and are you aware about HIV/AIDS and STP?	No incidence of chronic health issues among the villagers.
32	<p><b><u>In case of already constructed substation</u></b></p> <ul style="list-style-type: none"> <li>• Did you face any problems?</li> <li>• Do have any issues or concern or problems</li> <li>• Have you been consulted prior to construction?</li> <li>• Are you satisfied with the construction activities?</li> <li>• Are you satisfied with the government's initiative</li> </ul>	no problem.
33	<p><b><u>In case of already constructed HT line</u></b></p> <ul style="list-style-type: none"> <li>• Did you face any problem due to construction of HT lines?</li> <li>• Did you lose any trees or crops during the line construction? If yes, was there any compensation for the same</li> <li>• Did you have any complaints which you raised to MSEDCL or contractor</li> <li>• Was your problem resolved</li> <li>• Are you satisfied with the line construction?</li> </ul>	no problem.
34	Did you ever use the MSEDCL customer care number for raising the complaints? What is the kind of complaints in general	
35	Is the consultation useful	Very useful.

#	ISSUES	PARTICIPANTS' OPINION, COMMENTS AND SUGGESTIONS
36	Would you support and participate during the implementation of Project	
37	Any other Suggestions if any	

## Consultation 4

9	Existing Substation or Proposed Substation:	New
10	Type of Area (Urban/Rural/Highly Congested Urban):	<b>Rural</b>

Date of Consultation: 2<sup>nd</sup> February 2023

#	ISSUES	PARTICIPANTS' OPINION, COMMENTS AND SUGGESTIONS
1	Have you heard about the Project or Do you have any information about the project	There was problem of low voltage, frequent tripping and load shedding in the area. there was long demand for a new substation by the villagers. The people in the locality came to know about the project from the local MLA.
2	What is your opinion about this Project	Very happy and positive about the project.
3	Do you support this Project	There is 100 % support from the villagers. The Gram Panchayat identified the land and villagers provided land, labourer and supported in joint measurement.
4	Total households in the village and how many approximately have agriculture land and what is the average landholding size?	<p>A total of 600 households lives in this village. The total population of the village is about 3500. About 40 % of the people are from general caste, 20 % are OBCs and 25 % are SCs. There are about 10 % scheduled tribes in the village.</p> <p>About 70 % (420 families) of the households are having agricultural land in this village. In this village about 40 % are small farmers having land size of less than 2.5 acres, 40 % are medium farmers having land in the range of 2.5 to 5 acres and 20 % are having more than 5 acres of agricultural land.</p> <p>100 % of the families are engaged in agriculture. Besides 70 % farmers, almost all the family members 100 % are working as daily wage workers both in agriculture and non-agriculture sector. Similarly all the women are also engaged in agriculture activities.</p>

#	ISSUES	PARTICIPANTS' OPINION, COMMENTS AND SUGGESTIONS												
5	Are all houses electrified and if yes then what is average hours of electricity do you get?	All the households are having electricity. The average availability of electricity is about 24 hours per day. Earlier there was load shedding, and low voltage. With HVDS now the problem is solved.												
6	Are there separate agriculture connections in the village and if yes then what is the percentage of farmers who have existing agriculture connections	Yes separate feeder												
7	How many agricultural pumps do you have in your village	200 pumps												
8	Out of the total agricultural pumps how many are electrified and how many are run on diesel?	Before 10-12 5 HP pumps were running on diesel.												
9	What is the average horsepower of the pumps?	3 HP pumps are used by 25 %. A 5 HP pump is used by 50 %. A 7.5 HP pump is used by 25 %.  The ground water availability is at 300-350 feet.												
10	How many farmers depend on one pump and how they manage. Who is responsible for getting the pump installed and maintenance including the payment of electricity bill	No sharing.												
11	How many hours of electricity you get for your pump and how much you pay monthly?	The villagers are charged Rs. 3500 per quarter for 3 HP, Rs. 5000 per quarter for 5 HP and Rs. 7500 per quarter for 7.5 HP. But no one pays												
12	How much land can be irrigated with an average size of horsepower pump	A 3 HP pump irrigates about 2 acres in 7 days. A 5 HP pump irrigates about 4-5 acres in 7 days. A 7.5 HP pump irrigates about 7-10 acres in 7 days.												
13	How much expenditure does it take for a diesel-based pump to run for one hour and how many hours on an average, it is run	NA												
13	Do you think electrified pump will be beneficial and if yes then please share how?	The crops that are cultivate by the villagers and the outputs per <b>acre</b> are as follows  <table border="1"> <thead> <tr> <th>Before HVDS</th> <th>After HVDS</th> </tr> </thead> <tbody> <tr> <td>Channa – 4 quintals</td> <td>Channa – 6 quintals</td> </tr> <tr> <td>Tuar– 2 quintals</td> <td>Tuar– 3-4 quintals</td> </tr> <tr> <td>Wheat – 10 quintals</td> <td>Wheat – 15 quintals</td> </tr> <tr> <td>Soyabean – 5-6 quintals</td> <td>Soyabean – 5-6 quintals (monsoon)</td> </tr> <tr> <td>Turmeric is introduced as a new crop.</td> <td></td> </tr> </tbody> </table>	Before HVDS	After HVDS	Channa – 4 quintals	Channa – 6 quintals	Tuar– 2 quintals	Tuar– 3-4 quintals	Wheat – 10 quintals	Wheat – 15 quintals	Soyabean – 5-6 quintals	Soyabean – 5-6 quintals (monsoon)	Turmeric is introduced as a new crop.	
Before HVDS	After HVDS													
Channa – 4 quintals	Channa – 6 quintals													
Tuar– 2 quintals	Tuar– 3-4 quintals													
Wheat – 10 quintals	Wheat – 15 quintals													
Soyabean – 5-6 quintals	Soyabean – 5-6 quintals (monsoon)													
Turmeric is introduced as a new crop.														
14	Do you think electrified pump will be beneficial and if yes then please share how?	Yes it will be beneficial and will help in increasing the productivity of agriculture.												
15	What are the major crops and how many crops you cultivate in a year?	The villagers cultivate chana, wheat, tuar, wheat and introduces turmeric as a new crop.  The farmers cultivate 2 crops annually.												

#	ISSUES	PARTICIPANTS' OPINION, COMMENTS AND SUGGESTIONS
16	Do you face any problem regarding current electric supply as far as home connection and agriculture connections are concerned?	Now no problem with HVDS.
17	Do you think that the Project is necessary	The project is necessary
18	What are your main concerns/issues about the project	There is demand for supply of electricity during night time for agriculture.
19	Can you suggest how best to address your concerns/issues	NA
20	The Project is about new agricultural connection through new feeders and new substations. There might be loss of crops and trees during construction. Would you volunteer to cooperate with the MSEDCL during construction?	There will be no loss of crops or trees. 100 % support from villagers.
21	Also, the proposed new land which may be government or privately owned the proposed new land which may be government or privately owned. Would you volunteer to donate or sell the land for the Project?	GP identified the land and helped in transferring the land to MSEDCL.
22	Do you expect any kind of compensation if there is loss to land or crops or trees (which is negligible) during construction? MSEDCL wants your cooperation in this regard for no compensation. What is your thought on this since the project will be for your development?	NA
23	If you need compensation, what kind of compensation will you be expecting (cash or kind) in case of land acquisition	NA
24	Specifically, what concerns/issues do you have on the implementation of the project with respect to the following: <ul style="list-style-type: none"> <li>• Community health and safety</li> <li>• Land</li> <li>• Agricultural production</li> <li>• Cultural heritage</li> <li>• Displacement</li> <li>• Loss of income and business</li> <li>• Others (Specify)</li> </ul>	No concerns
25	What positive impacts and/or benefits do you think the project will have	
26	What negative impacts do you think the project will have	No negative impact.

#	ISSUES	PARTICIPANTS' OPINION, COMMENTS AND SUGGESTIONS
27	How safe do you think or consider the distribution feeder?	Very safe
28	Any criteria you would like to be considered for project design, construction and operation stage?	Not yet

- 3 Site/Location: Bhadarpur
- 4 Village: Bhadarpur
- 5 Tehasil/Block Parola
- 6 District Jalgaon
- 7 Region Kokan
- 8 Existing Feeder or Proposed Feeder: Existing
- 9 Existing Substation or Proposed Substation: Existing
- 10 Type of Area (Urban/Rural/Highly Congested Urban: **Rural**)

Date of Consultation: 8th February 2023

#	ISSUES	PARTICIPANTS' OPINION, COMMENTS AND SUGGESTIONS
1	Have you heard about the Project or Do you have any information about the project	The villagers were facing problem of low voltage, frequent tripping and load shedding. There are more farmers in this site and was suffering a lot due to electricity problem. The existing sub-station could not able to cater to the large number of farmers. They were continuously complaining for last 3 to 4 years with MSEDCL office and the villagers were demanding an additional transformer. The villagers came to know about the substation from MSEDCL staff.
2	What is your opinion about this Project	All the problem will be solved so very happy for having a new sub-station.
3	Do you support this Project	100 % support from the villagers. All RoW issues resolved by the villagers and the villagers provide water during the construction of the sub-station.
4	Total households in the village and how many approximately have agriculture land and what is the average landholding size?	<p>A total of 1500 households lives in Bhadarpur village. The total population of the village is about 10000. There are 40 % general caste people, about 20-25 % are OBCs, 20 % are SCs and 20 % are STs. The STs belong to Bhil and Pardi tribes.</p> <p>About 90 % (1350) of the households are having agricultural land. In this village about 40 % are small farmers having land size of less than 2.5 acres, 40 % are medium farmers having land in the range of 2.5 to 5 acres and the rest 20 % are having more than 5 acres of agricultural land.</p> <p>About 90 % of the households in this village are engaged in agriculture. Further about 70-80 % are working as daily</p>

#	ISSUES	PARTICIPANTS' OPINION, COMMENTS AND SUGGESTIONS	
		wage workers engaged in both agricultural and non-agricultural work. In this village about 50 % of the households are having live stocks. Majority about 90 % of the women are engaged agriculture, as farmers and daily wage workers. there are about 20 to 30 shops in this village and about 20-30 persons are engaged in private jobs.	
5	Are all houses electrified and if yes then what is average hours of electricity do you get?	All the households are having electricity. The average availability of electricity is about 24 hours per day.	
6	Are there separate agriculture connections in the village and if yes then what is the percentage of farmers who have existing agriculture connections	There is 100 % separate agricultural connections for the farmers.	
7	How many agricultural pumps do you have in your village	500 households are having pumps out of the 1350 households those who have agriculture land.	
8	Out of the total agricultural pumps how many are electrified and how many are run on diesel?	All the pumps are run by electricity.	
9	What is the average horsepower of the pumps?	3 HP pump is used by 60 % of the household 5 HP pumps is used by 40 % of the households.  The ground water availability is at 500-600 feet. There are about 40-50 open wells where water is available at 30-35 feet.	
10	How many farmers depend on one pump and how they manage. Who is responsible for getting the pump installed and maintenance including the payment of electricity bill	There is no sharing of pumps among the farmers.	
11	How many hours of electricity you get for your pump and how much you pay monthly?	On an average they get 8 hours of electricity to run their pumps. The quarterly fee for a 3 HP pump is Rs. 2300 and for 5 HP it is Rs 3200.	
12	How much land can be irrigated with an average size of horsepower pump	A 3 HP pump irrigates about 3.5 acres in 7 days A 5 HP pump irrigates about 5 acres in 7 days.  The ground water availability is at 500-600 feet.	
13	How much expenditure does it take for a diesel-based pump to run for one hour and how many hours on an average, it is run	NA	
13	Do you think electrified pump will be beneficial and if yes then please share how?	The crops that are cultivate by the villagers and the outputs per <b>acre</b> are as follows	
		Majority about 70 % of the households cultivates cotton in this location.	
		<p style="text-align: center;"><b>Before HVDS</b></p> Cotton – 5-6 quintals Maizde – 15 quintals Jwar – 10 quintals Bajra– 6-7 quintals Wheat – 10 quintals Channa 4–5 quintals Sunflower – 4 quintals	<p style="text-align: center;"><b>After HVDS</b></p> Cotton – 7-8 quintals Maizde – 20 quintals Jwar – 15 quintals Bajra– 10 % quintals Wheat – 12-15 quintals Channa 6-7 quintals Sunflower – 6 quintals

