

FURTHER CLARIFICATION TO PRE-BID QUERIES FOR TENDER NO- MSEDCL/CE/RE/AMR/T-01/2023-24 DATED 26.09.2023

Sr. No.	Clause of Tender Document	Clause no.	Description	Comments/Clarification& Amendment request	Response from MSEDCL
1.	Volume-II Section –I Technical Specification and Scope of Work	1.2 Basic Features of Interface Energy Meters	Each meter shall have a unique identification code, which shall be marked permanently on its front, as well as in its memory. All meters supplied to as per this specification shall have their identification code starting with “MSEDCL”, which shall not be used for any other supplies. “MSEDCL” shall be followed by an eight digit running serial number. CT ratio of 1A or 5A shall be user configurable or shall be of single rating.	Since, the offered meter is field configurable for 1A and 5A. We are already supplying IEM with “MAB” series to MSETCL procured against Turnkey contracts.	The clause stand revised as follows : Each meter shall have a unique identification code, which shall be marked permanently on its front, as well as in its memory. CT ratio of 1A or 5A shall be user configurable or shall be of single rating.
2.			Integration Charges	Integration charges are to be paid to MSETCL for meter and DCU. Currently for the FY 23-24 charges at the rate of Rs. 41387.50 is to be paid per point, with increment of 7.5% per year. So as per current estimated Charges at the rate of Rs. 41,387.50*36=14,89,950+GST = 1758141/- would be incurred.	Integration charges (DCU with server) will be borne by MSEDCL