#	ISSUES	PARTICIPANTS' OPINION, COMMENTS AND SUGGESTIONS
14	Do you think electrified pump will be beneficial and if yes then please share how?	Yes it will be beneficial and will help in increasing the productivity of agriculture.
15	What are the major crops and how many crops you cultivate in a year.	The villagers cultivate cotton, maize, jwar, bajra, wheat channa and sunflowers.  The villagers cultivate 2 crops annually.
16	Do you face any problem regarding current electric supply as far as home connection and agriculture connections are concerned?	For household there is no problem,  For agriculture earlier there was problem but with HVDS all the problems are solved.
17	Do you think that the Project is necessary	The project is necessary and besides resolving the electricity supply and voltage issues, it will help in increase in output of agriculture.
18	What are your main concerns/issues about the project	No issues.
19	Can you suggest how best to address your concerns/issues	NA
20	The Project is about new agricultural connection through new feeders and new substations. There might be loss of crops and trees during construction. Would you volunteer to cooperate with the MSEDCL during construction?	There is no loss of crops or trees.
21	Also, the proposed new land which may be government or privately owned the proposed new land which may be government or privately owned. Would you volunteer to donate or sell the land for the Project?	
22	Do you expect any kind of compensation if there is loss to land or crops or trees (which is negligible) during construction? MSEDCL wants your cooperation in this regard for no compensation. What is your thought on this since the project will be for your development?	NA
23	If you need compensation, what kind of compensation will you be expecting (cash or kind) in case of land acquisition	NA
24	Specifically, what concerns/issues do you have on the implementation of the project with respect to the following: <ul style="list-style-type: none"> <li>• Community health and safety</li> <li>• Land</li> <li>• Agricultural production</li> <li>• Cultural heritage</li> <li>• Displacement</li> <li>• Loss of income and business</li> <li>• Others (Specify)</li> </ul>	No concerns

#	ISSUES	PARTICIPANTS' OPINION, COMMENTS AND SUGGESTIONS
25	What positive impacts and/or benefits do you think the project will have	This will benefit the farmers. The villagers will start cultivating sugarcane and banana. The increase in income will enhance their quality of life and they will invest more on education of the children, constructing new houses or renovating their houses and may start some new business.
26	What negative impacts do you think the project will have	No negative impact.
27	How safe do you think or consider the distribution feeder?	Very safe
28	Any criteria you would like to be considered for project design, construction and operation stage?	
29	How long have you been living in this area	Since birth
30	Are there any indigenous people/ tribal people or ethnic minority living in this area? If yes, how far and what is the name of tribe group and what is their number of households etc.	Bhil and Pardi tribes
31	Health status, Availability of Hospitals and over all environmental condition. Is there any chronic disease prevalent in this area and are you aware about HIV/AIDS and STP?	No incidence of chronic health issues among the villagers.
32	<p><b><u>In case of already constructed substation</u></b></p> <ul style="list-style-type: none"> <li>• Did you face any problems?</li> <li>• Do have any issues or concern or problems</li> <li>• Have you been consulted prior to construction?</li> <li>• Are you satisfied with the construction activities?</li> <li>• Are you satisfied with the government's initiative</li> </ul>	No problem.
33	<p><b><u>In case of already constructed HT line</u></b></p> <ul style="list-style-type: none"> <li>• Did you face any problem due to construction of HT lines?</li> <li>• Did you lose any trees or crops during the line construction? If yes, was there any compensation for the same</li> <li>• Did you have any complaints which you raised to MSEDCL or contractor</li> <li>• Was your problem resolved</li> <li>• Are you satisfied with the line construction?</li> </ul>	No issue.

#	ISSUES	PARTICIPANTS' OPINION, COMMENTS AND SUGGESTIONS
34	Did you ever use the MSEDCL customer care number for raising the complaints? What is the kind of complaints in general	
35	Is the consultation useful	Very useful.
36	Would you support and participate during the implementation of Project	Villagers provided all support whenever required.
37	Any other Suggestions if any

वाटपास निर्बाधरित्या उपलब्ध असल्याने मागणी केलेली जमिन अधिक्षक अभियंता मडळ कार्यालय, महावितरण, हिंगोली यांना भाडेपट्यावर देण्यास हरकत नाही, असे कळविले आहे.

संदर्भ क्र. 1 शासन निर्णय दि.11.4.2016 अन्वये ऊर्जा विभागांतर्गत महावितरण व महापारेषण या शासकीय कंपन्यांच्या मध्यामातुन राबविण्यात येणाऱ्या राज्य व केंद्र पुरस्कृत ज्या योजनांना शासनाने मान्यता दिली आहे अश्या योजनांतर्गत विद्युत पायाभूत सुविधा व वीज उपकेंद्र उभारण्यासाठी प्रकरण परत्वे आवश्यक शासकीय जमिन सदर कंपन्यांना भाडेपट्याने रू 1 /- प्रति वर्ष या नाममात्र भुई भाड्याने 30 वर्षासाठी, त्याच तत्वावर पुढील नुतनीकरणाच्या तरतुदीसह उपलब्ध करून देण्यास शासनाची मान्यता दिली आहे. या शासन निर्णयातील कार्यपध्दतीस अनुसरून शासकीय जमिन उपलब्ध करून देण्याची कार्यवाही करणे बाबतचे अधिकार जिल्हाधिकारी यांना प्रदान करण्यात आलेले आहे. सदरचा शासन निर्णय महसुल व वन विभागाच्या सहमतीने व त्यांचा अने.संदर्भ क्र. 18198 दि 23.3.2016 अन्वये निर्गमित केले आहे.

संदर्भ क्र. 2. शासन निर्णय अन्वये, उच्चदाब वितरण प्रणालीद्वारे (HVDS) कृषीपंप ऊर्जाकरण करण्याच्या योजनेस मान्यता प्रदान करण्यात आलेली आहे.

संदर्भ क्र.05 सहाय्यक संचालक नगर रचना विभाग हिंगोली यांनी हिंगोली जिल्हयाच्या प्रादेशिक योजनेला शासनाने दिनांक 1.1.2018 रोजीच्या अधिसूचनेद्वारे मंजूरी प्रदान केली असून, संपुर्ण प्रदेशासाठी विकास नियंत्रण नियमावली लागू झाली आहे. त्यानुसार शासकीय / गायरान जमिनीमध्ये सार्वजनिक स्वरूपाचा वापर अनुज्ञेय होत आहे. त्यामुळे सदरील जागेवर 33/11 के.व्ही उपकेंद्र उभारणी करणेसाठी जागा देण्यास हरकत नाही. जागा हस्तांतरित झाल्यानंतर सदरील जागेवर विकास करताना प्रादेशीक योजनेसाठी लागू विकास नियंत्रण व प्रोत्याहन नियमावलीच्या अनुषंगाने विकास करणे बंधनकारक राहिल. तसेच सदरील जागेला किमान 12 मी रुंदीचा अधिकृत पोहोच मार्ग उपलब्ध होईल याची खात्री करावी, असे पत्रात नमूद केले आहे.

संदर्भ क्र. 6 उपअधिक्षक भुमि अभिलेख, हिंगोली यांच्याकडून मोजणी करून घेण्यात आली, मोजणी नकाशा क्र.1190 /2019 दि.नांक 17.10.2019 असा आहे.

संदर्भ क्र.07 ग्रामपंचायत कार्यालय कानडखेडा ता. हिंगोली यांनी दिनांक 9.8.2019 अन्वये, सदर जागा अधिक्षक अभियंता मंडळ कार्यालय, महावितरण, हिंगोली यांना महसूल प्रशासनाचे मान्यतेच्या अधिन राहून देण्यास हरकत नाही असे, ठरावामध्ये नमूद केले आहे.

संदर्भ क्र. 8 अन्वये जिल्हा आरोग्य अधिकारी जिल्हा परिषद हिंगोली यांनी सदरील जागेचे उक्त प्रयोजनासाठी वाटप करण्यास प्रमाणीत केले आहे.

संदर्भ क्र. 9 उपजिल्हाधिकारी भुसंपादन यु.पी.पी.क्र.2 हिंगोली यांनी उक्त नमूद जमिनीचा भुसंपादनाचा प्रस्ताव प्रस्तावीत अथवा प्रलंबित असल्याचे आढळून येत नाही असे पत्रात नमूद केले आहे.

संदर्भ क्र. 10 कार्यकारी अभियंता सा. बां. विभाग हिंगोली यांनी प्रस्तावीत गट सार्वजनिक बांधकाम विभागाच्या हदीत येत नाही. शासनाच्या परिपत्रकानुसार अटी व नियमामध्ये भविष्यात काही बदल झाल्यास संबंधित विभागाने याबाबत योग्य दक्षता घेणे बंधनकारक राहिल असे, पत्रात नमूद केले आहे.

संदर्भ क्र. 11 कार्यकारी अभियंता पुर्णा पाटबंधारे विभाग वसमतनगर यांनी, सदर विभागास जमिन देण्यास हरकत नाही असे, पत्रात नमूद केले आहे.

उपविभागीय अधिकारी, हिंगोली प्रस्तावीत केल्यानुसार सदर जमिन निर्बाध्यरित्या वाटपास उपलब्ध असल्याचे दिसून येते. म्हणून उपअधिक्षक भूमि अभिलेख यांच्याकडील मोजणी नकाशानुसार उच्च दाब वितरण प्रणाली HVDS योजने अंतर्गत मौ. कानडखेडा बु. ता. हिंगोली येथील शासकीय गट क्र. 16 एकूण क्षेत्र 5 हे 80 आर पैकी 0 हे 60 आर जमीन अधिक्षक अभियंता मंडळ कार्यालय, महावितरण, हिंगोली यांना रू 1.00 प्रतिवर्ष याप्रमाणे 30 वर्षा करीता भाडेपटयावर खालील अटी व शर्तीवर जमीन प्रदान करण्यास मान्यता देण्यात येते.

अटी

1. उपविभागीय अधिकारी, हिंगोली यांनी विषयाकित जागा वाटपास निर्बाध्यरित्या उपलब्ध असल्याची खातरजमा करणे आवश्यक राहिल.
2. अधिक्षक अभियंता मंडळ कार्यालय, महावितरण, हिंगोली यांनी शासकीय जमिनीचा वापर केवळ

33.11 के वी उपकेंद्र उभारणी करीता करावी, अन्य कोणत्याही प्रयोजनासाठी वापर करू नये.

दस्ता क्र. 4008/2020	
96	24

अथवा त्यांच्या कोणत्याही भागाचा तात्पुरता अथवा कायमस्वरूपी वापर करावयाचा झाल्यास त्यासाठी या कार्यालयाची पूर्वमान्यता घेणे बंधनकारक राहिल.

3. विषयांकित जमीनीवर संबंधित सक्षम प्राधिकारी / नियोजन प्राधिकरणाच्या विहित परवानगीने व मंजुर विकास नियंत्रण नियमावलीनुसार विकास होणे बंधनकारक राहिल. तसेच या व्यतिरिक्त अन्य संबंधित विभाग / शासकीय यंत्रणा यांची मान्यता / पुर्व परवानगी / नाहरकत घेणे बंधनकारक राहिल.
4. प्रस्तावीत प्रयोजनामूळे लगतच्या खातेदारांना कोणत्याही प्रकारचा त्रास होणार नाही, त्यांच्यावैध वहिवाटेस बांधा येणार नाही तसेच हस्तांतरीत जागेला किमान 12 मी. रुंदीचा अधिकृत पोहाचे मार्ग उपलब्ध करण्याची कार्यवाही अधिक्षक अभियंता मंडळ कार्यालय, महावितरण, यांनी करावी.
5. अधिक्षक अभियंता मंडळ कार्यालय, महावितरण, विभागास विषयांकित शासकीय जमिन वर्ग केल्यानंतर उक्त विभाग सदर जमीन भोगवटादार वर्ग- 2 या धारणाधिकाराने धारण करील.
6. जिल्हाधिकारी यांचे पूर्व परवानगी शिवाय सदर जमिन किंवा तिचा कोणताही भाग किंवा तिच्यातील कोणतेही हितसंबंध विक्री / देणगीदेऊन / अदलाबदलकरून/ गहाण ठेऊन / पटयाने देऊन / खाजगी सार्वजनिक सहभाग तत्वावर किंवा बाहयंत्रणेद्वारे किंवा अन्य कोणत्याही प्रकारे हस्तांतरीत करता येणार नाही.
7. सदर जमिनीवर अथवा त्यांच्या कोणत्याही भागावर अन्य व्यक्ती/ संस्था / कंपनी इत्यादीचे कोणत्याही प्रकारे हक्क निर्माण होतील अशा प्रकारे कोणताही आर्थिक व्यवहार करता येणार नाही.
8. जिल्हाधिकारी यांचे पूर्व परवानगी शिवाय सदर जमिनीचे पोटविभाजन करता येणार नाही.
9. जमिनीचा ताबा मिळाल्यापासून 3 वर्षांच्या आत जमिनीचा मंजुर प्रयोजनासाठी वापर करणे बंधनकारक राहिल.
10. ज्या प्रयोजनासाठी जमीन देण्यात आलेली आहे, त्याच प्रयोजनासाठी वापरत नाही किंवा प्रयोजनाव्यतिरिक्त इतर प्रयोजनासाठी वापरण्यात आली असेल किंवा कोणत्याही सार्वजनिक

हवाल १

जिल्हाधिकारी कार्यालय हिंगोली  
दिनांक 02/11/2019

प्रकरण :- मौ. कानडखेडा बु ता. हिंगोली येथील शासकीय गट क्र. 16 क्षेत्र 0 हे 60 आर जमीन HVDS योजने अंतर्गत 33/111 के.व्ही उपकेंद्र उभारणीसाठी 30 वर्षांच्या भाडेपट्यावर मिळणे बाबत.

:आदेश:

ज्याअर्थी, संदर्भ क्र 03 अन्वये , अधीक्षक अभियंता मंडळ कार्यालय, महावितरण, हिंगोली यांनी मौ. कानडखेडा बु ता. हिंगोली येथील शासकीय गट क्र. 16 मधून 0 हे 60 आर जमीन HVDS योजने अंतर्गत 33/111 के.व्ही उपकेंद्र उभारणीसाठी उद्योग, ऊर्जा व कामगार विभागाचे शासन निर्णय क्र. उविप्र-2018-प्र.क्र.30-ऊर्जा-5 दि.5.5.2018 अन्वये मान्यता देण्यात आली आहे. सदरील योजने अंतर्गत रु 1.00 प्रति वर्ष याप्रमाणे 30 वर्षा करीता भाडेपट्यावर शासकीय जमिन मंजूर करणे बाबत विनंती केली आहे.

त्याअनुषंगाने उपविभागीय अधिकारी हिंगोली यांनी संदर्भ क्र 4 अन्वये प्रस्ताव या कार्यालयास सादर केलेला आहे, त्यात सादर जमिनीवर अतिक्रमण नाही, वनजमिन नाही, जमिनीचा वाद प्रलंबित नाही, कोणत्याही विभागाची मागणी नाही, आगाऊ ताबा देण्यात आला नाही. प्रस्तावीत क्षेत्राची उपअधीक्षक भूमि अभिलेख यांच्याकडून मोजणी करून घेतली आहे, ग्रामपंचायत नाहरकत प्रमाणपत्र आहे , सादर जमिन

वाटपास निर्बाध्यरित्या उपलब्ध असल्याने मागणी केलेली जमिन अधिक्षक अभियंता मडळ कार्यालय, महावितरण, हिंगोली यांना भाडेपटयावर देण्यास हरकत नाही, असे कळविले आहे.

संदर्भ क्र. 1 शासन निर्णय दि.11.4.2016 अन्वये ऊर्जा विभागांतर्गत महावितरण व महापारेषण या शासकीय कंपन्यांच्या मध्यामातुन राबविण्यात येणाऱ्या राज्य व केंद्र पुरस्कृत ज्या योजनांना शासनाने मान्यता दिली आहे अश्या योजनांतर्गत विद्युत पायाभूत सुविधा व वीज उपकेंद्र उभारण्यासाठी प्रकरण परत्वे आवश्यक शासकीय जमिन सदर कंपन्यांना भाडेपटयाने रू 1 /- प्रति वर्ष या नाममात्र भुई भाडयाने 30 वर्षासाठी, त्याच तत्वावर पुढील नुतनीकरणाच्या तरतुदीसह उपलब्ध करून देण्यास शासनाची मान्यता दिली आहे. या शासन निर्णयातील कार्यपध्दतीस अनुसरून शासकीय जमिन उपलब्ध करून देण्याची कार्यवाही करणे बाबतचे अधिकार जिल्हाधिकारी यांना प्रदान करण्यात आलेले आहे. सदरचा शासन निर्णय महसुल व वन विभागाच्या सहमतीने व त्यांचा अनै.संदर्भ क्र. 18198 दि 23.3.2016 अन्वये निर्गमित केले आहे.

संदर्भ क्र. 2. शासन निर्णय अन्वये, उच्चदाब वितरण प्रणालीद्वारे (HVDS) कृषीपंप ऊर्जाकरण करण्याच्या योजनेस मान्यता प्रदान करण्यात आलेली आहे.

संदर्भ क्र.05 सहाय्यक संचालक नगर रचना विभाग हिंगोली यांनी हिंगोली जिल्हयाच्या प्रादेशिक योजनेला शासनाने दिनांक 1.1.2018 रोजीच्या अधिसूचनेद्वारे मंजुरी प्रदान केली असून, संपुर्ण प्रदेशासाठी विकास नियंत्रण नियमावली लागू झाली आहे. त्यानुसार शासकीय / गायरान जमिनीमध्ये सार्वजनिक स्वरूपाचा वापर अनुज्ञेय होत आहे. त्यामुळे सदरील जागेवर 33/11 के.व्ही उपकेंद्र उभारणी करणेसाठी जागा देण्यास हरकत नाही. जागा हस्तांतरीत झाल्यानंतर सदरील जागेवर विकास करताना प्रादेशीक योजनेसाठी लागू विकास नियंत्रण व प्रोत्याहन नियमावलीच्या अनुषंगाने विकास करणे बंधनकारक राहिल. तसेच सदरील जागेला किमान 12 मी रुंदीचा अधिकृत पोहोच मार्ग उपलब्ध होईल याची खात्री करावी, असे पत्रात नमूद केले आहे.

संदर्भ क्र. 6 उपअधिक्षक भुमि अभिलेख, हिंगोली यांच्याकडून मोजणी करून घेण्यात आली, मोजणी नकाशा क्र.1190 /2019 दिनांक 17.10.2019 असा आहे.

संदर्भ क्र.07 ग्रामपंचायत कार्यालय कानडखेडा ता. हिंगोली यांनी दिनांक 9.8.2019 अन्वये, सदर जागा अधिक्षक अभियंता मंडळ कार्यालय, महावितरण, हिंगोली यांना महसूल प्रशासनाचे मान्यतेच्या अधिन राहून देण्यास हरकत नाही असे, ठरावामध्ये नमूद केले आहे.

संदर्भ क्र. 8 अन्वये जिल्हा आरोग्य अधिकारी जिल्हा परिषद हिंगोली यांनी सदरील जागेचे उक्त प्रयोजनासाठी वाटप करण्यास प्रमाणीत केले आहे.

संदर्भ क्र. 9 उपजिल्हाधिकारी भुसंपादन यु.पी.पी.क्र.2 हिंगोली यांनी उक्त नमूद जमिनीचा भुसंपादनाचा प्रस्ताव प्रस्तावीत अथवा प्रलंबित असल्याचे आढळून येत नाही असे पत्रात नमूद केले आहे.

संदर्भ क्र. 10 कार्यकारी अभियंता सा. बां. विभाग हिंगोली यांनी प्रस्तावीत गट सार्वजनिक बांधकाम विभागाच्या हदीत येत नाही. शासनाच्या परिपत्रकानुसार अटी व नियमामध्ये भविष्यात काही बदल झाल्यास संबंधित विभागाने याबाबत योग्य दक्षता घेणे बंधनकारक राहिल असे, पत्रात नमूद केले आहे.

संदर्भ क्र. 11 कार्यकारी अभियंता पुर्णा पाटबंधारे विभाग वसमतनगर यांनी, सदर विभागास जमिन देण्यास हरकत नाही असे, पत्रात नमूद केले आहे.

उपविभागीय अधिकारी , हिंगोली प्रस्तावीत केल्यानुसार सदर जमिन निर्बाध्यरित्या वाटपास उपलब्ध असल्याचे दिसून येते. म्हणून उपअधिक्षक भूमि अभिलेख यांच्याकडील मोजणी नकाशानुसार उच्च दाब वितरण प्रणाली HVDS योजने अंतर्गत मौ. कानडखेडा बु. ता. हिंगोली येथील शासकीय गट क्र. 16 एकूण क्षेत्र 5 हे 80 आर पैकी 0 हे 60 आर जमीन अधिक्षक अभियंता मंडळ कार्यालय, महावितरण, हिंगोली यांना रू 1.00 प्रतिवर्ष याप्रमाणे 30 वर्षा करीता भाडेपटयावर खालील अटी व शर्तीवर जमीन प्रदान करण्यास मान्यता देण्यात येते.

अटी

1. उपविभागीय अधिकारी, हिंगोली यांनी विषयाकित जागा वाटपास निर्बाध्यरित्या उपलब्ध असल्याची खातरजमा करणे आवश्यक राहिल.
2. अधिक्षक अभियंता मंडळ कार्यालय, महावितरण, हिंगोली यांनी शासकीय जमिनीचा वापर केवळ 33/11 के.व्ही उपकेंद्र उभारणी करीता करावा. अन्य कोणत्याही प्रयोजनासाठी सदर जमिनीचा

- अथवा त्यांच्या कोणत्याही भागाचा तात्पुरता अथवा कायमस्वरूपी वापर करावयाचा झाल्यास त्यासाठी या कार्यालयाची पूर्वमान्यता घेणे बंधनकारक राहिल.
3. विषयार्कित जमीनीवर संबधित सक्षम प्राधिकारी / नियोजन प्राधिकरणाच्या विहित परवानगीने व मंजुर विकास नियंत्रण नियमावलीनुसार विकास होणे बंधनकारक राहिल. तसेच या व्यतिरिक्त अन्य संबधित विभाग / शासकीय यंत्रणा यांची मान्यता / पूर्व परवानगी / नाहरकत घेणे बंधनकारक राहिल.
  4. प्रस्तावीत प्रयोजनामूळे लगतच्या खातेदारांना कोणत्याही प्रकाराचा त्रास होणार नाही, त्यांच्यावैध वहिवाटेस बांधा येणार नाही तसेच हस्तांतरीत जागेला किमान 12 मी. रुंदीचा अधिकृत पोहाचे मार्ग उपलब्ध करण्याची कार्यवाही अधिक्षक अभियंता मंडळ कार्यालय, महावितरण, यांनी करावी.
  5. अधिक्षक अभियंता मंडळ कार्यालय, महावितरण, विभागास विषयार्कित शासकीय जमिन वर्ग केल्यानंतर उक्त विभाग सदर जमीन भोगवटादार वर्ग- 2 या धारणाधिकाराने धारण करील.
  6. जिल्हाधिकारी यांचे पूर्व परवानगी शिवाय सदर जमिन किंवा तिचा कोणताही भाग किंवा तिच्यातील कोणतेही हितसंबध विक्री / देणगीदेऊन / अदलाबदलकरून/ गहाण ठेऊन / पटयाने देऊन / खाजगी सार्वजनिक सहभाग तत्वावर किवा बाहययंत्रणेद्वारे किंवा अन्य कोणत्याही प्रकारे हस्तांतरीत करता येणार नाही.
  7. सदर जमिनीवर अथवा त्यांच्या कोणत्याही भागावर अन्य व्यक्ती/ संस्था / कंपनी इत्यादीचे कोणत्याही प्रकारे हक्क निर्माण होतील अशा प्रकारे कोणताही आर्थिक व्यवहार करता येणार नाही.
  8. जिल्हाधिकारी यांचे पूर्व परवानगी शिवाय सदर जमिनीचे पोटविभाजन करता येणार नाही.
  9. जमिनीचा ताबा मिळाल्यापासून 3 वर्षांच्या आत जमिनीचा मंजुर प्रयोजनासाठी वापर करणे बंधनकारक राहिल.
  10. ज्या प्रयोजनासाठी जमीन देण्यात आलेली आहे, त्याच प्रयोजनासाठी वापरत नाही किंवा प्रयोजनाव्यतिरिक्त इतर प्रयोजनासाठी वापरण्यात आली असेल किंवा कोणत्याही सार्वजनिक

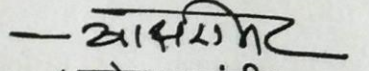

प्रयोजनासाठी शासनास जमिनीची आवश्यकता भासल्यास उक्त जमीनीवरील वास्तु व बांधकामासह ती जमीन प्रतिग्रहीता विनामुल्य शासनास परत घेण्याचे अधिकार राहिल.

11. उपरोक्त अटी व शर्ती मान्य असले बाबत अधिक्षक अभियंता मंडळ कार्यालय, महावितरण, हिंगोली यांनी करारनामा करून देणे बंधनकारक राहिल.
12. अधिक्षक अभियंता मंडळ कार्यालय, महावितरण, हिंगोली यांना जमिनीचा ताबा दिल्यानंतर जमिनीवर अतिक्रमण होणार नाही तसेच सदरील जमिनीचे संरक्षण करण्याची जबाबदारी ही त्यांच्यावर राहिल.
13. शासन परिपत्रक दिनांक 23.10.2012 अन्वये शासकीय जमिनीबाबतचे नियम 49 अन्वये नमूना क्र 18 मधील प्रमाणपत्र तहसिलदार यांच्याकडून प्राप्त करून घेण्यात यावे. मंजुर करण्यात आलेल्या जागेतील इमारत सिमा/ भित येथील दर्शनी भागात लावण्याबाबतची कार्यवाही अधिक्षक अभियंता मंडळ कार्यालय, महावितरण, हिंगोली यांनी करावी.
14. शासनाकडून वेळोवेळी प्राप्त होणारे सूचनाचे पालन अधिक्षक अभियंता मंडळ कार्यालय, महावितरण, हिंगोली यांना करणे बंधनकारक राहिल.
15. भाडेपट्याची रक्कम ही लेखापरिक्षणाच्या अधिन राहून निश्चित करण्यात आलेली आहे. लेखापरिक्षणामध्ये काही आक्षेप निघाल्यास त्याबाबतची रक्कम अधिक्षक अभियंता मंडळ कार्यालय, महावितरण, हिंगोली यांना भरणे बंधनकारक राहिल.
16. स्थानिक स्वारज्य संस्था व महसूल विभागाकडील कर नियामनूसार नियमितपणे भरावा.
17. सदर जागेचा ताबा घेतल्यानंतर, आदेश, ताबापावती, पंचनामा, करारनामा, नमूना-18 प्रमाणपत्र, मोजणी नकाशा , भाडेपट्याची रक्कम भरणे केल्याबाबतच चालनची प्रत, इत्यादी कागदपत्रासह संबधित तलाठी कार्यालयाकडे पत्र देऊन 7/12 मध्ये, तसेच ग्रामपंचायत कार्यालयाकडील नमूना -8 अ नोंद घेण्याची कार्यवाही अधिक्षक अभियंता मंडळ कार्यालय, महावितरण, हिंगोली यांनी करावी.
18. वरील अटी व शर्तीपेकी कोणत्याही अटी शर्तीचा भंग केल्यास शर्तभंगाबाबत सदर शासकीय जमीन शासन जमा करण्याचा अधिकार जिल्हाधिकारी यांना राहिल.

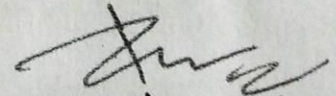

19. मंजूर करण्यात झालेल्या शासकीय जमिनीपैकी काही भागात झाडे लावून त्याची जोपसना करणे बंधनकारक राहिल.
20. प्रस्तावीत प्रयोजनाच्या अनुषंगाने शासनाच्या विविध विभागांनी वेळोवेळी निर्गमित केलेले आदेश / सूचना या प्रकरणी बंधनकारक राहतील व त्यानुषंगाने आवश्यक खबरदारी / काळजी घेणे बंधनकारक राहिल.
21. उपविभागीय अधिकारी, हिंगोली यांना त्यांना आवश्यक वाटतील अशा अन्य अटी व शर्ती घालण्याची मुभा राहिल.

  
( रुचेश जयवंशी )  
जिल्हाधिकारी, हिंगोली.

प्रतिलिपी :- माहिती व योग्य त्या कार्यवाहीस्तव.

1. उपविभागीय अधिकारी , हिंगोली यांना देऊन कळविण्यात येते की, आदेशामधील निर्देशानुसार अधीक्षक अभियंता मंडळ कार्यालय, महावितरण, हिंगोली जागेचा ताब दयावा.
2. सहाय्यक संचालक नगर रचना विभाग हिंगोली.
3. अधीक्षक अभियंता मंडळ कार्यालय, महावितरण, हिंगोली .
4. तहसिलदार हिंगोली.
5. गटविकास अधिकारी पंचायत समिती हिंगोली.

- Cost reduction initiatives
- New Quality Initiatives
- Project Performance Improvement Initiatives
- Training and development
- Process Improvement initiatives
- New technical affiliations/certifications
- Adoption of new technology

Do work in Minimum time & Machine use for maximum work like RMC etc. Also taking best quote from ground agency. Also Take Suggestion from our org. and be part of Self certification partner in INDUS. Also checking best practices of others , FRP Chambers , compactor for compaction etc. and flow the developed skilled person /team in our org. and as partner of INDUS family deliver good quality work in TAT. And take care of Opco. troubles

We conduct Safety (CTC), Quality training (QA),Accounting, Skill developing Training for our Origination. Also conducting PMP,SM etc. pro.

As we certify by ISO 9001 2008 in QMS also we adopting some new software (Microsoft Project )like for billing and data collecting.

We recently known new technical IS code witch we are using in our cell site Also newly known some in our PWD/HESCOM works , And getting certification for long services with INDUS & Good Quality work with HESCOM.

We did two sites in goa witch was on hilly areas & concreting not possible by RMC so here we use Bag concrete Technology and did work. Also we did Bricks project one COW site RFAL in 12 Hr. Chemical fastener for Poles & stap ladder. also

## Vision

**We preserve the natural resources on which life depends.**

## Mission

**We Actively improve environmental condition**

## Initiative

**Maximum people know regarding EHS & his importance. Also We have to educate them.**

## Our Safety Policy

- 1)To provide adequate control of the health and safety risks arising from our work activities.
- 2)To consult with our employees on matters affecting their health and safety.
- 3)To provide and maintain safe plant and equipment.
- 4)To ensure safe handling and use of substances.
- 5)To provide information, instruction and supervision for employees.

## **Appendix 11: Grievance Redress Mechanism**

## **Rule & Procedures in MSEDCL for Redressal of Grievances**

As provided under MERC (Consumer Grievance Redressal Forum & Electricity Ombudsman) Regulations, 2006 MSEDCL has established Consumer Grievance Redressal Forums at all Zonal level. Such Forums shall follow the principles of natural justice, inter-alia includes the following i) It shall protect the interest of consumers. ii) It shall facilitate and expedite the redressal of grievances. Grievances falling within the purview of any of the following provisions of the Act are excluded from the jurisdiction of the Forums;

- a) Unauthorized use of electricity as provided under section 126 of the Act i.e. I.E. 2003.
- b) Offences and penalties as provided under section 135 to 139 of the Act.
- c) Accident in the distribution, supply of use of electricity as provided under section 161 of the Act; and
- d) Recovery of arrears where the bill amount is not disputed.

As regards procedural aspects are concerned, the Set Mechanism is having three-tier system, which is provided as under;

### **1) Internal Grievances Redressal Cell (IGRC)**

The Applicant may approach to the appropriate office of the Distribution Licensee or IGRC and file the grievance as per the prescribed Format 'Form X' which is available on website & IGRC. The IGRC shall not admit any grievance unless it is filed within two (2) years from the date on which the cause of action has arisen. Where such grievance cannot be made in writing, the IGRC shall render all reasonable assistance to the person making the grievance orally to reduce the same in writing. The office of the IGRC shall issue acknowledgement of the receipt of the grievance to the consumer within five (5) working days from the date of receipt of a grievance. Where the grievance has been submitted in person, the acknowledgement shall be provided at the time of submission. The address & contact nos. of IGRC are available on following link of website;

[https://www.mahadiscom.in/wp-content/uploads/2018/06/IGRC-Addresses\\_-Annexure-A.xls](https://www.mahadiscom.in/wp-content/uploads/2018/06/IGRC-Addresses_-Annexure-A.xls)

### **2) Consumer Grievances Redressal Forum (CGRF)**

Having redressed or not and even if consumer is not satisfied with the decision of IGRC, he can approach to CGRF under the prescribed format in schedule 'A' of the MERC (CGRF & Electricity Ombudsman) Regulations, 2006 in duplicate along with all the particulars, documentary evidences within 60 days from date of decision of IGRC. Upon receipt of the prescribed format 'A', the CGRF provides the acknowledgement of receipt of grievance to the

consumer within five (5) working days from the date of receipt of grievance by post and if submitted in person the acknowledgement is to be provided at the time of submission. A copy of the grievance shall be forwarded forthwith by the CGRF to the Nodal Officer designated by the Distribution Licensee for redressal or to file its reply to the grievance. Within fifteen (15) days of intimation from the CGRF or within such other time as it may be directed, the Distribution Licensee shall furnish to CGRF with a copy to the consumer, its issue-wise comments/ reply on the grievance, failing which the Forum shall proceed on the basis of the material record available.

The CGRF shall notify the Distribution Licensee and the applicant who has submitted the grievance, the date of hearing of the grievance in writing, giving sufficient advance notice. The consumer is supposed to argue the case or he may depute his Representative **other than an Advocate** to present the case and to do all or carry of the acts for the purposes. The Distribution Licensee may depute either Nodal officer or such other executives to represent the case. Upon personal hearing, if required, CGRF may grant further such period for the submission or compliances as the case may be. CGRF needs to decide the grievance within a period of two (2) Months from the date of receipt of the grievance. The address & contact nos. of CGRFs are available on following link of website;

[https://www.mahadiscom.in/wp-content/uploads/2018/02/CGRF\\_web-aboutus.pdf](https://www.mahadiscom.in/wp-content/uploads/2018/02/CGRF_web-aboutus.pdf)

### 3) Electricity Ombudsman

Aggrieved by the order of CGRF, consumer can prefer appeal to the Electrical Ombudsman, Mumbai or Nagpur as the case may be within a period of 60 days from the date of order under the prescribed Form 'B'.

The addresses & contact nos. of Electricity Ombudsman are provided as under;

Office of the Electricity Ombudsman (Mumbai) Maharashtra Electricity Regulatory Commission, 606 – 608, 6 <sup>th</sup> Floor, Keshva Building, Bandra Kurla Complex, Bandra (East), Mumbai – 400 051. Tel. – 022 - 26592965, 30680528 Fax – 022 - 26592965	The Electricity Ombudsman (Nagpur) Plot no. 12, Shrikrupa Vijaynagar, Chhaoni, Nagpur, Pin Code-440013. Phone no. 0712 2022198.
--	--

**MSEDCL can challenge the Order of CGRF/ Ombudsman in the High Court.**

## **Appendix 13: Occupational Health and Safety Plan**

## **1. EMPLOYMENT**

Any member of MSEDCL engaging a person for employment or having an existing employee under his immediate supervision must ensure that:

- Every step is taken to ensure, as far as is reasonably practicable, that they do not suffer any illness or disability and are not undergoing treatment or medication which would constitute a hazard to themselves or others when carrying out their work.
- They are competent to carry out the work for which they are engaged in a safe manner or are placed under such supervision or given suitable training to enable their work to be carried out safely.
- Every employee has access to the MSEDCL Health and Safety Policy via the MSEDCL Intranet or be given a printed or software copy on request. Every employee is to be made aware of the MSEDCL Health and Safety Policy at initial induction and the importance of co-operating with the company in implementing the policy.
- They are made aware of the significant hazards to which they may be exposed during the course of their employment and the preventative measures taken to control such risks. They must be informed of the Emergency procedures and Evacuation plan, First Aid and Welfare arrangements for the location where they are based, and as far as is reasonably practicable, for other locations that may be visited.
- Young Persons (those under 18 years old) are not employed for work that is beyond their physical or psychological capacity. Managers employing Young Persons are to comply with the 'Health and Safety (Young Persons) Regulations and the Health and Safety (Training for Employment) Regulations as amended. In particular ensuring that Young Persons (or trainees) are not employed on high risk work e.g. High Voltage Electricity, Confined Spaces, Machinery etc.
- Where and when notified that Pregnant Women are employed, then Managers must take action to ensure that all risks are identified and controlled that may have a relevance to their condition no matter how insignificant.

## **2. ALCOHOL MISUSE**

Alcohol misuse is a problem which affects a significant proportion of the population regardless of status or occupation. Employees who drink excessively are more likely to have accidents at work, to be absent from work and to be less efficient than colleagues who do not do so.

Social drinking is of course a personal matter but concerns are raised when the pattern or amount of drink involved affects the employee's health, or his/her work, or attitude deteriorates, or presents a risk to others.

No alcohol is to be consumed during working hours on or off company premises.

Staff shall not consume alcohol prior to commencing work if:

- Required, during the course of their duties, to test repair or otherwise maintain electrical equipment whether made live or dead.
- Required to drive private or company vehicles on business
- Whilst on operational standby

- Required, during the course of their duties, to operate mechanical, electrical or hydraulic machinery or equipment.
- At any time during the course of their duties, the consumption of alcohol is liable to affect the safety of themselves or others

It is the Company intention to deal constructively and sympathetically with any employee's alcohol related problem. All employees are encouraged to approach the MSEDCL HR resource, who will provide advice and guidance on how to seek assessment of the problem and if necessary, suitable treatment.

### **3. DRUGS AND SUBSTANCE MISUSE**

Drug misuse refers to the use of illegal drugs and the misuse, whether deliberate or unintentional of prescribed drugs and substances such as solvents

Drug and substance abuse is a serious problem not only for the user but also for the business where they work and for their co-workers. The signs may be unusual irritability or aggression, sudden mood changes, impaired job performance or dishonesty and theft. Note: these signs may also be caused by other factors such as stress and should only be regarded as an indication that an employee may be misusing drugs.

It is the Company intention to deal constructively and sympathetically with employee's drug related problems, subject to the provision of the law. The employee is to be encouraged to approach the MSEDCL HR Team, who will provide advice and guidance on how to seek assessment of the problem and if necessary, suitable treatment.

The possession, dealing or use of illegal drugs and substances on MSEDCL premises will be deemed to constitute an act of gross misconduct, and will be subject to company disciplinary action.

Disciplinary action may also be considered if help is refused and / or impaired performance continues.

In all cases the possession, dealing or use of illegal drugs and substances on company premises, or whilst on company business, will be immediately reported to the Police.

Where persons are taking prescribed medication that may impair safe working, driving vehicles and/or operation of plant and machinery then their line manager must be notified immediately

As detailed within the MSEDCL Drug and Alcohol Policy, MSEDCL will undertake random drug and alcohol testing of staff.

### **4. WEARING OF JEWELLERY**

Jewellery appears in all forms from loose chains and necklaces, wedding and ornamental rings, to items that are permanently attached to or inserted through parts of the body. This statement is only concerned with the wearing of jewellery that may pose a hazard to safety whilst carrying out work on behalf of MSEDCL.

Under the Health and Safety at Work, employees have a responsibility for their own safety and those that work with them. Any item of jewellery that may snag, get caught on, or make contact with any machinery, electrical system or appliance that may have safety implications for the wearer, is to be removed or suitably covered, prior to any work task being carried out.

The Management of Health and Safety require that every employer carries out an assessment of the risks to the Health and Safety of his employees. Therefore employees have a requirement to co-operate and remove or cover any item of jewellery should their Manager, Supervisor or any Health and Safety Advisor deem the risk unacceptable.

Disciplinary action may be considered if employees fail to co-operate on this issue.

## **5. COMMUNICATION AND CONSULTATION**

The efficient gathering, evaluation and publication of information on safe working practices, occupational health and welfare is a basic requirement for the safe operation of MSEDCL.

The MSEDCL Employee Forum shall meet every 4 months. At which all information, developments, requirements and suggestions should be reported, discussed and achieved, safety performance monitored, objectives set and progress assessed, and where necessary policy agreed and set.

Employees are to be encouraged to communicate any concerns relating to health, safety and welfare at safety meetings, team talks, toolbox talks or direct to staff forum members, Supervisors, Managers or the SHE&Q Team.

Responsibilities and procedures for communication are set out in detail in the Business Management System.

## **6. REPORTING OF ACCIDENTS, INCIDENTS AND NEAR HITS/HAZARDS**

Any employee, self-employed worker, contractors or member of the public who is taken ill or is injured, or who has knowledge of any dangerous occurrence on or attributable to any site, premises or operation for which MSEDCL is responsible must report the facts to their Line Manager without delay.

In addition all accidents, incidents or near misses are to be reported in accordance with MSEDCL Accident, Incident and Near Miss Reporting Procedure to the MSEDCL Directors and SHEQ Manager.

MSEDCL will record and investigate all accidents, incidents and near hits.

MSEDCL will monitor all data to improve overall health and safety performance.

## **7. FIRE AND EMERGENCY**

The Senior MSEDCL person or MSEDCL person in charge of the site or premises shall ensure that;

- All staff and visitors are made aware of fire and emergency procedures that exist at the site or premises at which they work.
- All staff are aware of designated "Assembly Points".

- Where necessary sufficient numbers of fire marshals are appointed.
- An audible test of all fire alarms is carried out and recorded at appropriate intervals..
- A fire drill involving complete evacuation of all staff be carried out at least twice a year.
- All fire exits are marked, unlocked and free from obstruction.
- Suitable fire-fighting equipment is maintained and available for use at all times.
- Employees must ensure that they are familiar with and understand the fire and emergency arrangements for the location where they are based and for other locations that they may visit.
- Where specific hazards exist at a site, suitable information will be available for the Emergency Services

## **8. FIRST AID**

The Senior MSEDCL person or MSEDCL person in charge of the site, premises or project shall ensure that;

- Suitable and sufficient numbers of qualified first aiders are appointed.
- Suitable and sufficient quantities of first aid provision are available and maintained.
- Where conditions, materials, processes or equipment cause special hazards, appropriate additional arrangements are to be made.
- Persons working away from site or premises are to be provided with suitable first aid kits.
- Any use of stock from first aid or eye wash kits must reported so that the kits can be replenished and incident reported.

## **9. VEHICLES AND PLANT (INCLUDING HEAVY GEAR VEHICLES)**

Any person working on behalf of MSEDCL that uses and maintains any vehicles or plant must comply with current road traffic legislation, and MSEDCL procedures. Particular attention is drawn to the MSEDCL Traffic Management Plan.

The provision of vehicles and plant includes all new, newly acquired second hand, hired or leased. Vehicles, and plant acquired, purchased or supplied for use by MSEDCL staff or appointed agents must at all times be suitable for the intended use and have associated maintenance records and certification.

Persons in charge of operations, projects or work activities must ensure that any vehicles or item of plant cannot be used unless:-

- A suitable and sufficient risk assessment has been carried out
- The person using the vehicle or item of plant is suitably trained and competent to do so.
- Regular testing and maintenance has been carried out. Any item found to be defective or unsuitable for the task is to be withdrawn until such time as it is repaired or replaced.

Drivers of company vehicles are:-

- To be suitably qualified and competent to do so and responsible at all times for the safe operation and control of the vehicle with regard to the Road Traffic Act.
- Are not to drive any vehicle whilst under the influence of alcohol, illegal substances or prescribed drugs which are known to impair safe driving.
- To inspect their vehicle before first use and every seven days thereafter.
- To follow the MSEDCL vehicle accident procedure, if involved in a vehicle incident
- Employees contravening MSEDCL Rules or the Road Traffic Act may be subject to disciplinary action.

## **10. TOOLS AND EQUIPMENT**

All tools and equipment supplied by MSEDCL must be fit for purpose, only used by competent persons and maintained in accordance with legislative requirements or manufactures instructions.

Purchase of tools and equipment must be made in accordance with MSEDCL Procedures specifically the approved tools and equipment registers.

Tools and equipment must be inspected by the operator before use and any defective items removed from site and quarantined. (Pending repair or destruction)

Battery or hydraulic crimping tools must be maintained and calibrated once every 12 months. Specific care must be taken with these crimping tools to ensure effective operation.

All lifting equipment must be LoLER inspected and display the appropriate colour code for the period. No equipment beyond its inspection date may be used on site. Found equipment will be immediately removed from site and quarantined.

All electrical test equipment will be calibrated once every year, staff will ensure that the calibration of their issued equipment is current.

All insulated LV tools must be kept in a separate tool box/roll and only used for Live LV Working.

Any hand tools supplied by MSEDCL employees must hold certification and be maintained as fit for purpose. Personal hand tools will form part of MSEDCL SHE&Q inspections and audits.

## **11. WORK AT HEIGHT**

All work at height will be adequately planned and assessed, as far as reasonably practicable, using the following hierarchy:-

- Avoid work at height where possible
- Use work equipment to prevent falls where height cannot be avoided (MEWPS, Scaffold etc)

- Where a falls cannot be eliminated, work equipment will be used to minimise the distance and consequences.(Fall arrest equipment : harness, fall arrest and work position lanyards, pole chokes, retractable lanyards etc)
- Always consider measures that protect the collective rather than the individual
- Work at height must only be undertaken in suitable weather conditions

Please refer to the specific MSEDCL Working at Heights Policy.

Work at height will be planned and assessed by the MSEDCL Project Manager, Supervisor or nominated person. MSEDCL Charge hands and Team Leaders will review pre-assessed methods of working at height against found site conditions, to ensure works can be undertaken without risk to health and safety.

Any fall arrest equipment utilised will be:-

- Formally inspected every six months by a competent inspector
- Inspected before use by the user
- Correctly adjusted for on site use

Where there is any work at height suitable arrangements will be in place for emergency conditions. Where staff undertake climbing activities the rescue kit will be positioned at the work area.

Any Fall Arrest equipment found to be defective will be immediately removed from service and notified to the Line Manager.

Misuse or abuse of work at height equipment will be subject to MSEDCL disciplinary action.

## **12. CONTROL OF SUBSTANCES HAZARDOUS TO HEALTH**

Persons in charge of operations, projects or work activities are to ensure that there shall be no work carried out that may expose employee's to risk unless an assessment of risk and steps to meet the Control of Substances Hazardous to Health Regulations has been undertaken. In particular arrangements will include;

- A documented assessment of the risks to determine the action needed to meet the requirements of the regulations.
- Adequate control of exposure must be achieved.
- The provision of all necessary instruction, information and training.
- Understanding of Emergency Arrangements

All employees using products, substances or compounds which fall within the OSHA Regulations will have a copy of the appropriate OSHA Assessment and understand the risks involved with using the product.

MSEDCL will follow the requirements of the OSHA Regulations selecting to eliminate and substitute products for less harmful substances where possible.

Where OSHA related products require the use of PPE, staff will be trained in its correct use

### **13. MANUAL HANDLING**

Incorrect manual handling accounts for the largest number of lost time injuries. To minimise this problem MSEDCL expects that the identification of hazards and the elimination or control of risks must take place at the earliest opportunity in each operation.

When tasks which pose risk of injury through manual handling are undertaken, the person immediately in charge of the operation will be responsible for carrying out an assessment and taking action.

The Directors, Business Managers and Senior Management are to ensure that employees are adequately trained in manual handling and that resources are provided to reduce the need for manual handling to a minimum.

### **14. PERSONAL PROTECTIVE EQUIPMENT**

The MSEDCL will provide all employees with all necessary personal protective equipment and clothing as required by regulations and as identified by risk assessments.

Employees have a statutory duty to use supplied equipment and clothing in the correct manner, to take care of it and to report its loss or damage immediately.

Disciplinary action may be taken against any employee who fails to use the equipment or clothing once it has been provided, especially where injuries are sustained.

Persons in charge of operations, projects or work activities are to ensure that there shall be no work carried out unless an assessment of risks and steps to meet the Personal Protective Equipment Regulations have been undertaken.

Safety helmets are to be worn by all employees, agency staff and contractors who work or visit any construction sites or areas so required, in the course of their duties. These must be worn in accordance with site rules, displayed notices or when instructed to do so by the site occupier, manager or supervisor.

Safety harnesses that are suitable for the task to be undertaken, must be worn correctly and attached to suitable anchor points by all employees who are to be competent and qualified when;

- Working from mobile elevating platforms.
- Crane baskets and other forms of passenger lifting equipment.
- Working within 2 metres of an unprotected edge.
- Engaged on climbing or abseiling duties.
- As identified by risk assessment i.e. Confined spaces.

## **15. WORK ON ELECTRICAL CONDUCTORS AND SYSTEMS**

No employee or subcontractor is to work on electrical equipment, either live or made dead, unless that person is suitably qualified to do so and has been authorised by MSEDCL.

Work on any electrical installation is only to be carried out after suitable and sufficient risk assessments have been carried out and a Safe System of Work developed.

Operation of any High or Low Voltage Switchgear shall only be carried out by suitably qualified and authorised employees, who shall have a working knowledge of the appropriate Distribution Safety Rules, and shall not be undertaken without;

- Submission of a Switching Application in accordance with the Network Controlling Authority and;
- Prior permission of the Switchgear Controlling Authority and;
- Being fully familiar with the operation of the Switchgear.
- Establishing the condition and any operating restrictions that apply to any item or section of switchgear.

All work on Live LV Conductors must be justified, approved LV Working procedures must be applied during works.

If during MSEDCL work activities an electrical incident occurs.

This could include:

- Switching Incident (HV or LV)
- LV Flash Over
- HV Fault

Works must cease immediately and the Control Room for the System must be contacted and informed.

In these situations, alternative Engineers and Craftsmen will be despatched to site to rectify the issue.

## **16. TRAINING AND SUPERVISION**

All new employees are to receive Induction Training in accordance with the MSEDCL Induction Procedure, this to include basic safety training as advised by the SHE&Q Team. Management and Supervisory Staff are to receive suitable and sufficient safety training as soon as possible after their appointment.

Existing employees, supervisors and managers are to receive refresher training and update training as determined by the SHE&Q Team or Business Managers. In addition, training in mounting abrasive wheels, first aid, site safety supervision or any specialised safety training specific to a persons occupation shall be arranged as required.

General Managers, Project Managers, Engineers and Supervisors are to ensure that employees, especially young workers, trainees, apprentices and employees carrying out unfamiliar tasks, receive adequate levels of supervision so far as is necessary for their safety.

All members of staff who work on the electrical system, will be issued with a Safety Passport containing all Authorisations and Training Certificates. Every person who receives one of these passports is responsible for its maintenance.

## **17. GROUND CONTAMINATION**

All employees involved in excavation or site work that may involve disturbance of ground need to be mindful of changes to the soil condition. In particular oily groundwater, waste material in the soil and odd smells/ colours.

In any of the instance outlined above employees must contact their immediate Line Manager who will seek specialist advice.

Any working activity involving known contamination must include suitable disposal methods ensuring correct final destination using covered skips. Where these activities are part of the planned work, information and suitable risk assessments must be completed and communicated to all staff through training or toolbox talks.

Many materials used on site have the potential to cause damage to the environment and therefore must be managed correctly. In particular paint, solvents, wet concrete and mortar as well as oils and oil based products.

If whilst excavating on site any items such as coins, pottery, bones or tiles are uncovered, your supervisor must be informed as they will seek specialist advice. Any finds must not be removed from site as this can be illegal.

## **Appendix 14: Community Health and Safety Plan**

## **1. INTRODUCTION**

Contractors' operations often bring benefits to communities including employment, services and opportunities for economic development. However, they can also increase the potential for community exposure to risks and impacts from:

- The presence of migrant workers and working camps, which could disturb local communities.
- Accidents due to increased traffic and movement of heavy machinery.
- Communicable diseases brought by workers from outside of the area.
- Water-borne, water-based, water-related and vector-borne diseases.
- Alterations to local environment could increase the risk of landslides, floods and other natural hazards.
- Reduced access or damage to resources on which, communities have previously relied (including water and other natural resources).
- Structural failures related to, for example, dams, tailings dams or ash ponds situated in high-risk locations.
- Release of hazardous materials during construction and operations.
- Security risks (e.g. use of security personnel).

## **2. STAKEHOLDER GROUPS**

The Community Awareness Program is prepared to ensure that the development initiatives under the project are inclusive with effective participation of all stakeholders especially the poor and vulnerable groups. Meaningful, relevant, and ongoing consultations with the important stakeholders coupled with proper and timely disclosure of information are critical success factors in maintaining public support and mitigating grievances. All relevant information, in a medium easily understood by the target groups, regarding the intent, design, schedule, impacts, and overall benefits of the project need to be disseminated to the stakeholders in time. The stakeholders mapping has identified the following categories of key stakeholders:

1. Beneficiary groups, particularly the poor and the vulnerable persons
2. Community leaders and public representatives
3. Community-based organizations (CBOs), NGOs, social & cultural groups and Ward citizen forums
4. Committees and sub-committees of the municipal bodies
5. Media, including print and electronic media
6. Women groups with focus on gender-related activities and Self Help Groups
7. Contractors' workers
8. Vendor
9. associations and labor union federations
10. Special groups formed for socially excluded segments of the population.

## **3. AWARENESS PROGRAM**

The Community Awareness Program activities at field level shall include data collection, forming target groups, awareness raising campaigns and information dissemination. Primary contacts for the residents, sincere efforts will be made to educate them on the project regarding its structure, components, benefits, risks and mitigation measures. They shall be educated on the importance of avoiding public nuisance, minimizing public inconvenience, and avoiding disruption to the public activities/ mobility. Awareness creation shall also focus on health and hygiene, HIV/AIDS, Covid-19, other communicable diseases and labor rights and gender issues. They shall also be educated on the best construction practices including safety during construction activities, and quality of works.

#### **4. COMMUNICATION TOOLS**

The communication tools to be used are as below:

- Meetings
- Pamphlets
- Wall writings
- Public Information Boards
- Cautionary signs
- Messages through Print and Electronic Media
- Public Address System

#### **5. SCHEDULE AND RECORDING OF AWARENESS**

The awareness program schedule will be prepared and followed for conducting such trainings and awareness program. The record of such training will be maintained with list of participants and photos along with feedback from the participants for future reference.

## - *Geophysical Investigation Report* -

Date: 18 /12 / 2019

**1. Name and address :**

33/11 K.V Substation  
Golatgaon Talukha & District;  
Aurangabad.

**2. Area :** 0.5 Acre.

**3. Date of survey :** 17 /12 / 2019

**II. Physiography of the Area :**

The Located area is sloppy & flat. Area Covered by mixed type of Gray Murrum Mix soil.  
The Gray soil thickness is increasing toward West direction, underlined by weathered - moderately hard Vesicular, Amygdal and compact basalt rock.

**III. Hydrogeology: A]**

**Formation :** Deccan trap

**Rock formation :** Vesicular basalt, trachylytic basalt, compact basalt, amygdale basalt,

**a) Vesicular basalt:**

It is gray and reddish colored fine-grained rock .Vesicles are seen in this rock. It is igneous volcanic basic rock.

**b) Tachylytic basalt:**

The tachylytic basalt altered is common in Deccan trap area .It is seen as red loose material.

**c) Compact basalt:**

It is grey colored ferric grained material. Minerals are very fine compact. Basalt is thick and extensive flow. It is partially jointed and water possibility is found.

c) Amygdale basalt;

It is grey and reddish colored fine-grained rock in which Vesicles and amygdales are seen through out the rock. The amygdales are found due to filling of secondary minerals. It is igneous volcanic basic rock. Percolation of water does not occur through this rock.

d) Soil; -

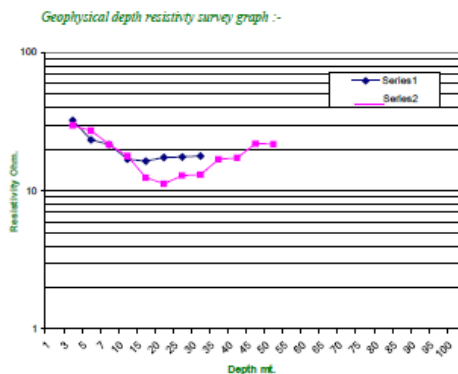

Gray color soil and mixed with weathered particles.  
The soil is moderate water holding and partially percolation capacity.

3. **Satellite imaginaries** : West side area is Micro water shed.  
4. **Sea level** : 523M  
5. **Air photography** ; west side area is Micro water shed.  
6. **Latitude** ; 19° 53'54.89" N  
7. **Longitude** : 75°42'02.94" E  
8. **Rain fall** : 580 mm.  
9. **Recharge conditions** ; moderate / medium / poor  
10. **Structural Features** ; Dendrite  
11. **Survey sound depth** : 380 feet.

**B] Expected Sequence of rock formation :**

	<b>Depth</b>	<b>Rock Formation</b>
* Bore well: -	00'-0.6' ---	Soil + weathered rock
	0.6'- 29' ---	Medium Hard rock
	33'-38' ---	fracture /Joint rock
	38'- 62' --	medium hard rock
	62'-75' --	Minutely fracture rock
	75'- 92' ---	Hard rock
	92'-119' --	Minutely fracture rock
	119' - 139' --	Hard rock
	139'-168' --	Minutely fracture rock
	168'--283 --	Hard rock
	283'-294' --	Minutely fracture rock
	294'-380' --	Hard rock

**IV. Interpretation :**

- 1. **Geophysical data** ; Satisfactory.
- 2. **Hydro geological** ; Satisfactory.
- 3. **Method Adopted** ; Schlumberger Geo- physical Resistivity method.
- 4. **Vertical Electrical Sounding;** Two
- 5. **Result of Interpretation** :

	Resistivity	:	t 1 --- 178.5 Ω meter t 2 --- 88.5 Ω meter t 3 --- 189.5 Ω meter	
	Layer	:	H1 --- 2.5 Mt. H2 --- 13.5 Mt. H3 --- 201.5 Mt	

- 6. **Water Shed No** ; Gv-
- 7. **Morphozone** ; B.L
- 8. **Depth of peizometer** ; 19 mt.
- 9. **Diameter of Peizometer** ; 382 m.m.
- 10. **Water struck Zone** ; 21 to 25 mt.
- 11. **Static water level** ; 12 to 14.5 mt.
- 12. **Fit for the purpose** ; Agriculture / drinking
- 13. **Area suitable for** ; Bore well / Dug well
- 14. **Water potential** ; Water yield of bore well is ½ Inch. Seasonable

(Depend upon Rain fall)

**IV. Recommendations :**

Type of well	Depth	Size	Location
Bore well	210 feet	6½ Inch	Survey No : 1 Center point.
PVC Casing	0 feet	0 Inch	

**VI. Conclusion and Special Information :**

Fracture Located at depth: 33'-38', 62'-75', 92'-119', 139'-168', 283'-294'

Hence the water yield of bore well is ½ Inch. Seasonable

*Geologist*

प्र.क्र.१०७(५)/ पापु-०७, दिनांक १४.११.२०००

शासन निर्णय :

भारतीय राज्य घटनेच्या ७३ व्या घटना दुरुस्तीनुसार घटनेच्या अनुच्छेद २४३ (जी) च्या अनुसूची ११ मधील अनुक्रमांक ११ नुसार "पाणी पुरवठा" हा विषय स्थानिक स्वराज्य संस्थांकडे सोपविण्यात आला आहे. महाराष्ट्र जिल्हा परिषदा व पंचायत समित्या अधिनियमातील तरतुदीनुसार जिल्हा परिषदा व पंचायत समित्या यांच्यावर प्रशासकीय व विकास विषयक कामांची जबाबदारी सोपविण्यात आली आहे.

२. महाराष्ट्र जिल्हा परिषदा व पंचायत समित्या अधिनियम, १९६१ च्या पहिल्या अनुसूचीतील "सार्वजनिक आरोग्य अभियांत्रिकी" शिर्षकाखालील अनुक्रमांक ५८ ते ६१ समोरील नोंदीनुसार "स्वतंत्र पर्यंतच्या" ग्रामीण पाणी पुरवठ्याच्या योजनांच्या बाधकामाची जबाबदारी जिल्हा परिषदांवर सोपविण्यात आली होती. परतावनेत नमूद केलेल्या क्र.३ येथील अधिसूचनेच्या "स्वतंत्र गावच्या रु. ७५ लाख पर्यंतच्या" ग्रामीण पाणी पुरवठा योजनांचे बाधकाम जिल्हा परिषदांकडे सोपविण्यात आले आहे. तसेच ग्रामीण पाणी पुरवठा योजनेअंतर्गत सर्व पाणी पुरवठा योजनांची देखभाल, दुरुस्ती व व्यवस्थापन जिल्हा परिषदांनी / ग्राम पंचायतींनी करावयाची आहे.

राज्य शासनाकडील ग्रामीण पाणी  
पुरवठा कार्यक्रम जिल्हा परिषदांकडे  
हस्तांतरित केल्यानंतर कार्यक्रम  
रावविण्याबाबत मार्गदर्शकसूचना.

शासन निर्णय :

भारतीय राज्य घटनेच्या ७३ व्या घटना दुरुस्तीनुसार घटनेच्या अनुच्छेद २४३ (जी) च्या अनुसूची ११ मधील अनुक्रमांक ११ नुसार "पाणी पुरवठा" हा विषय स्थानिक स्वराज्य संस्थांकडे सोपविण्यात आला आहे. महाराष्ट्र जिल्हा परिषदा व पंचायत समित्या अधिनियमातील तरतूदीनुसार जिल्हा परिषदा व पंचायत समित्या यांच्यावर प्रशासकीय व विकास विषयक कामांची जबाबदारी सोपविण्यात आली आहे.

२. महाराष्ट्र जिल्हा परिषदा व पंचायत समित्या अधिनियम, १९६१ च्या महिल्या अनुसूचीतील "सार्वजनिक आरोग्य अभियांत्रिकी" शिर्षकाखालील अनुक्रमांक ५८ ते ६१ समोरील नोंदीनुसार "ज. ११ लस पर्यतच्या" ग्रामीण पाणी पुरवठ्याच्या योजनांच्या बांधकामाची जबाबदारी जिल्हा परिषदांवर सोपविण्यात आली होती. धरतादनेत नमूद केलेल्या क्र.३ येथील अधिसूचनेनये "स्वतंत्र गावच्या रु. ७५ लाख पर्यतच्या" ग्रामीण पाणी पुरवठा योजनांचे बांधकाम जिल्हा परिषदांकडे सोपविण्यात आले आहे. नोंद : ग्रामीण पाणी पुरवठा जावनअनंतर सर्व पाणी पुरवठा योजनांची देखभाल, दुरुस्ती व व्यवस्थापन जिल्हा परिषदांनी / ग्राम पंचायतींनी करावयाची आहे.

3. प्रस्तावनेत नमूद क्र. ३ येथील अधिसूचनेनुसार "स्वतंत्र गावाच्या रु. ७५ लाख पर्यंतच्या" ग्रामीण पाणी पुरवठा योजनांचे बांधकाम जिल्हा परिषदांकडे सौपविण्यात आले असल्याने रुपये १५ लाखांपर्यंतचे बांधकाम प्रकल्प सध्या जिल्हा परिषदांकडे सौपविण्यात आले असल्याने रुपये १५ लाखांपर्यंतच्या बांधकाम प्रकल्पांच्या बांधकामाच्या योजनांचे काम महाराष्ट्र जीवन प्राधिकरणामार्फत सध्या सुरू आहे. सर्व योजनांचे बांधकाम जिल्हा परिषदांकडे सौपविण्यात येण्यात येईल. या योजनांचे पूर्ण प्रस्तावनेत त्या तात्काळ संधारण स्थानिक स्वराज्यसंस्थांकडे देखभाल, दुरुस्ती व व्यवस्थापनासाठी हस्तांतरित करण्यात याव्यात.

4. जिल्हा परिषदांमार्फत स्वतंत्र गावाच्या रु. ७५ लाखांपर्यंतच्या ग्रामीण पाणी पुरवठा योजनांच्या कामांचे कार्यान्वयन करताना प्रस्तावनेत नमूद क्र.२ येथील दिनांक २७.७.२००० च्या शासन निर्णयान्वये घडवून दिलेल्या मार्गदर्शक सूचनांचे काटेकोरपणे पालन करण्यात यावे.

5. वायुसंपिडक व सुरुंग योजना ही आतापर्यंत महाराष्ट्र जिल्हा परिषदा व पंचायत समित्या अधिनियम, १९६९ च्या कलम १२३ नुसार जिल्हा परिषदांमार्फत अभिकरण तत्वावर राबविण्यात येत होती. नंतर योजना प्रस्तावनेतील क्र. ४ येथील अधिसूचनेनुये महाराष्ट्र जिल्हा परिषदा व पंचायत समित्या अधिनियम, १९६९ च्या कलम १०० नुसार जिल्हा परिषदांकडे हस्तांतरित करण्यात आली असल्याने हा कार्यक्रम राबविण्यासाठी अगलेला कर्मचारीवृद्धी जिल्हा परिषदांकडे हस्तांतरित करण्यात आला आहे.

6. वायु संपिडक सुरुंग योजने सोबत भूजल सर्वेक्षण व विकास यंत्रणे कडील उप अभियंता (यांत्रिकी) यांचे कार्यालय जिल्हा परिषदांकडे वगं होईल. (सध्या हे कार्यालय जिल्हा परिषदांमार्फत महाराष्ट्र जिल्हा परिषदा व पंचायत समित्या अधिनियम, १९६९ च्या कलम १२३ नुसार अभिकरण तत्वावर कार्यरत आहे.) त्यामुळे आता उप अभियंता (यांत्रिकी) यांचा एक यांत्रिकी उप विभाग जिल्हा परिषदांकडे कार्यान्वित होईल. या यांत्रिकी उप विभागावर उप अभियंता (यांत्रिकी) यांचे तांत्रिक नियंत्रण राहिल तर पर्यवेक्षीय नियंत्रण हे जिल्हा परिषदे अंतर्गत असलेल्या ग्रामीण पाणी पुरवठा विभागाच्या कार्यकारी अभियंता (स्थापत्य) यांचे राहिल. या यांत्रिकी उप विभागांमार्फत वायुसंपिडक सुरुंग योजना, विधण विहीर कार्यक्रम व विधण विहीर देखभाल व दुरुस्ती कार्यक्रम राबविते जातील.

7. विधण विहीर कार्यक्रम राबविण्यासाठी प्रत्येक जिल्हा परिषदांस प्रत्येकी एक डी.टी.एच व नदरवार, हिंगोली, वाशिम, ... .. वगळून इतर सर्व जिल्हा परिषदांना प्रत्येकी एक इतर विधण वगं संबंधित कर्मचारीवृद्धीसह भूजल सर्वेक्षण व विकास यंत्रणे कडून हस्तांतरित करण्यात येईल. जिल्हा परिषदांमार्फत कार्यान्वित होणारा विधण वि. ... .. कार्यक्रम राबविण्यासाठी यापेक्षा

आंदोलन विभाग यांच्याची आवश्यकता असल्यास, भूजल सर्वेक्षण व विकास यंत्रणा सध्या ज्याप्रमाणे खाजगी विभाग यंत्रे भाड्याने लावता त्याचप्रमाणे खाजगी विभाग यंत्रे भाड्याने लावण्यास जिल्हा परिषदांना सुभा शकिल. परंतु असे करता-आ आवश्यकतेपेक्षा अधिक विभाग यंत्रे भाड्याने लावली जाणार नाहीत आणि शासनाने व संचालक भूजल सर्वेक्षण व विकास यंत्रणा यांनी याबाबत वेळोवेळी दिलेल्या मार्गदर्शक सूचनांचे पालन करण्याची दक्षता संबंधित जिल्हा परिषदांच्या मुख्य कार्यकारी अधिकारी यांनी घ्यावी.

८. महाराष्ट्र जिल्हा परिषदा व पंचायत समित्या अधिनियम, १९६१ च्या कलम ५०० नुसार जिल्हा विभाग विहिरी कार्यक्रम पंचायतेतील क्र.३ येथील अधिसूचना अन्वये जिल्हा परिषदांकडे राबविण्यात आलेल्या हस्तांतरित करण्यात आले आहे. हा कार्यक्रम जिल्हा परिषदांतर्गत कार्यान्वित करण्यात आलेल्या यांत्रिकी उप विभागामार्फत राबविण्यात यावा. जिल्ह्यातील ग्रामीण पाणी पुरवठा कार्यक्रमांतर्गत "निकट यावनासाठी" उद्भव्यांचे सर्वेक्षण व कृषिलिका आणि विभाग विहिरीसाठी उद्भव्यांचे सर्वेक्षणाचे काम करण्यासाठी प्रत्येक जिल्हा परिषदेस १ सहाय्यक भूवैज्ञानिक व २ कनिष्ठ भूवैज्ञानिकांच्या संताने उपलब्ध करून देण्यात आल्या आहेत. या भूवैज्ञानिकांनी विण्याच्या पाण्याच्या उद्भव्यांचे सर्वेक्षण करताना यासंदर्भात शासनाच्या स्थायी आदेशांचे, भूजल अधिनियमाचे व संचालक, भूजल सर्वेक्षण व विकास यंत्रणा यांनी घालून दिलेल्या मार्गदर्शक सूचनांचे पालन करावे व त्यानुसारच सर्वेक्षण करून विण्याच्या पाण्यासाठी उद्भव्या सूचवावेत. या संदर्भात या भूवैज्ञानिकांना काही तांत्रिक बाबी संदर्भात सल्ला आवश्यक घाटल्यास तो संबंधित जिल्हा परिषद भूवैज्ञानिक, भूजल सर्वेक्षण व विकास यंत्रणा/उप संचालक, भूजल सर्वेक्षण व विकास यंत्रणा व संचालक, भूजल सर्वेक्षण व विकास यंत्रणा यांच्याकडून घ्यावा. सहाय्यक भूवैज्ञानिक व कनिष्ठ भूवैज्ञानिक हे कार्यकारी अभियंता (स्थापत्य) ग्रामीण पाणी पुरवठा विभाग याच्या प्रशासकीय नियंत्रणाखाली राहतील तर तांत्रिक नियंत्रण संबंधित जिल्ह्याच्या परिषद भूवैज्ञानिकांचे राहिल. या सहाय्यक भूवैज्ञानिक व कनिष्ठ भूवैज्ञानिक यांना कार्यकारी अभियंता (स्थापत्य) ग्रामीण पाणी पुरवठा विभाग जिल्हा परिषद यांच्या कार्यालयात वसण्यासाठी व्यवस्था उपलब्ध करून देण्यात यावी तसेच त्यांच्या क्षेत्रीय कामाचा विचार करून या भूवैज्ञानिकांना आवश्यक असलेले सनुष्यक व वाहन व्यवस्था मुख्य कार्यकारी अधिकारी, जिल्हा परिषद यांनी उपलब्ध करून द्यावी.

९. विभाग विहिरींचा कार्यक्रम राबविण्यासाठी प्रस्तावनेतील क्र.१ येथील दिनांक १६.१२.९० च्या आदेशान्वये दिलेले आदेश अधिकृत करून, विभाग विहिरींचा कार्यक्रम पुढील मार्गदर्शक सूचनांनुसार राबविण्यात यावा असे आदेश शासन देत आहे.

१) गावठाणात २०० लोकवस्तीमध्ये एक याप्रमाणे विभाग विहिरी घेण्यात याव्या.  
एखाद्या गावठाणात विभाग विहिरी घेणे तांत्रिकदृष्ट्या शक्य नसल्यास गावठाणावरून

१.६ किलोमीटरच्या परिसरात विधण विहिरी घेणे तांत्रिकदृष्ट्या शक्य आहे किंवा नाही याची तपासणी करावी. तांत्रिकदृष्ट्या गावठाणाच्या १.६ किलोमीटरच्या परिसरात विधण विहिरी घेणे शक्य असल्यास, विधण विहिरी घेण्यात यावी. सदर विधण विहिरी उच्च क्षमतेची असल्यास, त्यावर विद्युत्प्रणय बसवून, पाईपलाईनद्वारे गावात पाणी आणून नळाद्वारे पाणी पुरवठा करण्यात यावा.

२) गावठाणातील वाडी/ वस्ती/ पाडा/ तांडा /टोळ्यावर खाली निर्देशिलेल्या कोटीची पूर्तता होऊन असल्यास विधण विहिरी घेण्यात याव्यात.

अ) संबंधित वाडी/ वस्ती/ पाडा/ तांडा टोळ्याची लोकसंख्या किमान ५० इतली पाहिजे.

आ) संबंधित वाडी/ वस्ती/ पाडा/तांडा टोळ्यापारून १.६ कि.मी. परिसरात पिण्याच्या पाण्याचा उद्भव अस्तित्वात असता कामा नये.

इ) संबंधित वाडी/वस्ती/ पाडा/तांडा/टोळा कायमस्वरूपी असावा व त्याचा निर्देश १९९१ च्या जनगणनेत केलेला असावा जनगणना पुरितकेत तसा अस्तित्वात नसल्यास. सदर वाडी/वस्ती /पाडा/तांडा/टोळा कायमस्वरूपी आहे अथवा तो जनगणनेनंतर कायमस्वरूपी म्हणून अस्तित्वात आला आहे असे प्रमाणपत्र जिन्हाविकाच्यांनी देणे आवश्यक आहे.

ई) मोट्या खातेदारांच्या खाजगी वस्त्यांसाठी विधण विहिरी घेण्यात येऊ नये.

३) सर्वसाधारणपणे पिण्याच्या पाण्याकरिता विधण विहिरी या ६० मिटर पर्यंत खोल असल्यात. ६० मिटरपेक्षा जास्त खोलीची विधण विहिरी घ्यावयाची झाल्यास वाढत्या सहायक भूवैज्ञानिक यांनी स्वतः तांत्रिक निष्पत्ती तपासून व प्रत्यक्ष क्षेत्रिय अभ्यासावरून निश्चित करून अद्वितीय खोलीची विधण विहिरी आवश्यक असल्याचे सुध्दून तसा प्रहयात सर्वधान जिल्हा वरिष्ठ भूवैज्ञानिकांमार्फत उपसंचालक, भूजल संवर्धन व विकास संचालकडे पाठवावा व उपसंचालकांची मान्यता घेऊन असा विधण विहिरी घेण्यात याव्यात. तसाच ६० मिटरपेक्षा जादा खोलीची विधण विहिरी घेण्यास संबंधित ग्रामपंचायतीच्या ग्रामसभेची मंजूरी घ्यावी.

४) ग्रामीण पाणी पुरवठा कार्यक्रमांतर्गत पिण्याच्या पाणी पुरवठ्यासाठी घेण्यात आलेल्या विधण विहिरीपैकी ज्या विधण विहिरी दगडमाती डारळून, झाडांची मुळे अथवा पाने कुजून, पाईपलाईन पडल्यामुळे अथवा अन्य कोणत्याही कारणांमुळे नादुरुस्त होतील व

विहिरीची त्याच पाणी विण्यासाठी वापरण्यास उपलब्ध होणार नाही. अशा विविध विहिरीचे पुनरुज्जीवन करण्यास याचे यत्न असे पुनरुज्जीवन करण्यापूर्वी विहिरीची नासपुस प्रयत्न नादुरुस्ती जाणून घेऊन करण्यात आली नाही व ती सही करण्यात आली असेल तर संबंधित व्यक्ती विरुद्ध मूळ कायद्याच्या कलम १०, प्रत्येक सार्वजनिक पाण्याचे न्यायतळा याच पोलीसविण्याचे कारणासाठी मुक्त कौटुंबिकता आला आहे असे मानण्याचीकटून अचला याच पाणी पुरवठा समितीचे प्रमाणपत्र घेण्यात यावे अशा पुनरुज्जीवन कार्यक्रमाकडे विधण विहिरीच्या पाण्याचा वापर होणार नसल्यास संबंधित सातत्याक भूदेडानिकाचे मत प्राप्ततास कदली तशीच विधण विहिर घेण्यास शासनाची हरकत नाही. मात्र, उक्त कारणाकडे वर प्राप्ततास विधण विहिरीची निरुद्ध बरिध भूदेडानिकांकटून तपराणी करून घ्यावी व सार्वजनिक विहिरीचे पुनरुज्जीवन करण शक्य नाही असे त्यांची प्रमाणित केत्यावर नादुरुस्त विधण विहिरीकडली नवीन विधण विहिर घेण्यात यावी.

- ५). विधण विहिर घेतल्यावर, ती घेतल्याचा दिनांक, खोली, सांगी क्षमता, हातपण वसविण्याचा दिनांक, विधण विहिरीचा भावातील क्रमांक विधण विहिरीला घेतल्या विशिष्ट क्रमांक (unique No.) विधण विहिर खाजगी कंत्राटदारास घेतली असल्यास त्याचे नांव व पत्ता इत्यादि सापशील विधण विहिरीजवळ निर्देशण्यात यावा.
- ६). विधण विहिरीवर वसविलेल्या हातपणाकरिता बांधण्याच्या प्लॅटफॉर्मची कामे भाष्यात यावीत. ही कामे सुबविणे, मंजूर करणे, त्यासाठी निधी आणि त्याची अंमलबजावणी साकरीता ग्रामपंचायत क्षेत्रातील इतर प्रकारच्या कामासाठी जी कायदेदती विहित केली आहे तीच कायदेदती लागू राहिल. विधण विहिरीवर वसविलेल्या हातपणाकरिता कंधण्यात यात्याच्या प्लॅटफॉर्मचे संकल्पवित्र संघतच्या प्रपत्रात दिले आहे.

७). हा आदेश वित्त विभागाच्या सहमतीने त्याचे अनीपवारिक संदर्भ क्रमांक ९३१/व्यय ३ दिनांक २५.१.२००० अन्वये निर्गमित करण्यात येत आहेत.

महाराष्ट्राचे राज्यपाल यांच्या आदेशानुसार व नावाने,

  
 (सुधीर डिकर)  
 उप सचिव, महाराष्ट्र शासन.
